NEW CITY CHARTER

At the request of the Deputy Mayor, the Deputy City Solicitor addressed Council advising that the Legislature, meeting as a Committee of the Whole, had, on motion of the Premier, voted to reject Bill 62, respecting the New City Charter for Halifax.

PUBLIC HEARING - REZONING BLOCK OF LAND NO.5 FRONTING
ON OGILVIE STREET FROM R-1 ZONE TO R-3 ZONE

A public hearing was scheduled for this time in connection with an application to rezone Block No.5 of land lying between Ogilvie Street and Point Pleasant Drive as shown on Drawing No.P/200/548, from R-1 Zone to R-3 Zone.

The City Clerk advised that the matter had been duly advertised and that no written objections had been received, but that a letter had been received from Donald McInnes, Q.C., to the effect that he had been retained by the same residents of the area who had objected to a previous application to rezone portions of the same property.

The City Clerk also advised that he had received a letter dated April 11, 1962, from Mr. R. M. Medjuck, President of Point Pleasant Developments Limited, requesting that his application to rezone Block No.5 be withdrawn.

Council,
April 12, 1962.

Alderman Trainor requested the Director of Planning to explain the proposed development of the site if the rezoning is approved, so that Council would be aware of how the proposal differs from the previous proposal, who advised that he was unable to do so because he had not received sufficient information or detailed plans and specifications of the proposed buildings.

MOVED by Alderman O'Brien, seconded by Alderman Butler, that the request to withdraw the application to rezone Block No.5 be accepted, and that the public hearing be cancelled.

Alderman Wyman contended that since the matter had been advertised that any person who wished to speak should have the opportunity to do so.

The Deputy Mayor asked if any person wished to speak against the proposed rezoning.

Mr. Donald McInnes, Q.C., addressed Council and stated that if the request to withdraw the application to rezone Block No.5 is accepted his clients would have no objection to this action as they preferred that Block No.5 remain R-1 Zone. No other person appeared to speak against the rezoning.

The Deputy Mayor asked if any person wished to speak in favour of the proposed rezoning.

Mr. Medjuck commenced to address Council but was ruled out of order. No further persons wished to be heard.

The motion was put and passed with Aldermen Wyman and Trainor voting 'against'.

Alderman Wyman then gave notice that at the next regular meeting of the Council he would move that the matter be re-considered.

PUBLIC HEARING - REZONING BLOCK OF LAND NO.8 FRONTING
ON OGILVIE STREET - FROM R-2 ZONE TO R-3 ZONE

A public hearing was held at this time in connection with an application to rezone Block No.8 of land lying between Ogilvie Street and Point Pleasant Drive as shown on Drawing No.P200/548, from R-2 Zone to R-3 Zone.

The City Clerk advised that the matter had been duly advertised and that no written objections had been received.

The Director of Planning was requested to outline the boundaries of the area to be rezoned and to explain the proposed development; and he pointed out that Block No.8 is bounded by Brussels, Ogilvie and View Streets and land to the

Council,
April 12, 1962.

South which is zoned R-1. He stated that the scheme of the proposed development as modified would be presented by the applicant but that the original proposal which included development of the Block No.5 had contemplated 78 units, comprised of 41 row housing units, 10 patio housing units and 27 maisonette units, with 100% underground parking.

Alderman O'Brien asked what was recommended by Staff, and the Director of Planning stated that Staff had recommended that a comprehensively designed scheme would be preferable to a haphazard development.

Alderman O'Brien: "Is this a comprehensively planned development?"

Director of Planning: "It is for the two Blocks, 8 and 9."

The Deputy Mayor asked if any person wished to speak against the proposed rezoning.

Mr. Donald McInnes, Q.C., appeared on behalf of a number of residents in the area and stated that his clients are in the position that they do not know what is planned for the area but they had indicated at the time of the original application for rezoning of lands in the area late in 1961 that if a scheme of lesser proportion than proposed at that time were envisaged they might be willing to go along with it; and he said that his instructions were to ask Council to inform them as to the exact scheme proposed.

No other persons wished to speak against the proposed rezoning.

Mr. R. M. Medjuck addressed Council and displayed photographs of similar type buildings to those planned for the area, and a sketch of the original lay-out of the buildings which he stated would have to be modified in view of the withdrawal of Block No.5 from the proposed development, to permit a development of 70 or 71 units instead of the original 78.

He assured Council that Point Pleasant Developments Limited would not again request that Block No.5 be rezoned but that it will remain as presently zoned, R-1 Zone.

He stated that the project proposed would be a Central Mortgage and Housing Corporation approved project and be of first class construction in all respects, the total value of the 70 or 71 units, including land, being \$1,200,000.00; and he further stated that the character of Point Pleasant Drive

Council,
April 12, 1962.

would be maintained, there being no entrance to the project from Point Pleasant Drive as vehicular entrances and exits will be provided on Ogilvie and View Streets, and the area to be developed will be completely and suitably landscaped with 100% underground parking.

Mr. Medjuck stated that the project would be developed at one time by his firm under one ownership and there will be control not only of design and time of construction but also of future maintenance of the land and buildings. Land coverage would be approximately 20% and the project is a low density development with approximately twenty units to the acre.

He referred to photographs of the area as it presently exists, which he displayed, and contended that the residents are now subject to certain hazards which would be eliminated by the proposed development, and he concluded by requesting Council to give favourable consideration to his application for rezoning.

MOVED by Alderman O'Brien, seconded by Alderman Macdonald, that the matter be deferred until the Town Planning Board has had an opportunity to study the complete plans of the proposed development showing the lay-out of the building and streets, the number of units in each building and the type of structures to be erected and has submitted a report with a recommendation to Council.

The motion was put and passed, six voting for the same, and four against it, as follows:

Voting For: - Aldermen Macdonald, Butler, LeBlanc, Healy, Wyman
and O'Brien - 6
Voting Against: - Aldermen DeWolf, Abbott, Meagher and Trainor - 4

PUBLIC HEARING - REZONING BLOCK OF LAND NO.9 FRONTING
ON POINT PLEASANT DRIVE - FROM R-1 ZONE to R-3 ZONE

A public hearing was held in connection with an application to rezone Block No.9 of land lying between Point Pleasant Drive and Ogilvie Street as shown on Drawing No.P200/548, from R-1 Zone to R-3 Zone.

The City Clerk advised that the matter had been duly advertised and that no written objections had been received.

The Deputy Mayor asked if any person wished to speak against the proposed rezoning.

Mr. Donald McInnes, Q.C., appeared and stated that he represented the same group of clients and that his presentation would be the same as in the case

Council,
April 12, 1962.

of the application for rezoning Block No.8.

No other person wished to be heard against the proposed rezoning.

Mr. R. M. Medjuck appeared on behalf of the applicant and stated that his presentation would be the same as in the case of the application respecting Block No.8.

No other person wished to be heard in favour of the proposed rezoning.

MOVED by Alderman O'Brien, seconded by Alderman Macdonald, that consideration of the rezoning of Block No.9 be deferred to the meeting of Council scheduled for April 26, 1962, when the report from the Town Planning Board, referred to in the previous resolution, is to be available. DEMOLITION OF NO. 714 BARRINGTON STREET

The City Clerk advised that an error had been made in the tabulation of tenders for the demolition of No. 714 Barrington Street submitted from the Commissioner of Works and Acting City Manager and approved by Council at the meeting held on April 27, 1961, and that a report had been received from the Committee on Works requesting that the tender tabulation be amended to read \$680.00 instead of \$225.00 ---the correct amount of the bid by Roy Judge Company Limited.

MOVED by Alderman Abbott, seconded by Alderman Trainor, that the tender tabulation and minutes be amended accordingly. Motion passed.
