agent of Messrs A. B. & C. Thompson which have been dealt with by  
the Committee as follows  
1. Mrs Holmes claims exemption from taxes as a School teacher  
and for other reasons that do not appear satisfactorily to this Committee  
and this Committee is advised that there is no law exempting any  
but teachers in Public Schools.

2. Norman Shaffer. Sent in appeal to taxes four days late but  
returned in due form and though this Committee feel that it is  
hard for him to have to pay a small excessive tax yet they consider  
it would be a very dangerous precedent to allow any latitude  
to be given beyond the time allowed by law.

3. On the case of Building Society. Mr. Burton appeals to  
which he refers and entirely informal and this Committee has been  
credibly informed that the society was really the owner of or  
partly interested in the properties referred to at the time the  
taxes were levied.

4. Upon inquiry this Committee find that Mr. McCombes  
statements have been made under a misapprehension of the facts, the  
goods he refers to are taxed but one that is in word three, in word  
four Mr. McCombes is taxed upon the rental only of the premises which  
the assessors found him occupying at the time they made the assessment.  
This Committee therefore recommend  
that the taxes in all these cases be collected.

All of which is respectfully

The Committee on Pauc and Pauc beg leave  
to submit the following report

The Committee has had before them and  
inquired into the merits of the several petitions of Mr. L. L. Mc Gregor  
and Mrs. Thomas Salmon and James Ketch and they recommend  
to the Council.

1. That Mr. Mc Gregor, in account of absence from the City at the  
time of the assessment has leave to appear in the usual form.

2. In approving that the statements made by Mr. Salmon are quite  
correct the Committee therefore recommends the Council to commit him  
the taxes levied on the premises in question.

3. As to Mr. Ketch who it seems was assessed on two properties  
both of which he was occupying at the time of the assessment but  
one of which he vacated a few days afterwards this Committee  
felt that he is legally bound to pay both assessments at the same  
time. As it appears that he is a poor man with a large family to support  
they leave it to the Council whether or not the treasurer shall be  
instructed to collect both taxes

Sub Report of Special Committee  
 to confer with Association for improving the condition of the  
 Poor  
 Halifax N.S.  
 10th July 1869

Report  
 of Special  
 Committee  
 to confer  
 with the  
 Association  
 for improving  
 the condition  
 of the Poor

The Committee appointed to confer with  
 the Association for improving the condition of  
 the Poor report that on receiving the letter from Mrs. S. S. S.  
 the Committee held a meeting on the 10th inst. and  
 after a long and full discussion arrived at the  
 conclusion that the loss sustained by the Association  
 last year on relieving the poor, thereby benefiting the  
 citizens generally by diminishing the poor rates to  
 that extent, they come to the conclusion that the  
 loss should not fall altogether on the Association  
 but that the City should bear a part.  
 Resolved that as a partial  
 recompense of the loss sustained by the Association for the relief  
 of the poor in the winter of 1867 & 8 the sum of \$250.00

285

 July 12th

to be added to the estimate for the poor rates of 189 in order to reimburse the Association. That for the present winter facilities be given to the Association by the City Council Committee, in the way of hauling unbroken stone, and any other possible way, also the Committee recommend that in consideration of the central position of the stone being very convenient for hauling to any part of the City, also considering the benevolent objects of the Association they think the sum of six cents per bushel should be allowed for such stone as the City may take from the Association.

Wm. A. Sinclair  
 Chairman

When the following resolution is next introduced.

Resolved that the Report of the Special Committee appointed to enter into a Committee of Association for the Relief to above Report of the City is favorable and shews that the sum of One Hundred and Twenty dollars now remaining from a previous vote in the hands of the Treasurer be paid for account of the amount recommended by the Committee to the Association aforesaid for present purposes.

Moved by Alderman Blackadar seconded by Alderman Tracy which resolution on being put was passed. Res. Report of Committee of Public Accounts submitted this day.

Read Report of Committee on extension of Lockman Street.

The Committee appointed to consider the propriety of opening up Lockman Street have given the matter the most careful consideration and submit the following report for the information of the Council.

They find that Mr. Smellie had prepared a plan for this extension previously which was presented to the City Council on which was marked out two lines for the extension of Lockman Street into Argyle Street.

Report by your Council who reported their estimate of the value of real estate. This plan and estimate is in the possession of the City Architect.

Your Committee feeling that a large sum of money would have to be expended in completing this important and necessary extension naturally turned their attention to the selection of a route combining the greatest advantages to the whole City and after much consideration they have no hesitation in recommending the extension of Lockman St southwards into Barrington St. this will give a continuous line of Street from Smith Pleasant to Richmond Station. Will release upper Water Street of a large amount of traffic which has become so overburdened and that at this moment is a source of so much anxiety to the authorities and inconvenience and serious loss to the business.

Your Committee are much indebted to the City Architect for the valuable assistance so freely rendered by him on all occasions and for the care and ability which has unquestionably manifested in the preparation of the plan of the contemplated extension and your Committee have great pleasure in submitting this plan for the consideration of your Board and they suggest the appointment of three appraisers for the purpose of estimating the value of the land along both routes and as soon as this is accomplished the Council will be able to accomplish some practicable course of action.

Your Committee repeat that a very large sum will be required to accomplish this undertaking but at the same time there is the important fact to be borne in mind. The greatly enhanced value of real estate along the entire route which must necessarily almost immediately follow in the erection of buildings will in a comparatively short time yield a revenue which (having made the cost of the project) will amply repay the

Report of the  
Committee of  
Finance

Read Report of the  
Committee of Finance  
to submit the following report upon the petitions of Miss McLaughlin and Mrs  
John Rossom.

Miss McLaughlin claims exemption from taxes as a school teacher  
but this Committee report to say that by law none but Government licensed  
teachers are exempt and therefore Miss McLaughlin's claim cannot legally be  
entertained by this Council.

Mrs. Rossom it appears had an assessment made upon her for  
some land Gittington Street which she had purchased and intended to occupy  
and pay the taxes on but up to the present time she has never received the  
title to the property nor has she had a days possession of it. This  
Committee therefore recommend this Council to remit her tax in this  
particular.

March 20th

Report continued

It may be well perhaps for them to appoint a committee or authorities to confer with the owners or agents of the properties with regard to their purchase. The Council are of course aware that prompt action in the matter of this extension is essentially necessary in order that the enterprise may be carried out. It is left to the City to determine the mode to be pursued in dealing with the Streets, and if the report of the appraisers herewith submitted should be received by the Council and be well adopted, your Committee would recommend that all the parties owning lands required for such extension be notified without delay of the amount of damages allowed to each of them, and that if they object thereto that the Council will hear their objections by testimony. The Committee would suggest to the Council to come on early day.

Resolved that the following is respectfully submitted
