Report Committee Public Accounts in re propositions from Banks for loan &c

Public Accounts in reference to the propositions from the Banks for loan &c

Read Report from Committee of City Council Committee Room

March 30th 1882

At a Meeting of the Committee of Public Accounts held this Evening Present Aldermen Machintosh, Story O'Connor

Read letters from Cashier of the Union Peoples, Merchants Banks and Halifax Banking Company in reference to loan and opening an account with the City

The Majority of the Committee viz Ald. Machintosh and O'Connor decided to recommend the Council to accept the offer of the Union Bank of Halifax as its terms were the most favorable to the City

Ald. Story dissented on the ground that the Bank of British North America had not been invited to tender, that the Bank of Montreal had not sufficient time given to enable it to consult the Head office and also that opportunities should have been given to private citizens to tender for the short loan

All of which is Submitted

not directing near to present

1882

April 24th

The Resolution of City Council appointing the Committee was read as also Mr Dault's letter as above and afterwards the following Resolution, which was moved by Alderman Mac Kay, and seconded by Alderman Hesslerin was discussed and adopted

Whereas a dispute has arisen between the Corporation of the City of Halifax and the Governors of Dalhousie College as to the title to the property known as the "Grand Parade" and it is desirous of having said right settled and compromised

Therefore Resolved that the Committee recommend the City Council to compromise and settle said right upon the following terms:

First: That the Governors of Dalhousie College convey all their rights to said Parade from a point fifteen feet from the southern end of the flags in front of Dalhousie College to St. Pauls Street and between Angyle Street and Barrington Street

Secondly: In consideration of said conveyance the Corporation will give and grant to said Dalhousie College the sum of five hundred dollars each and every year during such time as said College shall be open and in operation as a College within the boundaries of the Corporation of Halifax to be applied to the uses of the College with the view of more thorough training of pupils intended for mechanical arts

Thirdly: That the said City of Halifax convey any rights they may have to that portion of the Parade from said point in first paragraph mentioned to Duke Street

Fourthly: The Governors of Dalhousie College shall have a right of way over that portion of said property North of George Street extending to the said College: and that each party pay their own costs and all legal expenses now incurred

Respectfully Submitted
Geo. Fraser

& Trucks Com-
mittee

August 9th

The Committee on Hacks, Trunks and Omnibuses beg to report for the information of the City Council and do recommend as follows.

1st That every applicant for Hack License must be the bona fide owner of at least one horse and one covered Carriage before such license can be granted

2nd That to provide accommodation for the increased number of Hacks a new stand be allowed on the South East side of the Province Building this will relieve the overcrowded state of the Hack stand on the opposite sides of the Streets

3rd That all Omnibuses employed in carrying passengers be compelled to run in accordance with the printed instructions on their time table and that the Police force be ordered to report such drivers as are not acting in accordance therewith.

All of which is respectfully submitted

Thos Spelman
Chairman

On Motion of Alderman Spelman seconded by Alderman Sedgewick The said report is received and adopted and His Worship the Mayor is respectfully requested to see the provisions of 3rd Clause thereof strictly carried out

Read Report from The Board of City Works and City Engineer in reference to manner in which the cleaning and watering Streets Contract is being carried out

Report Board of Works in re Dept Water Services

Read Report from The Board of City Works and City Engineer in reference to petition from Rate-payers Water Street near Dept Water Services

Report Committee on Oil Lamps

Read Report from The Committee on Oil Lamps in reference to use of Gasoline Oil and the erection of New Lamps

Committee Room

At a Meeting of Your Committee held for the purpose of opening Tenders for Lighting the Oil Lamps for the current year. they received 4 Tenders the lowest of which was accepted being that of Mr Ready for \$870

Sometime previous to asking Tenders for the current year your Committee were solicited to try Gasoline for lighting the suburbs in lieu of the Oil now in use and were induced to ask for Tenders for the same with a view if found within the means at their disposal, to recommend the same to the City Council but received no reply to their advertisement.

As a number of posts and lamps are in a very delapidated state and will require removing ere long it perhaps would be well for the Council to consider the propriety of introducing the Gasoline which is without doubt a very much better light

August

Letter Duffy and Farrell

Read Letter from Messrs Mottow and Langley, Solicitors on behalf of Messrs Duffy & Farrell, complaining of an overflow of water

On Motion of Alderman Graham seconded by Alderman Sedgewick The same is referred to the Board of City Works to report on at next Meeting of Council

1882

August 16th

Report Recorder on the Estimate for current year
with the Estimate resolution of City Council
for current year

Read Report from His Honor
Recorder on the Estimate for current year as requested by

Recorder's Office
August 11th 1882

Gentlemen

I have examined the items of the estimate referred to me by resolution of the City Council and consider that the same, with the exceptions hereinafter mentioned, can be legally assessed on the property within the City

Union Protection Company \$600.00

Union Engine Company \$600.00

Axe and Ladder Company \$100.00

These Companies in this form, but if the payment of these sums is necessary to keep up the efficiency of the Fire Department, it is fully authorized, as the expense of the Fire Department is one of the special objects of assessment

Internal Health \$10,000.00

Streets (Labor & Material) \$13,000.00

Section 8 of Chapter thirty six of the Acts of 1877 requires that the City Council shall out of the funds and revenues at their disposal set aside for the services of streets a sum not less than \$25,000.00 which shall be a first charge on such funds &c.

The estimates for streets is only \$13,000.

to this however might be added a portion of the sum estimated for Internal Health as a large portion of that expenditure is incurred in watering and cleaning streets but even then it falls short of the required amount

These sums should I think be increased and the sum of \$25,000.00 be set apart for the street service (including watering and cleaning) as required by the Act

Citizens Free Library \$550.00

This sum is in excess of the amount allowed by law for this service and is unauthorized

Halifax Visiting Dispensary \$750.00

Infants Home \$300.00

I can find no authority for these appropriations and although these institutions may be considered worthy of support the City Council cannot in my opinion give them grants out of the general assessment without the authority of the Legislature

Industrial School \$1200.00

By an act of the Parliament of
Canada

Meeting of the Mayor in the afternoon, Council Chamber

referred to in reference to the transactions of the Council

Meeting held

Mayor submits a number of resolutions passed by the Council

Minutes of Council read for

from His Honor

Mayor Motion referring of an

Minutes March 11th 1882 is referred

The Secretary passed by the

Minutes sent with accounts

Minutes added last for

Minutes of Council referred to

Minutes of Council referred to

1882

August 16th

Comada the Stipendiary Magistrate for the City of Halifax is enabled to sentence a boy, liable to imprisonment to be detained in the Industrial School for any period not exceeding five years or less than two year, but it is provided that no such sentence shall be pronounced unless or until provision has been made by the City of Halifax out of its funds for the support of the boy so sentenced.

The City Council has for several years without any further authority, paid for the support of boys at that institution, and a number have been sent there by the Stipendiary Magistrate under the Act above mentioned.

Under this circumstance I am of opinion that the City would be liable to provide for the support of these boys now in the School and that the assessment for such a purpose would be sustained, more particularly, as section 151 of the Charter has been entirely ignored and no provision made at the City Prison for juvenile offenders.

I think, however, that no further appropriation should be made (except for the boys now in the School until the sanction of the Legislature is obtained and the Stipendiary Magistrate should be notified that the City cannot at present provide for the support of any more boys at that Institution.

Inspector of Buildings \$100.00

The Law on the subject of Inspection of Buildings is in such an anomalous position that it is doubtful if there is legally such an officer in the City.

Section 658 of the Charter provides that the City Council shall annually appoint a city architect or inspector of Buildings and fix his remuneration from time to time and it defines the duties of such officer.

By Chapter 34 of the Acts of 1872 the powers, authorities, functions and duties of certain officers including the City Architect were abolished, while Chapter 29 of the Acts of 1876 recognize the office of Inspector of buildings for the City and defines his duty with reference to dangerous buildings.

Under the circumstances, if such an officer has been appointed by the City, and has performed his duty in good faith, I think the assessment for his salary would be sustained.

Extra Assessment, Maintenance of Public Park
\$1000.00

The Act authorizing this assessment having passed before the Act of 1874 limiting the general assessment to one hundred thousand dollars a question might be raised as to the right to assess this amount in addition to that sum, but after a careful consideration of the Acts I am of opinion that this amount is in addition to the General Assessment and is properly placed in the estimate as an extra assessment. It is not in any way included among the objects for which the General Assessment is to provide and is expended by another Corporation.

1882
