MOTION CARRIED

PRESENTATION RE: PRIVATIZATION OF BUSSING

Mr. Wayne Rhyno made a presentation to council. He referred to School Board minutes from June, 1995 with respect to this issue. He said the Board will recommend that the contractor hire all the drivers with hourly rates, benefits, etc being honoured. He said Dr. Triders report refers to the present employees as new employees of the contractor and they are worried how, if they are new employees, they can maintain their seniority and benefits such as vacation time and sick leave. He said they are concerned with the contractor making a profit, but at what expense to the service for the students. He said if the Board is to get out of the people transportation service, then the workers should be given an opportunity to form a co-op. He said a co-op would keep the money in the communities and enable the drivers to control their own destiny. He said he would request council approach the Minister of Education on behalf of the drivers of Halifax County Bedford District School Board.

Councillor Reid asked if Mr. Rhyno or his union had approached the Minister.

He said they had not done so but the local president and vice president had approached him and had not received any satisfactory answers.

Mr. Reinhardt referenced letters from the School Board with regards to this issue wherein they inform council that they will be holding information sessions for Councillors and MLA's once the contract is finalized and that as of the date of the letter they would anticipate that there would be no changes with regards to staffing except through attrition, notwithstanding the potential displacement of mechanics.

It was moved by Councillor Rankin, seconded by Councillor Hendsbee:

APPOINTMENT OF RECORDING SECRETARY

It was moved by Councillor Sutherland, seconded by Deputy Mayor Giffin:

“THAT JULIA HORNCastle BE APPOINTED AS RECORDING SECRETARY”

MOTION CARRIED

Mayor Ball made a presentation to Councillor Deveaux acknowledging his years of service as a Councillor.

PRESENTATION - METRO COMMUNITY SERVICES NETWORK - VERONICA MACNEIL

Ms. MacNeil made a presentation to council. She said she was speaking on behalf of the Metro Community Services Network. She said their presentation to council is to recommend transitional funding for community based agencies that currently receive municipal grants or tax exemption grants beyond April 1, 1996. She said it is unknown who will maintain the grant process into the new Regional Municipality. She said they are recommending that this Municipal Government forward Municipal funded grants and requests that it holds to the new Regional Municipality with a recommendation that funding levels for community based agencies be maintained at least to the 1995 levels. She said they are also recommending that Council make an official request to Mr. Ken Meech that information on the future of municipal grants and funding processes of community agencies and any impending changes to this process be released as soon as possible to community agencies so that fiscal planning can go forward. She said they would request that Council submit in writing to the Halifax Regional Municipality a recognition of the importance of municipal funding and maintaining community services for the residents. She said they would request that a similar submission be sent to the Premier of Nova Scotia and the Minister of Community Services, Health, Education and Justice so that they can plan when block transfers start to take place to see where priorities lie and how the funding can be best utilized.
