AND WHEREAS by the Municipal Affairs Act such sum shall in the discretion of the Municipal Council be borrowed or raised in one sum at one time or in instalments at different times and the sum required shall be borrowed or raised by the issue and sale of debentures of the Municipality to such an amount as the Council thereof deems necessary to raise such sum;

AND WHEREAS it is deemed expedient to postpone the issue of such debentures and to borrow such sum, not exceeding seventy-five thousand, five hundred dollars (\$75,500 .) as may be necessary for the purpose aforesaid from the Royal Bank of Canada at Halifax, Nova Scotia, the sum so borrowed to be repaid said Bank from the proceeds of said debentures when sold;

BE IT THEREFORE RESOLVED that the Municipality of the County of Halifax do, under and by virtue of the Municipal Affairs Act, and subject to the approval of the Minister of Municipal Affairs, borrow or raise by way of loan on the credit of the said Municipality a sum not exceeding seventy-five thousand five hundred dollars (75,500.) for the purpose aforesaid;

THAT under and in accordance with said the Municipal Affairs Act such sum be borrowed or raised by the issue and sale of debentures of the Municipality to such an amount as the Council thereof deems necessary to raise such sum;

THAT the issue of such debentures be postponed and that the said Municipality do, under and by virtue of the provisions of Section 148 (1) of the Acts 1955, the Municipal Act and subject to the approval of the Minister of Municipal Affairs borrow a sum or sums of money not exceeding seventy-five thousand, five hundred dollars from the Royal Bank of Canada at Halifax, Nova Scotia.

THAT such sum or sums be borrowed from said Bank for a period not exceeding twelve months with interest thereon to be paid said Bank at the rate of 8 1/4 per centum per annum and that the amount so borrowed be repaid the said Bank from the proceeds of the said debentures when sold."

Motion carried.

It was moved by Councillor Tonks; seconded by Councillor Giles:

THAT such sum or sums be borrowed from said Bank for a period not exceeding twelve months with interest thereon to be paid said Bank at the rate of 8 1/4 per centum per annum and that the amount so borrowed be repaid the said Bank from the proceeds of the said debentures when sold."

Motion carried.

September Council Session - 1970
Tuesday, September 22nd, 1970

Councillor Tonks was concerned regarding the approvals for Capital Borrowing going through and figures available before tenders were called and asked that the Finance and Executive Committee study the situation and make recommendations to Council.

The Clerk read the Report of the Municipal School Board.

It was moved by Councillor Gaetz; seconded by Councillor C. Baker:

"THAT the Report of the Municipal School Board be received as amended."

Councillor Tonks questioned the right of the Municipal School Board to approve expenditures for capital building without approval from School Capital Program Committee re new schools.

Mr. Hattie explained that in the new regulations it was necessary to apply for approval to build a school before it even came to Council.

Mr. Cox pointed out that this approval was not binding on the County.

Councillor Tonks asked that figures be provided on enrollments in schools for the Eastern Passage-Cole Harbour-Lawrencetown-Preston areas and compared to that of District #2 where a new Junior High School was proposed. He pointed out that they could not get one school in Eastern Passage where the Western area is getting three and they already owned property for school purposes in Eastern Passage.

It was moved by Councillor Tonks and seconded by Councillor Hudson:

"THAT the Report of the Municipal School Board insofar as the Junior High School - Western area, be referred back to the Municipal School Board and the School Board be asked to provide Council with the enrollment of Eastern Passage - Cole Harbour - Westphal Area.
Four for; ten against. Defeated.

Deputy Warden Nicholson pointed out that this grant of five hundred thousand dollars (\$500,000.) was available from DREE and was available for projects that would not or could not ordinarily be taken on and he did not feel it was good sense to turn down such a grant because a school would have to be built in a least two years and it would cost a great deal more money then. He pointed out that approvals have been given for three more new subdivisions in the area in addition to a large trailer court just recently grown up and the area was growing in population at a tremendous rate, sufficient to justify another school now.

The Warden put the amendment to refer.

It was moved by Councillor Mosher; seconded by Deputy Warden Nicholson:

"THAT the sections of the School Board Report dealing with the Fire Marshall's Report as well as the matter of a sewer disposal plant for the Elementary School at Sheet Harbour be referred to the School Capital Committee to bring back a report to Council at a later date.

Councillor Moser said that the Fire Marshall recommended certain things were necessary to avoid fire hazards in schools and if these things were necessary they should be done, regardless of the amount of money involved, for the life of one child had no price on it that could be measured in all the tax dollars of Halifax County. He contended that if the Fire Marshal finds fire hazards in the schools he should have the power to condemn the schools.

Councillor Gaetz said he was glad to see Councillors "saw the light" for the School Board had requested money in order to implement the Fire Marshal's recommendations and had been turned down.

Councillor Tonks said that in one instance in the Tallahasee School the Fire Marshal said the Crush Area was a fire hazard despite the fact that it had exits in the middle and at either end and the School Board was not given permission to get a portable school but to use the crush area; but despite this, a portable school was moved in and is being used.

Deputy Warden Nicholson pointed out that portable schools in the County were under the Municipal School Board's jurisdiction and in this case they had moved the portable in there from another district.

It was moved by Councillor Hudson; seconded by Councillor Tonks:

"THAT Council adjourn until 2:00 o'clock!"
Motion carried.

AFTERNOON SESSION

The afternoon session of Council convened at 2:00 P.M. with Warden Settle presiding.

Warden Settle put the motion to receive the balance of the Municipal School Board Report. Motion carried.

It was moved by Councillor Tonks; seconded by Councillor Johnson:

"THAT this Council request the Municipal School Board to allow the Roman Catholic Church at Eastern Passage the use of the Talahasie School at Eastern Passage on Sunday mornings.

Councillor Hudson said that it had been the policy of the Municipal School Board to allow community activities to be held in the schools but restricted it in cases where they proposed to hold dances where liquor was being served, however, it was necessary for those using the schools after hours to pay the janitor's fees and some found they did not have the money.

Councillor Tonks said that the only reason he brought the matter to Council was because the Roman Catholic Catechism classes had been refused last year and they were prepared to pay janitor's fees and any other expense involved. Motion carried.

Councillor P. Baker felt that the schools which cost the taxpayers millions of dollars were only being used for a few hours of the day a part of the year and they should be allowed more wide usage by the communities for their social events, he suggested that if the janitors would not co-operate, they could be replaced, or a trustee or some other responsible person could be responsible for the premises so that community activities could be held. Otherwise, it was a false economy.

It was moved by Councillor P. Baker; seconded by Deputy Warden Nicholson:

"THAT the Municipal School Board be requested to give consideration of allowing greater use of the School by the general public in the local areas outside of school hours for various community purposes; such as community groups, teen-age dances, etc."
Motion carried.

Councillor C. Baker said he did not believe that the Municipal School Board had refused any reasonable requests but he was certainly against Bingos and public dances being held in the schools.

Deputy Warden Nicholson felt that it was better to provide supervised social events for the children than to have them running around smashing street lights because they did not have anything else to do.

Councillor P. Baker pointed out that some children, as in his district, have to travel twenty-eight (28) miles to school and would not have transportation to take part in after-hour events at the school they usually attend and if they cannot use the schools in their communities then they are being discriminated against.

Councillor Snair advised that in District #7, everybody goes to the local trustees to get permission to use the School and if the Trustees feel the group is questionable they are refused, but their schools are used for Adult Education programs and other things like young peoples' dances and there was no report of any trouble there.

Councillor Hudson felt that the organizations which should be permitted to use the schools are being allowed to use them so she could not support the resolution.

Councillor Tonks said that the Boy Scouts had to be disbanded in his area because they had no place to meet and the same was true of Girl Guides and Brownies who should be able to use the schools.

Councillor Hudson said that as a Girl Guide Commissioner she knew that the Girl Guides were allowed the use of the schools in other areas. Motion carried.

Councillor P. Baker took exception to the tattered and marked up condition of books issued to children which they had to sign for. He believed they would not pass a Health Inspection by Dr. Cameron, the Medical Health Officer.

Councillor Gaetz said this matter had been discussed but the problem was when changes occurred in the curriculum it took considerable time to get books from the publishers, however, they were trying to resolve the matter.

Councillor Hudson took exception to Council being asked for \$1000,000.00 for a school which was not needed because the Council was led to believe that DREE would not participate in the cost of primary schools.

Mr. Hattie explained that at the outset DREE did not plan to include school building in their projects and "we had quite a time" convincing them to approve Senior High Schools, from there they agreed to Junior and then down to Elementary but it was not that way at the beginning.

Councillor Hudson felt that Council had been misled because the Warden and Deputy Warden wanted money for a school in District#2 which they did not need.

Warden Settle said that these matters came from the CORE Committee to the Steering Committee of which he was a member and they were dealt with as they came in.

Deputy Warden Nicholson said that this school had Department of Education approval on the basis of population figures. He felt that too often this County had missed out on these grants and he felt that the County would be foolish not to take advantage of the grant.

Councillor Hudson contended that schools should be built on the basis of priority, of need and this area is getting its third Junior High School, which, in her opinion, will have empty classrooms, while other districts are overcrowded right now.

Councillor Daye felt that if the grant was available, the County should take advantage of it because every part of the County needed more schoolrooms.

Councillor Tonks said he believed this Council had been hoodwinked, regarding the DREE grants and when figures were available on school population as he had requested earlier, in the session, it would prove that there was twice as many children enrolled in his area than in District #2, and therefore, more justified for a Junior High School.

Deputy Warden Nicholson said it should be pointed out that this grant also covered purchase of land for the school which other cost sharing did not.

It was moved by Deputy Warden Nicholson; seconded by Councillor Daye:

"THAT the Junior High School recommended in today's Report of the Municipal School Board be referred to the Capital Program Committee and the Finance and Executive Committee for a report to Council at a later date."

Councillor Hudson said it was marvellous that this school could be built without the usual procedures being followed. She said that ordinarily, for example, in the case of the Sackville School, plans went to the Capital Building Committee after Department of Education approval and they deleted such things as language lab, music room, art room and she was quite prepared to make a motion to have these rooms put back in this school.

Voting on the motion - thirteen (13) for; two (2) against.
Motion carried.

It was moved by Councillor Tonks:

"THAT the School Capital Program Committee and the Finance and Executive Committee be asked to bring in a report with respect to locating a Junior High School and a Senior High School, on the A 23 Training Centre Property at Eastern Passage. "

Solicitor Cox advised that the building of schools must originate with the Municipal School Board according to Provincial Statutes.

Motion not seconded.

Council agreed to hear a petition as presented by Mr. K.U. Robb re Porter's Lake.

Mr. Robb presented a petition from one hundred sixty-two (162) residents surrounding Porter's Lake who were concerned about the pollution of recreational waterways.

In reply to Councillor Hudson, Mr. Robb said that this problem originated with the establishment of the mobile home park in the area with the effluent going into the lake and they do not want additional mobile homes located on the lake which will pollute it further, neither do they want any more boatclubs, dance halls, etc. which are proposed, and they want some control over their environment.

It was moved by Deputy Warden Nicholson; seconded by Councillor Moser:

"THAT the petition presented by Mr. Ken Robb, be referred to the Planning Advisory Committee."

Councillor Tonks asked if this Committee was just as concerned with other lakes, for instance, Colby Lake. Mr. Robb replied "just this Lake."

Councillor Gaetz said that as Councillor for the area, he had not heard anything of this petition, that it had been developed without his knowledge and he had not been asked to support it. He said he was all for controlling pollution "but for heaven's sake let us not stop recreational activities on the Lake."

Mr. Hattie, in reply to Councillor Tonks, said that a preliminary Water Pollution Control Report had come in from the Consulting Engineers but that the final one would not be in for perhaps two to three (2-3) months.

In reply to Councillor Johnson, Mr. Robb said that this petition had been circulated all around the lake with no restrictions as to boundaries and that the people were very concerned about it.

Councillor Hudson felt that if the Committee was serious about this pollution that Mr. Robb would have brought in a recommendation asking Council to rezone the area around the lake.

Councillor Daye did not feel that the Trailer Park was responsible for the raw effluent in the Lake since they had a treatment plant.

Councillor Tonks asked if there was any way to get a report on the degree of treated pollutants contaminating the water and recommendations on the best type of treatment and size appropriate for best results.

It was moved by Councillor Tonks and seconded by Councillor P. Baker:

"THAT the Director of Public Works bring in a report on the degree and types of pollution that is entering lakes in Halifax County from sewage disposal plants!"
Motion carried.

It was moved by Councillor Hudson; seconded by Councillor C. Baker:

"THAT a letter be written to the Minister of Highways asking to what degree 245 T is being used by the Department as a weed killer." Motion carried.

The Clerk read the Report of the School Capital Program Committee.

It was moved by Councillor Tonks and seconded by Councillor Daye:

Motion carried.

It was moved by Deputy Warden Nicholson; seconded by Councillor Gaetz:

"THAT the Report of the School Capital Program
Committee be adopted."
Motion carried.

It was moved by Deputy Warden Nicholson; seconded by Councillor Gaetz:

"THAT the Report of the Finance and Executive Committee
be adopted." Motion carried.

Council agreed to hear an item from Councillor P. Baker which was not on the agenda.

Councillor P. Baker told of an incident which occurred last evening. Indicative of many similiar cases of an elderly man who was desperately ill and with no one home to look after him. He said he arranged with Mr. Cleary to have this man transported by ambulance to the V.G. Hospital and this was done at 6:00 P.M. only to be notified later that the Hospital had discharged him and had called Walker's ambulance to take him back home. Councillor Baker said he told Walker's not to take him back home but Mr. Walker advised that he got a lot of business from the V.G. Emergency so took the old man back to his home after Mr. Cleary had arranged for the man to be cared for in Truro since there were no facilities at Oceanview, Halifax Civic or any other in the area and the V.G. would not keep him overnight because of lack of staff. He said that this pointed up once again the great need for facilities for these elderly people who had no one to speak for them. In this particular case, he said it happened that one of the patients at Oceanview passed away during the night so this patient was transferred there but he felt it inhuman to go dragging the sick old man back and forth at midnight due to lack of facilities.

It was moved by Councillor P. Baker; seconded by Councillor Tonks:

"THAT the Minister of Health be written a letter asking that consideration be given immediately to providing accommodation for terminal cases, in this Halifax - Dartmouth - Halifax County area." Motion carried.

It was moved by Councillor Gaetz; seconded by Councillor Snair:

"THAT the Warden and Clerk be and they are hereby authorized to negotiate a loan of one million dollars (\$1,000,000.00) at a rate of 7 1/2 per cent until December 18th, 1970."
Motion carried.
