

Mr. Wdowiak reviewed the report recommending that Council approve the recommendation presented to the Joint Committee for the retention of Porter Dillon Ltd. to carry out the Mill Cove Plant Analysis.

It was moved by Councillor MacDonald, seconded by Councillor Sutherland:

"THAT Council approve the recommendation for the retention of Porter Dillon Ltd. to carry out the Mill cove Plant Analysis."

Councillor Randall asked for more detail for the reasons that they would not recommend CBCL Ltd. at half the cost.

Warden Lichter stated that this was extensively discussed with Bedford. Mr. Wdowiak stated that it was staff's conclusion that the depth of analysis of the options is insufficient to provide the comprehensive information required by staff and the Municipal Councils to make the informed decision which will be required regarding the status of future treatment requirements at Mill Cove, and establish policy for future development. He stated that CBCL Ltd. thought that this would be done better by one individual. Mr. Wdowiak stated that they felt because of the nature of the study a team effort with different experts was necessary to fulfil the requirements of the study. He stated that Porter Dillon has the type of people required and the background information needed. He stated that it was the collective opinion that Porter Dillon was a more cost effective choice.

Councillor Randall asked if CBCL was able to put in a lower bid because they were more highly computerised. Mr. Wdowiak stated that this was not the case. He stated that consulting firms are all highly computerised because of necessity.

Councillor Randall asked if the low bidder did not address the terms of reference. Mr. Wdowiak stated that staff did not feel that they would be able to fulfil the depth and comprehensive analysis required. He stated that the consultants felt that they could address everything within 6 weeks and possibly 4 weeks and staff stated that this would require a 6 month analysis.

Councillor Bates asked when staff arrived at this conclusion. Mr. Wdowiak explained that when examining proposals, cost is the last item looked at. He stated that he felt that all firms invited to tender had the capability to fulfil the terms of reference, but that this proposal was felt to give insufficient analysis.

Councillor Bates asked if they could adjust the bid. Mr. Wdowiak explained that in the consultant's opinion they could fulfil all

the terms of reference in 6 weeks and possibly 4 weeks. He stated that in staff's opinion, this would be impossible as it is not a simple one.

MOTION CARRIED

#### DASC NOMINATION

As there were no nominations or volunteers, Warden Lichter asked Mr. Kelly to write to DASC informing them that Council is unable to provide a representative at this time.

#### APPOINTMENT OF JOINT COMMITTEE - BEDFORD; RE: SCHOOL BOARD AGREEMENT

Warden Lichter asked that this item be deferred to the next meeting.

#### ESTABLISHMENT OF PRIORITIES COMMITTEE

Mr. Kelly reviewed the memo from Mr. Meech on this subject.

It was recommended that a committee of seven be established:

1. Warden Lichter
2. Council Member - Sackville Sub-System
3. Council Member - Eastern Suburban Sub-system
4. Council Member - Western Sub-system
5. Council Member - Musquodoboit/Eastern Shore & Waverley Sub-system
6. V. Spencer - Director, Planning and Development
7. K. Meech - Chief Administrative Officer

Councillors Harvey, Bates, Ball and Reid volunteered for the respective membership.

It was moved by Councillor Sutherland, seconded by Councillor Deveaux:

"THAT the seven representatives be appointed to the Priorities Committee."

MOTION CARRIED

#### TABLING OF REPORT - EASTERN PASSAGE

It was moved by Councillor Deveaux, seconded by Councillor Eisenhauer:

"THAT this report be received."  
MOTION CARRIED

## MEMBERSHIP - COLE HARBOUR PLACE BOARD

It was moved by Councillor McInroy, seconded by Councillor Bates:

"THAT this item be deferred to the August 7th Council Session."

MOTION CARRIED

## INFILL HOUSING - COUNCILLOR MCINROY

Councillor McInroy stated that there are situations in his district where people have large lots and once they are fully serviced are subdividing. He stated that a number of people are concerned because there are no guidelines with respect to setbacks and heights, etc.

Councillor McInroy asked that staff review this matter and make recommendations as to how to consider height, front yard setbacks, etc. with respect to the abutters and in consideration of the aesthetic appearance of such.

Council agreed.

## FLEX HOURS IN BY-LAW ENFORCEMENT - COUNCILLOR MCINROY

Councillor McInroy stated that residents are finding it hard to believe that there is no one to contact after hours. He stated that there is concern with cars continually being parked, blocking sidewalks in the same area for the last 8-10 months as well as concerns with auto-body shops, etc. that occur after hours. He stated that taxpayers are concerned that nothing is done unless they complain. He stated that it would not hurt to have an officer look around after hours, because that is when many violations occur.

Councillor McInroy also stated that some conditions of our development agreements are not being met as is the case with Colby Village Shopping Centre. He suggested that this problem may be more of an urban one. He stated that we should take more of a role in enforcement rather than rely on complaints.

Councillor Harvey stated that he agreed that the County waits for complaints before acting and then the length of time it takes to get matters resolved.

It was moved by Councillor McInroy, seconded by Councillor Sutherland:

"THAT this item be referred to the Executive Committee

to work with staff to come up with recommendations."  
MOTION CARRIED

UPDATE FROM COMMITTEE DEALING WITH COMMON VERSUS AREA RATE SITUATION - COUNCILLOR ADAMS

In the absence of Councillors Adams and Richards, this item is referred to the next session.

URGENT AGENDA ITEMS

It was moved by Councillor Smiley, seconded by Councillor Meade:

"THAT Whereas the Sheet Harbour area has experienced on-site septic system problems,

AND WHEREAS there is a desire to reduce the impact of development on the natural environment and to protect public health,

AND WHEREAS there is a need for an improved level of sewer and water services to manage and control the future growth of Sheet Harbour,

AND WHEREAS the Department of Health will be conducting a survey of the on-site disposal systems to identify the number and location of malfunctioning systems,

BE IT RESOLVED that the Municipality initiate a study to investigate potential water supply alternatives and a pollution control study to identify possible solutions to existing sewage disposal problems for the area of Sheet Harbour between the West and East River bridges."

MOTION CARRIED

It was moved by Councillor Poirier, seconded by Councillor Fralick:

"THAT a letter be written to the Department of Transportation concerning a request and petition for paving of Roland Avenue under the 15 year program."

MOTION CARRIED

ZA-TLB-14-90 - Application by Halifax County Municipality to Amend the Land use By-law for Timberlea/Lakeside/Beechville in Order to Permit more than one main building on a lot in the P-2 (Community Facility) Zone

Mr. Rick Spanik presented the staff report stating that Although other municipal plans and by-laws may encourage community uses to concentrate in specific areas or to share sites in a multi-purpose fashion, the by-law for the Timberlea area inhibits this by requiring that each man building be located on a separate parcel. He stated that this amendment would not contradict the plan's intent.

He stated that the majority of public-serving uses permitted by the zone are subjected to specific regulations or requirements beyond the land use by-law. He stated that individual proposals will also be affected by matters such as the licensing requirements for each application.

Mr. Spanik noted the industrial and open space uses to which the amendment would apply and added that there are additional requirements that would have to be met before an application was approved.

Speakers in Opposition

None.

Decision of Council

It was moved by Councillor Boutilier, seconded by Councillor Bates:

"THAT the amendment to the land use by-law for Timberlea/Lakeside/Beechville, as appendix A, be approved."

MOTION CARRIED UNANIMOUSLY

RA-FEN-19-89=18 - Application by the Highland Park Ratepayers Association to Rezone Portions of the Highland Park Subdivision from MU-1 Zone to R-1 Zone.

Mr. John Bain presented the staff report stating that the staff report recommendation was amended by Council to exclude the four lots shown on the map from the rezoning request of the Highland Park Ratepayers.

Mr. Bain showed slides of the site.

Mr. Bain stated that as a result the plan, in Policy P-9, recognized and supports continued subdivision activity and the resulting transition of lands from a mixed use to a suburban type environment. The plan states that such development should not detract from an expressed desire in the community to support an environment which encourages a variety of land uses and creates local employment. Therefore, in considering the rezoning of lands from mixed use to residential, the plan stipulates that the lands should include at least 15 lots or be adjacent to an existing residential subdivision and have access to local streets.

Questions from Council

Councillor Eisenhauer asked the solicitor if it was possible to include one of the properties that had asked for their exemption as they have had a changed of mind. Mr. Cragg stated that since the advertisement went out exempting four lots, it would not be permissible to add in one of those lots.

Councillor Eisenhauer asked if at such time as another rezoning application is made, that these people be included so that they can rezone their lot to R-1. Mr. Bain stated that this lot could be added.

Warden Lichter stated that if no other application is made, then these people would have to pay the advertising fee in order to rezone their lot.

Speakers in Favour

Mr. Norman Green, Chairman, Highland Park Ratepayers Association:

The Highland Park Ratepayers Association supports the current proposal before Council to have portions of Highland Park re-zoned from multiple use to R-1. It is the policy of the Highland Park Ratepayers Association to seek to have all new development within Highland Park zoned R-1. In a survey of the 350 homes within Highland Park conducted in March, 1990, 88% of the residents supported this policy.

In the current proposal before Council, four properties on Rockcliffe Crescent are excluded from the re-zoning to R-1. These ratepayers bought property on Rockcliffe Crescent after being assured that the zoning was multiple use. However, in other cases, property owners on the same street bought property after being lead to believe that the zoning was either R-1, or soon would be. In fact, during the taking of the petition which accompanied our application for rezoning, many of the property owners contacted assumed that the zoning was already R-1. This presents a difficult dilemma for the Association, but considering the circumstances, the Association supports the exclusion of these four properties.

The Highland Park Ratepayers Association would like to propose to council tow items for consideration in order to maintain the R-1 setting of Highland Park in the future, and to avoid any future confusion over what the zoning of the area is:

1. The four properties in question of Rockcliffe Crescent maintain their current zoning until such time as they are sold, at which time the zoning is changed to R-1.

2. That the appropriate department of the Municipality of the County of Halifax be directed to notify the Highland Park Ratepayers Association when ever a new application for development in the Highland Park area is made to the County. It is the Intention of the Highland Park Ratepayers Association to make application for a change in zoning to R-1 at that time, provided that the developer making the application agrees. Should the developer disagree, the application for rezoning will be made after the building lots are sold, and a majority of the property owners sign a petition in favour of R-1 zoning.

Speakers in Opposition

None.

Decision of Council

It was moved by Councillor Eisenhauer, seconded by Councillor MacDonald:

"THAT the amended recommendation in the staff report be approved by Council."  
MOTION CARRIED

Adjournment

It was moved by Councillor Bates, seconded by Councillor Reid:

Nova Scotia Power Corporation

Mr. Kelly reviewed the letter concerning the maintenance of transmission line rights-of-way in the municipality.

It was moved by Councillor Sutherland, seconded by Councillor Boutilier:

"THAT this letter be received."  
MOTION CARRIED

Nova Scotia Sport and Recreation Commission (2 Letters)

Mr. Kelly reviewed the letters concerning the consultant's report on Safe Swimming Opportunities in Nova Scotia.

It was moved by Councillor Bates, seconded by Councillor Adams:

"THAT these letters be received."

Councillor Bates stated that he was sent a copy of the water safety policies and stated that he was impressed with the work done on the study. He stated that it addressed all of his concerns and those expressed through Council.

MOTION CARRIED

Department of Transportation and Communications

Mr. Kelly reviewed the letter concerning signage on Logan Road Dutch Settlement.

It was moved by Councillor Reid, seconded by Councillor Fralick:

"THAT this letter be received."  
MOTION CARRIED

Warden Lichter stated that with the request for signage there was also a request for paving under the 15 year program that was not addressed.

It was moved by Councillor Sutherland, seconded by Councillor Randall:

"THAT a letter be written to the Department of Transportation asking them what happened to that portion of the request."  
MOTION CARRIED

Department of Transportation and Communications

Mr. Kelly reviewed the letter concerning the paving of Roywell Drive and Robinson Road, Upper Lawrencetown.

It was moved by Councillor Randall, seconded by Councillor Adams:

"THAT this letter be received."  
MOTION CARRIED

Minister of Communications

Mr. Kelly reviewed the letter concerning the recent changes to municipal radio license fees.

It was moved by Councillor MacDonald, seconded by Councillor Deveaux:

MOTION CARRIED

SUPPLEMENTARY CORRESPONDENCE

Halifax County-Bedford District School Board

Mr. Kelly reviewed the letter concerning the Doane Raymond Report containing recommendations regarding funding for School Boards.

It was moved by Councillor Richards, seconded by Councillor Poirier:

"THAT this letter be received."  
MOTION CARRIED

Cole Harbour Rural Heritage Society

Mr. Kelly reviewed the letters expressing concern about development at Lawlor's Point.

It was moved by Councillor Cooper, seconded by Councillor McInroy:

"THAT this letter be received."

Councillor Cooper stated that this letter is part of a continuing effort to protect the heritage of the community. He stated that this land needs to be preserved. He stated that it was good that the community was made aware of the situation. He stated that the P-2 zone is appropriate.

## MOTION CARRIED

Councillor Richards stated that they have called for a public hearing in the community. He asked the chairman of PAC that if this is not possible that reference be given to the Cole Harbour/Westphal Community Committee to address these issues.

Warden Lichter stated that staff is still working on this.

Councillor Cooper stated that this is an ongoing concern. He stated that with the previous application to develop parkland, the developer withdrew the application. He stated that the cemetery was designated as a heritage property.

Councillor McInroy stated that the letter states that the application has been approved. He stated that a letter should be written to the CHRHS clarifying that the proposal has been tabled by PRC and is in the hands of staff for a recommendation.

EXECUTIVE COMMITTEE REPORTRequests for Grants

Councillor Eisenhower expressed concern with the budget submitted by the Recreation Association and that the amount under capital expenses did not equal the request for a capital grant, but rather equalled the operating costs.

It was moved by Councillor Eisenhower, seconded by Councillor Randall:

"THAT the District Capital Grant, District 1, \$2,000, for the Allen height's Recreation Field be deferred to the Executive Committee for clarification."

MOTION CARRIED

It was moved by Councillor Fralick, seconded by Councillor Bates:

"THAT the District Capital Grant, District 3, \$5,000 for the Tantalum Woods Homeowners Association be approved."

Councillor Meade stated that this is the same situation as is in his district. He stated that he did not see the difference between the playground and a ball field.

Councillor Fralick stated that requests have been received since 1978. He stated that he did deliver a letter, picture and amount being put in by the homeowners for this grant.

It was moved by Councillor Meade,

"THAT this item be deferred until Council receives a letter from the homeowners association with a breakdown of costs."

MOTION LOST FOR A SECONDER

Councillor Eisenhower clarified that for the District 1 grant, if the costs were reversed, there would be no problem.

It was moved by Councillor Bayers, seconded by Councillor Reid:

"THAT the following grant be approved:

c) District Capital Grant, District 10, \$1,020 for the Ostrea Lake Fire Department."

MOTION CARRIED

It was moved by Councillor Bayers, seconded by Councillor Reid:

"THAT the following grant be approved:

d) District Capital Grant, District 13, \$2,000 for the Gays River, Cooks Brook, Lake Egmont Volunteer Fire Department for fire hall improvements."

MOTION CARRIED

It was moved by Councillor Harvey, seconded by Councillor MacDonald:

"THAT the following grant be approved:

e) District Capital Grant, District 21, \$4,200 AND General Parkland Grant, \$6,000 for landscaping at Fallingbrook Subdivision."

MOTION CARRIED

It was moved by Councillor Sutherland, seconded by Councillor Richards:

"THAT the following grant be approved:

f) District Capital Grant, District 22, \$2,210 for fencing walkways."

MOTION CARRIED

Lockview Macpherson Sewage Project

It was moved by Councillor Horne, seconded by Deputy Warden Baker:

"THAT Council approve the additional \$1.1 Million of the funding required for the implementation of the Lockview MacPherson Sewerage System. "

Councillor Horne stated that he was pleased that this item has finally been dealt with. He stated that there have been concerns, but they have been addressed.

Councillor Ball asked if there was enough in the capital expenditures to cover this.

Mr. Meech stated that any project of any significant cost will have to be set aside unless other funds can be found.

Councillor Ball asked where the additional 1.1 Million was coming from. Warden Lichter stated that the time period will have to be extended. Mr. Meech stated that the County is asking the Departments of Environment and Municipal Affairs to reconsider cost sharing more than the original 20%.

Councillor Ball stated that this was approved in 1987 and asked why it was only going through now. Mr. Meech stated that the primary reason is that there was a fair amount of concern with regard to the effluent to Fletcher's Run.

MOTION CARRIED

1990 Sidewalk Construction

It was moved by Councillor Bates, seconded by Councillor Deveaux:

"THAT Council approve the construction of various sidewalks as per the attached list, and approve the inclusion of those sidewalks in the Maintenance Agreement."

Councillor Boutilier asked about the sidewalk construction that has gone to tender in the Sackville area. Mr. Meech stated that it is not uncommon to be notified at different times with regard to sidewalk construction.

MOTION CARRIED

Request to Lease Property from the Roman Catholic Episcopal Corporation

It was moved by Councillor Fralick, seconded by Councillor Ball:

"THAT Council approve the leasing of two portions of land in Portuguese Cove and Ketch Harbour, District 5 from the Roman Catholic Episcopal Corporation for \$1.00. "

MOTION CARRIED

Brookside Community Homeowners Association

It was moved by Deputy Warden Baker, seconded by Councillor Eisenhauer:

"THAT Council ratify the naming of Phase I of the development of Hatchet Lake green area in Brookside Mews as "Chris Campbell Point". "

MOTION CARRIED

Property Appraisal Tender

It was moved by Councillor Bates, seconded by Councillor Sutherland:

"THAT Council approve that the bid from Mathers Appraisal Services for appraisal of all Municipal properties be accepted as the lowest bid meeting requirements at \$49,000. "

MOTION CARRIED

Staff Requirements - Reorganization

It was moved by Councillor Reid, seconded by Councillor Ball:

"THAT Council approve Appendices "A" and "B" of the staff report concerning the GST and Pension Reform Legislation. "

MOTION CARRIED

TREE CUTTING ON MUNICIPAL PROPERTY

Councillor Boutilier stated that there is a problem with the municipality's green areas and buffer zones being cleared. He stated that the Property Manager, Mr. Brine, has stated that it is a difficult thing to enforce. He stated that this policy should be reaffirmed. He suggested that an advertisement be drawn up, and that it be run several days in the papers.

Councillor Cooper stated that some people are taking advantage of this and are acquiring a little extra property. He stated that there is a concern that a fair portion of the green areas will be lost.

Councillor Sutherland stated that there are some that go out of their way to make sure that the green areas are clean of debris and usable. He stated that he would not like to see this policy work against these people.

Councillor Reid stated that his concerns were the same as Councillor Sutherland and suggested that the policy be reviewed by the Executive Committee.

Councillor Eisenhower stated that there may be times when the municipality may want to cut trees. He suggested that it may be wise to draw up a by-law and post the signs that would state that without authorization of the Executive committee or of Parks and Recreation there would be a fine for the removal of trees.

It was moved by Councillor Boutilier, seconded by Councillor Cooper:

"THAT this item be referred to the Executive Committee for consideration."  
MOTION CARRIED

APPOINTMENT OF JOINT COMMITTEE - BEDFORD: RE: SCHOOL BOARD AGREEMENT

Warden Lichter stated that four nominations are needed to sit on the joint committee on behalf of Halifax County Council.

It was moved by Councillor Boutilier, seconded by Councillor Adams:

"THAT Councillor Reid be nominated."

It was moved by Councillor Richards, seconded by Councillor Bates:

"THAT Councillor Adams be nominated."

It was moved by Councillor Boutilier, seconded by Councillor Richards:

"THAT Councillor Cooper be nominated."

It was moved by Councillor Meade, seconded by Councillor Sutherland:

"THAT Councillor Ball be nominated."

It was moved by Councillor Richards, seconded by Councillor Boutilier:

"THAT nominations cease."  
MOTIONS CARRIED.

MINOR VARIANCES - COUNCILLOR SUTHERLAND

Councillor Sutherland stated that he has been speaking with the development officer and stated that there is a lot of latitude to deal with minor variances. He stated that the present system is not a good one and can cause ill feelings between neighbours. He stated that often one is questioning what is minor.

It was moved by Councillor Sutherland, seconded by Councillor Eisenhauer:

"THAT the development officers and the Director of Planning bring forward a report dealing with the issue of minor variances."

After some further discussion,  
MOTION CARRIED

UPDATE ON WASTE WATER MANAGEMENT FOR HARRIETSFIELD/WILLIAMSWOOD -  
COUNCILLOR BALL

Mr. Meech stated that a report would be forth coming to the next Council Session.

URGENT AGENDA ITEMS

Councillor Meade

It was moved by Councillor Meade, seconded by Councillor Poirier:

"THAT a letter be written to the Department of Transportation requesting that the road between St. Anthony's Church and Sunset Video, in Hubbards, be named Village Lane, or as a second choice Old Post Road and

also that it be paved this summer when Shore Club Road is being resurfaced."  
MOTION CARRIED

Councillor Smiley

Factory Cove Wharf

It was moved by Councillor Smiley, seconded by Councillor Fralick:

"THAT a letter be written to the Department of Fisheries and Oceans, Small Craft Harbours Division regarding the community's concern over the poor condition of this important infrastructure in this fishing village. A copy to Elmer MacKay, Tom McInnis and Randy Baker, President of the Eastern Shore Fishermen's Association."  
MOTION CARRIED

ADDED ITEMS FOR JULY 17, 1990

Councillor Randall: Street Paving, Lahey Subdivision

Councillor Fralick: Department of Transportation and Tourism in District 3

Councillor Richards: Video Arcades, Cole Harbour

Councillor Ball: Speed Zone, Pennants

Councillor Adams: Highway Direction Signs

It was moved by Councillor Meade, seconded by Councillor Reid:

"THAT the motion of deferral to the Executive Committee concerning the \$2,000 District Capital Grant for the Allen Height's Recreation Field be reconsidered."  
MOTION CARRIED

Councillor Meade stated that in the budget submitted, the cost of Repairs to the Bleachers and Player's Benches should be listed under capital not operating costs. He stated that by correcting this, the capital grant for \$2,000 is correct.

It was moved by Councillor Meade, seconded by Councillor Eisenhauer:

"THAT this grant be approved."  
MOTION CARRIED

IN-CAMERA ITEM

It was moved by Councillor Poirier, seconded by Councillor Horne:

"THAT Council move in-camera."  
MOTION CARRIED

Council agreed to come out of camera.

PRESENTATION, PEAT MARWICK THORNE (MUNICIPAL AUDITORS)

Mr. Bill MacQuarrie and Ms. Sharon Davis presented the audited report. Mr. MacQuarrie stated that the audit is conducted in two visits, the first being an interim visit in the fall and the second visit in February. He stated that the first visit concentrates on our system and they rely very heavily on that. He stated that they look for grey areas and make recommendations to strengthen controls. On the second visit they concentrate on confirmation work and determine where the risk is and determine how to address it.

Mr. MacQuarrie reviewed the statement of income, major deviations from the budget, revenue, balance sheets, long term receivables, liabilities, deferred revenue and surplus.

Mr. MacQuarrie suggested that Council may wish to hire an internal auditor as a result of decentralization and expansion. He also suggested an audit committee which is very time consuming, but is not unusual to have today.

SUPPLEMENTARY CORRESPONDENCE

Mr. Kelly reviewed the report.

It was moved by Councillor Cooper, seconded by Councillor Richards:

"THAT a public hearing date of August 27, 1990 be set to hear this issue."  
MOTION CARRIED

#### Lawrencetown Municipal Planning Strategy and Land Use By-Law

Councillor Boutilier and Ms. Valerie Spencer presented the report.

- A. Central Water and Sewer Services: PAC recommends that no changes be made to the proposed Lawrencetown MPS. Councillor Boutilier stated that the intent of the Lawrencetown MPS is both to protect the natural environment and to preserve the rural character of the plan area. A specific concern is that the density of development will necessarily increase if central services are installed. Where there are specific environmental health problems, Policy P-19 requires Council to consider the establishment of a waste water management district using clustered on-site sewage disposal systems.
- B. R-1 Zoning: PAC recommends that R-1 Zoning can be given in the case of a 20 or more lot subdivision, or to lands abutting or adjacent to the four areas of R-1 Zoning.
- C. 250' Road Frontage Requirement on Highway 207: PAC recommends that the 150'.
- D. Setbacks from Water Courses and Salt Marshes: PAC recommends that the setback be 100' on the coastal wetlands in order to protect these habitats, that a 50' setback from Cole Harbour,

Lawrencetown Lake, the West March and the Atlantic Ocean and the Little Salmon River be established, and 25' from all other water courses.

Councillor Boutilier stated that PAC did not deal with the 500' setback for service stations and garden centres and would require direction from Council.

MINOR VARIANCES - 7:00 P.M.

MV-16-22-90 Mr. Philip MacPherson

Mr. Adrian Boyd presented the staff report and showed slides of the site. The proposal is to build the sundeck six feet from the rear property line instead of the required eight feet. An appeal was filed by Mr. Hemeon.

Mr. Hemeon stated that he felt that having the deck so close to his property line that he would lose his privacy and also that it would lower the value of his property.

Mr. MacPherson stated that he is requesting the minor variance so that the support beams would not block the present walkway to his basement. He stated that he planned to build a deck with a visual barrier and lattice on top of that.

It was moved by Councillor Sutherland, seconded by Councillor MacDonald:

"THAT the minor variance be approved."  
MOTION CARRIED

MV-22-02-90 Mr. Ron Slaenwhite

Mr. Curtis Langille presented the staff report and showed slides of the site. The proposal is to construct a sundeck attached to an existing tow unit dwelling.

Mr. Slaenwhite stated that although the deck would be 2 feet from the side yard line, there would still be an additional 40 feet between the deck and the neighbour's house. He added that the driveway shown in the slides was to the downstairs apartment and the homeowners driveway is on the other side of their home.

It was moved by Councillor Bates, seconded by Deputy Warden Baker:

"THAT the minor variance be approved."  
MOTION CARRIED

## LAWRENCETOWN, CONTINUED

It was moved by Councillor Harvey, seconded by Councillor Deveaux:

"THAT the 500 foot setback be maintained for service stations and the setback be reduced to 250 feet for garden centres, to be discussed at the public hearing."

Councillor Cooper stated that he was under the impression that garden centres were not wanted in the community. Ms. Spencer stated that a garden centre could be built in the area if they could find existing business lot 250 feet from a water course, or in the industrial zoned area 250 feet from a water course.

Councillor Cooper stated that if the 500 foot setback changes to 250 feet and a development agreement, this would be going against the community.

MOTION CARRIED 10 FOR  
4 AGAINST

- E. Existing Commercial and Industrial Uses: PAC recommends that the ability to change from one business use to another should also be provided for, subject to appropriate planning controls. This would permit the continued use of commercial structures which are not easily convertible to non-commercial activities. It would also support the relocation of home business uses which may otherwise not be able to remain in the community. It is recommended that such changes of use be considered by development agreement.
- F. New Commercial and Industrial Uses: Councillor Boutilier stated that the general philosophy of the proposed planning strategy relative to commercial development is to support small-scale commercial activity through the home business provisions. He stated that staff recommends that additional provisions be included in the plan relative to tourist-related accommodations. Limited bed and breakfast establishments (3 bedrooms) are presently permitted by right, while campgrounds may be considered by development agreement. Tourist-related accommodations are felt to be appropriate to the area and can, with proper controls, be compatibly integrated within the community.

The amendments would also eliminate the C-1 (local business store) zone from the land use by-law and appropriate text from the MPS.

- G. Miscellaneous: The Plan Area Boundary was not specifically addressed by PAC.

It was moved by Councillor Randall, seconded by Councillor Deveaux:

"THAT a public hearing be set for August 27, 1990 to deal with the Lawrencetown Plan."

MOTION CARRIED

#### EXECUTIVE COMMITTEE REPORT

MOTION CARRIED

Sidewalk Construction

It was moved by Councillor Boutilier, seconded by Councillor MacDonald:

"THAT Council endorse the proposed extension and continuation of sidewalk construction from Crimson Crescent to the entrance of the District 20 Ballfield and subsequently, advise the Department of Transportation and Communications of such endorsement."  
MOTION CARRIED

Fire Fighters Accident Insurance

It was moved by Councillor Eisenhauer, seconded by Councillor Ball:

"THAT the Volunteer Fire Fighter Accident Insurance coverage be transferred to a policy provided by UNUM Life Insurance Company."

Councillor Ball stated that this would mean the identical coverage except for the 2 areas noted in the report and a \$22,000 saving.

Councillor Richard stated that he was concerned because the policy was not included.

Councillor Ball stated that the policy is the same as we have now except for the two areas noted in the report.

Councillor Deveaux stated that if the policy was not questioned when we spent \$54,000, it should not be questioned if it is the same for \$22,000 less.

After some debate,

MOTION CARRIED

Proposals re: Relocation of Administration Centre

It was moved by Councillor MacDonald, seconded by Councillor Reid:

"THAT a special session be set up to hear the presentations."

Warden Lichter stated that this would be an in-camera session and each developer would present his proposal independently with time after each presentation for discussion.

MOTION CARRIED

STREET PAVING, LAHEY SUBDIVISION

It was moved by Councillor Randall, seconded by Councillor Adams:

"THAT the petition for street paving for Lahey Drive, Moore Drive, and Murray Drive be submitted to the Department of Transportation for paving under the 15-year program."

MOTION CARRIED

DEPARTMENT OF TRANSPORTATION, DISTRICT 3

Councillor Fralick stated that this concern was with the intersection of the 333 and No. 3 highways. He stated that a petition was submitted for a flashing light, increasing the size of the intersection and improved lighting and signage. He stated that the flashing light was the only thing installed.

It was moved by Councillor Fralick, seconded by Councillor Meade:

"THAT a letter be sent to the Department of Transportation to request that they examine the other petition items."

MOTION CARRIED

#### TOURISM, DISTRICT 3

It was moved by Councillor Fralick, seconded by Deputy Warden Baker:

"THAT a representative or spokesperson from the Provincial Department of Tourism be invited to come before Council to discuss the provincial mandate for Tourism."

MOTION CARRIED

#### VIDEO ARCADES, COLE HARBOUR

Councillor Richards stated that there is much concern with the video arcade, known as Fun World, in the Cole Harbour Area. He stated that based on the recommendation of what was written and verbally stated by the owners, Council did not object at the time to this type of facility. He stated that the company has failed to live up to certain guidelines and its promise to operate a family business.

Councillor Richards stated that the building in which Fun World is located does not meet the requirements for a video arcade. He stated that legal action is pending. He stated that he has obtained RCMP records of 24 RCMP visits on the following charges: liquor control act, property damage, possession of drugs, break enter and theft, loitering, assault and disturbing the peace. Councillor Richards stated that this is not the kind of business that was indicated.

It was moved by Councillor Richards, seconded by Councillor McInroy:

"THAT Council write to the Department of Consumer Affairs requesting that the license for Fun World at 971 Cole Harbour Road be rejected on renewal scheduled for August 31, 1990, as it does not meet the guidelines as presented by the Department of Consumer Affairs and does not meet with the guidelines the company indicated it would live up to."

Warden Lichter suggested that the letter include reference to the fact that this Council has given a great deal of thought to the operation before (and some Councillors had visited their premises in Yarmouth) and that one year of experience of allowing them to

operate in that location indicates that they have not delivered what they were supposed to.

Councillor Fralick asked if this was the same type that he visited in Yarmouth and Sydney. Councillor Richards stated that it was.

Councillor Cooper stated that he supported Councillor Richards and stated that he has visited the operation in Yarmouth and it bears no resemblance to the site in Cole Harbour.

Deputy Warden Baker stated that he too was in support of this and expressed concern about a similar situation in his district.

MOTION CARRIED

#### SPEED ZONE, PENNANTS

It was moved by Councillor Ball, seconded by Deputy Warden Baker:

"THAT a letter be sent to the Department of Transportation requesting them to investigate reducing the speed zone along the West Pennant Road."

MOTION CARRIED
