HOSTEL TO ACCOMMODATE MEN IN HIS MAJESTY'S SERVICES

Read letter from His Worship the Mayor as follows:-

November 16th, 1939.

Members of the City Council.

Dear Aldermen:-

Since the outbreak of war, as you know, Halifax has had large numbers of service men in its midst, and with a continuance of war we can expect a still larger number. A number of our citizens have been worried over the fact that when these large numbers of men are granted leave in the City there is no central meeting place which they can have for recreation or in general is there accommodation where they can obtain comfortable quarters for the night.

Colonel Webb of the Canadian Legion, British Empire Service League, has been in the City the past two days making an investigation of the whole situation and has asked the City, through me, to contribute up to Fifteen per cent of the cost of such a hostel as the Canadian Legion and its committee may obtain, with a maximum expenditure for the City of \$15,000.00. I understand that the Provincial Government are prepared to pay Twenty-five per cent of the cost, not to exceed \$25,000.00, and apparently it will cost at least \$100,000.00 to put this project into commission. It is proposed that the balance of this sum will be obtained from the Federal Government in Ottawa.

November 16th, 1939,

There is no doubt but that the situation is a serious one and must be taken care of, but there may be some question as to whether or not it is a matter solely for the Department of National Defence and the Dominion Government.

However, prompt action must be taken and apparently if the City will contribute as outlined above it will expedite matters.

Yours truly,

Walter Mitchell,
MAYOR.

The Mayor called upon the Deputy Mayor to assume the Chair while he addressed Council from the floor of the Council Chamber.

The Mayor stated that the Imperial Government recognizes Halifax as an important port, with the result that a great number of ships with large crews come to Halifax.

At present, the Mayor said, it is impossible to accommodate all these men and Col. Webb has requested that the City of Halifax make a contribution of 15% towards the cost of a hostel to accommodate men in His Majesty's services.

The Mayor also stated that he was given to understand that the building to be used for such a hostel would be vested in a private association, such as the Canadian Legion, from which the City of Halifax would continue to derive taxes.

The Mayor then assumed the Chair.

8.15 P.M.,

Alderman Kinley arrives and takes his seat in Council.

November 16th, 1939.

Alderman Batson stated that if there was to be a canteen in connection with the hostel, he could not support same.

Moved by Alderman MacKay, seconded by Alderman Donovan that

BE IT RESOLVED upon receipt by His Worship the Mayor of the assurance of the Premier and Government of the Province of Nova Scotia that he and it will support legislation to be submitted by the City at the next session of the Legislature ratifying the action of the City herein, that the City do borrow from any bank or fund available a sum of money not to exceed fifteen percent of the cost of establishing a hostel for men of His Majesty's services visiting the City of Halifax, provided that such fifteen percent shall not exceed the sum of \$15,000.00 and to pay the same to the governing body of such hostel, and the said sum so borrowed with the interest thereon shall be included in the estimates of the City for the civic year 1940-41.

Alderman Curran objected to this matter being considered at this meeting as he felt it should be submitted as a notice of motion, and asked for a ruling from the City Solicitor.

The Solicitor replied that if there were three or more objectors the matter could not be dealt with at this meeting.

Alderman Batson, Curran, Curtis and Freda then objected to the matter being dealt with at this meeting.

Moved in amendment by Alderman Lloyd, seconded by Alderman Keshen that the question of a hostel for accommodating men in His Majesty's services be considered at a special meeting of the City Council to be held on Monday, November 20th at 5 P.M. Amendment passed.

SALE OF LOT - CONNAUGHT AVENUE

Read report of the Committee on Works and City Engineer re sale of lot, Connaught Avenue.

November 16th, 1939.

The City Council.

At a meeting of the Committee on Works held on November 14th, 1939, the attached report of the Assistant City Engineer dated November 13th, 1939, on a letter from Mr. George S. Moffat, in which he submits an offer of \$100.00 for the portion of Lot No. 77 not required for street purposes on Connaught Avenue, was considered.

On motion of Alderman MacKay, seconded by Alderman Freda, the said report recommending that the offer of Mr. Moffat of \$100.00 be accepted, was approved and recommended to Council for adoption.

Walter Mitchell,
MAYOR AND CHAIRMAN.

November 13th, 1939.

His Worship the Mayor.

Sir:-

I beg to report on a letter from Mr. George S. Moffat, in which he submits an offer of One Hundred Dollars (\$100.00) for the portion of Lot #77, not required for street purposes on Connaught Avenue.

This lot was purchased from Mrs. Margaret and Mr. W. P. Buckley in September 1937, at a cost of \$559.35. This amount included a valuation of \$300.00 for the whole lot only, the balance of the amount being made up of other contingencies.

The City Assessor values the whole lot at 0.07 per sq. ft. or a total of \$358.75. The portion asked for is 28% of the whole, which, at the rate assessed would be valued at \$101.50. Using the amount paid to Mr. and Mrs. Buckley (\$559.35), the present value for the 28% would be \$146.60.

November 16th, 1939.

Lot #78 is assessed at \$500.00 and is the same size as Lot #77.

Since the City does not need the land in question, and it is not otherwise large enough for a building lot, it is recommended that the offer of Mr. Moffat of \$100.00 be accepted.

Respectfully submitted,

Wm. J. DeWolfe,
ASST. CITY ENGINEER.

Moved by Alderman MacKay, seconded by Alderman Freda that the reports be adopted.

Walter Mitchell,
MAYOR AND CHAIRMAN,

November 8th, 1939.

The contract for crushed stone with the Fairview Crushed Stone Company, Limited, provides that the Committee on Works may, after the first of November, pay the contractor such proportion of moneys retained on the contract, as it may decide upon.

I can see no objection to the City acting under Clause 12 of the specification and paying the sum of Two Hundred and sixty dollars and forty cents (\$260.40) to the contractor.

November 16th, 1939.

At a meeting of the Committee on Works held on November 14th, 1939, the attached report of the City Engineer dated August 16th, 1939, concerning two applications from the MacGregor Motors Limited, for permission to erect signs on the building #100 Sackville Street, consideration of which had been deferred by the Committee on Works on August 16th, 1939, was again considered, together with a letter dated November 3rd, 1939, from Mr. C. His Worship the Mayor.

Sir:-

I beg to report on two applications from the MacGregor Motors Limited for permission to erect signs on the building No. 100 Sackville Street.

November 16th, 1939.

One sign to be erected at the north-east corner of Briar Lane and the other one west of Briar Lane.

The signs are not neon and it is proposed to illuminate them with reflected light from over-hanging bulbs. The other signs on this building are neon signs and in my opinion, due to the prominence of the locality, any overhanging signs should be lighted by neon or similar lights.

Should the committee think otherwise I am attaching form of lease which shall have to be approved by the Council.

Respectfully submitted,

H. W. Johnston,
CITY ENGINEER.

Moved by Alderman Donovan, seconded by Alderman Lloyd that the report of the Committee on Works be adopted. Motion passed.

SEWER OUTLET - HALIFAX SHIPYARDS LTD.

Walter Mitchell
Read report of the Committee on Works and City Engineer re sewer outlet, Halifax Shipyards Limited.

November 16th, 1939.

The City Council.

At a meeting of the Committee on Works held on November 15th, 1939, the attached report of the Assistant City Engineer dated November 14th, 1939, on tenders received for the construction of sewer out-let at the Halifax Shipyards was considered.

On motion of Alderman MacKay, seconded by Alderman Freda, the tender of Cosgrove Bros. at \$3700.00, as verbally recommended by the Assistant City Engineer, was recommended to Council for acceptance.

Reports of the City Engineer and Committee on Works dated July 10th and July 13th, 1939, respectively, relative to the proposed extension of this sewer outlet, were adopted by City Council on July 13th, 1939.

Walter Mitchell,
MAYOR AND CHAIRMAN.

November 16th, 1939.

November 14th, 1939.

His Worship the Mayor.

Sir:-

I beg to report that two tenders were received in answer to advertisements inserted in Halifax newspapers; one from Cosgrove Bros. and one from the Standard Construction Company.

(1) For the construction of sewer outlet with wood piling protection:-

Cosgrove Brothers, per James Cosgrove \$3700.00
Standard Construction Co., per E.L. Thorne 4500.00

(2) For the construction of sewer outlet with stone Rip Rap protection:-

Cosgrove Brothers, per James Cosgrove \$4000.00
Standard Construction Co., per E.L. Thorne 4500.00

Certified cheques accompanied each tender.

Acting on your instructions I had an interview with Mr. James Cosgrove, of the firm of Cosgrove Bros., who told me that he is head of the organization and he seemed to have a good idea of the requirements necessary for such work as tendered on. He, personally, is a painter by occupation but has had contracts of a like nature several times in the past, but not in Halifax.

He has a brother who has had about twenty years experience in similar work and is a diver who has been, and is now, employed with the Dominion Construction Co. This brother is the foreman or manager in charge of any contracts which his firm may have.

Mr. Cosgrove informed me that the firm has no equipment, except diving apparatus, but intends to rent such if favored with this contract, I think, from the Shipyards Company.

It will require about two or three days after an order is given before the creosoted lumber can be had, if the lumber is in stock.

The lowest bid on the proposed work was tendered by Cosgrove Brothers for No. 1 of the Schedule at \$3700.00.

Respectfully submitted,

Wm. J. DeWolfe,
ASST. CITY ENGINEER.

November 16th, 1939.

Moved by Alderman MacKay, seconded
by Alderman Freda that the reports be adopted.
Motion passed.

SPECIAL MEETING.

5.00 o'clock,
Council Chamber,
City Hall,
November 20th, 1939.

A meeting of the City Council was held this day. There were present His Worship the Mayor, Chairman; and Aldermen Batson, MacKay, Donovan, Curran, Sullivan, Freda, Adams, Lloyd, Keshen, Curtis, Walker and W.A. MacDonald.

The meeting was called specially to consider a resolution re the establishment of a hostel in the City for the use of men in His Majesty's services, and a contribution by the City thereto.

Read letter from His Worship the Mayor as follows:-

November 16th, 1939.

Members of the City Council.

Dear Aldermen:-

Since the outbreak of war, as you know, Halifax has had large numbers of service men in its midst, and with a continuance of war we can expect a still larger number. A number of our citizens have been worried over the fact that when these large numbers of men are granted leave in the City there is no central meeting place which they can have for recreation or in general is there accommodation where they can obtain comfortable quarters for the night.

Colonel Webb of the Canadian Legion, British Empire Service League, has been in the City the past two days making an investigation of the whole situation and has asked the City, through me, to contribute up to Fifteen percent of the cost of such a hostel as the Canadian Legion and its committee may obtain, with a maximum expenditure for the City of \$15,000.00. I understand that the Provincial Government are prepared to pay Twenty-five percent of the cost, not to exceed \$25,000.00, and apparently it will cost at least \$100,000.00 to put this project into commission. It is proposed that the balance of this sum will be obtained from the Federal Government in Ottawa.

November 20th, 1939.

There is no doubt but that the situation is a serious one and must be taken care of, but there may be some question as to whether or not it is a matter solely for the Department of National Defence and the Dominion Government.

However, prompt action must be taken and apparently if the City will contribute as outlined above it will expedite matters.

Yours truly,

Walter Mitchell,
MAYOR.

5.05 P.M.,

Alderman Kinley arrives and takes his seat in Council.

The following resolution was then submitted.

BE IT RESOLVED that legislation be submitted to the next session of the Legislature to enable the City to make a contribution towards the establishment of an hostel in the City of Halifax for members of His Majesty's Forces, such contribution not to exceed fifteen percent (15%) of the cost of establishing such hostel and in no event to exceed the sum of \$15,000.00.

AND BE IT FURTHER RESOLVED that legislation be also submitted to the said Legislature to enable the City to raise the said sum by a special tax on all persons, firms and corporations assessed for Business Tax and liable for Special Taxes under Section 361 of the Charter, for the civic year 1940-41.

Moved by Alderman MacKay, seconded by Alderman Donovan that the resolution as submitted be approved.

Alderman Batson stated that he wished to go on record as being in favor of the establishment of a hostel, regardless of the cost, but was opposed to liquor being sold in the canteen.

November ²⁰ 16th, 1939.
