SUMMARY—187 old 2-nozzle hydrants.

113 new 2-nozzle frost jacketed hydrants.

110 " 3-nozzle " " (3rd nozzle steamer).

1 flush hydrant.

Total..411

NOTE—The elevations given for hydrants changed from old to new are not reliable.

Report of Plumbing and Meter Inspector.

MR. F. W. W. DOANE,
City Engineer.

SIR,—

I beg leave to submit, for your information, a report of the work done by me during the past year in the Water and Health Departments.

During the past year there have been several convictions for violation of the Plumbing Rules, but on the whole there is not so much difficulty in enforcing them, although the plumbers are still very dilatory in reporting work when it is finished.

Respectfully submitted.

CLAUDE DONOVAN,
Plumbing Inspector.

Plumbing and Drainage.

STREET FOREMAN'S REPORT.

CITY HALL, HALIFAX, MAY 1, 1900.

F. W. W. DOANE, ESQ.,
City Engineer.

DEAR SIR,—

In the accompanying statements I beg to submit an account of the work performed and material used in 1899-1900.

Respectfully submitted.

JOHN McDONALD,
Foreman of Streets and Sewers.

Concrete Catchpits Constructed in 1899.
