August 13th Commissioners for the City of Halifax provided that any greater sum than Sixty Thousand Dollars should at the request of the Commissioners receive the consent of the Governor in Council

All the requirements of the Section have been complied with by the Board. The estimate was framed with great care and with due regard to the utmost economy consistent with the efficient management of the Schools. It was forwarded to the Governor in Council and returned duly approved as attested by the signature of His Honor and subsequently communicated to the City Council through your Worship.

I would express a hope that the City Council will on their part before it is too late comply with the requirements of the section referred to and assess a sum sufficient to produce the required sum of Sixty Four Thousand Five Hundred Dollars (\$64,500.00) which is the lowest amount with which the Commissioners can possibly perform the duties with which they have been entrusted.

I would further again call attention to the indebtedness of the City to the Commissioners the account stands as follows

Committee Room August 4th 1880

The Police Committee have to report for the information of the City Council that they have had under consideration a letter from His Worship the Mayor complaining of a bad feeling existing between several members of the force and coupled with that request that the Committee would make it a subject for investigation

Your Committee have given the matter the fullest inquiry and regret to say that the complaint is well laid. All the parties implicated have been brought before the Committee and charges and counter charges heard and investigated. Subsequent charges having been made against Policeman Murphy (one of the before mentioned parties notably one for interfering with the Police in the performance of their duty while watching to arrest a prisoner) your Committee feel that the best interests of the Police force would be served by his removal and they therefore recommend to this Council that Policeman Murphy be dismissed from the force.
