Read Report Committee of Laws & Privileges on petition of James Beardon for leave to alter buildings

Report of Committee of Laws & Privileges on petition of James Beardon asking permission to repair and alter two buildings - one situated on the North West corner of Griffin Street and Sacville Street, and the other on the East North East side of Albermarle Street and numbered 109

Committee Room  
22nd Nov 1870

The Committee on Laws and Privileges beg leave to report that they have had under consideration the petition of James Beardon asking permission to repair and alter two buildings - one situated on the North West corner of Griffin Street and Sacville Street, and the other on the East North East side of Albermarle Street and numbered 109

1870  
Dec 17

mentioned is a two story building in tolerable repair, and as the proposed alteration will take four feet off its height; your Committee recommends that Mr Seardon be allowed to make the desired substitution of a flag room for the present one, for the entire length of the building.

As the building in Albermarle Street is old and dilapidated, is only one low story in height, and will probably give place, before very long to a brick edifice, your Committee cannot recommend the granting of the prayer of the petitioner.

Your Committee has taken it upon themselves to authorize some very trifling alterations, by James Gannon in the house No 11 Flower Street.

All which is respectfully submitted  
G. G. Power  
Chairman

On Motion

the same is adopted.

Read Letter from John A. Bell, Chairman of Commissioners of Water Supply relative to supply of water to John Street, & Richmond.

where the following resolution was introduced

Resolved.

That the letter of John A. Bell, Esqr, Chairman of Commissioners of Water Supply, be received, and that the Clerk be instructed to address a letter to the Commissioners acknowledging the receipt of said letter, and requesting the Commissioners to furnish this Council as early as may be possible with a plan of the proposed extension of the water pipes to Richmond, as also an estimate of the probable cost of such work and the estimated income to be derived along the line of such extension. Moved by Alderman Gray seconded by Alderman Power which on being put is passed. Moved by Ald
