

Council,
June 28, 1962.

I urge, again, having been supported in this matter at a recent meeting of the Retail Merchants Committee of the Board of Trade, that the non-prejudicial survey be carried out as soon as possible.

We in the Retail Committee feel strongly that the City Aldermen will demand that information which can only be obtained through an impartial organization, in this case, the City of Halifax.

Again I offer the Board of Trade Address-o-graph facilities to assist you in the distributing the questionnaire to the right people.

Yours sincerely,

H. E. Thomas

Members of the City Council.

At a meeting of the Public Health and Welfare Committee held on June 21, 1962, a report was submitted from the City Manager advising that during the Nova Scotia Legislature, Bill No. 112 was passed, being an Act to amend and consolidate the Public Health Act. The new Act is Chapter 13 of the Statutes of 1962.

The Manager also advised that the Commissioner of Health has prepared a report in which it is recommended that the Committee on Health appoint a Sub-Committee to meet with the Minister of Health for the Province, to discuss this new law and thereafter to recommend to Council whether the City should establish its own Health Unit, or combine with the City of Dartmouth under a joint Health Unit, or combine with the Municipality of the County of Halifax for a Metropolitan Health Unit, or combine with both the City of Dartmouth and the Municipality of the County of Halifax for a Metropolitan Health Unit.

Council,
June 28, 1962.

It is anticipated that such a meeting with the Minister of Health would permit the Committee on Health to ascertain the type of program and the Staff establishment which might be approved by the Minister of Health, together with information respecting the circumstances under which the Province would pay all the expenses, or only part of the expenses, or operation of either of the types of units referred to. Information should also be requested as to the extent of Provincial control over the Health Unit.

He recommended that these preliminary steps be taken in order that full information may be available respecting the new Public Health set-up.

Your Committee recommends that His Worship the Mayor appoint a Sub-Committee along with the City Manager and the Commissioner of Health to meet with the Minister of Health for the Province of Nova Scotia in this regard.

Respectfully submitted,

R. H. Stoddard,

To His Worship the Mayor and
Members of the City Council.

This property is located within the proposed Old Northern Suburb Redevelopment Area and may be required for the proposed diversion of Cornwallis Street between Barrington and Upper Water Streets. The owner has a permit to proceed with repairs and the Building Inspector has requested additional repairs to meet Ordinance No. 50 standards which would necessitate a large expenditure.

The 1962 assessment is made up as follows:

Land	\$ 450.00
Building	<u>\$ 4,350.00</u>

It is the opinion of staff that the market value does not exceed the assessed value. The owner has requested a decision as to whether or not the City intends to purchase. If so, he recommended that the sum of \$6,000.00 be made available from the Land Sale Account for this acquisition.

Your Committee recommends that the property be acquired for the sum of \$4,800.00 and that a resolution be approved withdrawing the sum of \$6,000.00 from the Land Sale Account for this purpose.

LETTER - W. D. OUTHIT RE: COMMISSION UNDER NOVA SCOTIA PUBLIC INQUIRIES ACT

Referred to Finance and Executive Committee for consideration.

Council,
June 28, 1962.

LETTER - MINISTER OF EDUCATION RE: COST SHARING - ADDITIONAL
CONSTRUCTION AND EXPANDED VOCATIONAL HIGH SCHOOL PROGRAM

April 26, 1962

Mayor John E. Lloyd
City of Halifax
City Hall
Halifax, Nova Scotia

Dear Mayor Lloyd:

The Vocational Education Board of the Halifax County Vocational High School has recommended an expanded vocational high school program and the construction and equipping of an addition to the present School to house that program. Included in the above, the Board recommended the construction and equipping of an auditorium-gymnasium.

The Province received from the Federal Government a grant of 75 per cent of all provincial capital expenditures for building and equipping vocational schools made prior to April 1, 1963, and 50 per cent of all such expenditures made on and after April 1, 1963. It is the opinion of officials of the Department of Public Works, in consultation with architects, that it is physically impossible to plan and complete the recommended additions to the School prior to March 30, 1963; consequently the Province would have to pay 50 per cent of the capital cost of construction and equipment made on and after April 1, 1963.

The Board's recommendation has been considered in regard to need and net provincial costs before, on and after April 1, 1963, and the Province is prepared to agree as follows:

- (1) provided that the municipal units agree to contribute 40 per cent of the operating costs of the expanded program, the Province will construct and equip at no cost to the municipal Parties an addition to the present building, to house an expanded vocational high school program satisfactory to the Minister;
- (2) provided that the municipal Parties to the Agreement agree to contribute 40 per cent of the capital cost of construction and equipping and 40 per cent of the cost of operating an auditorium-gymnasium, the Province will construct and equip and auditorium-gymnasium.

This is to inquire concerning your willingness as a Party to the Agreement

- (1) to contribute your share of the increase in annual operating costs (estimated by the Board to be approximately \$107,100.) attributable to the addition to the present program; and
- (2) to contribute your share of the capital costs of constructing and equipping an auditorium-gymnasium, the capital cost of which is estimated to be approximately \$300,000.

For initial examination at least, it would seem that your share of the increased operating costs and of the capital costs of the auditorium-gymnasium would be the percentage for sharing operating costs as set forth in the recent Agreement.

Council,
June 28, 1962.

Further details regarding the recommended expansion may be obtained from Mr. W. D. Mills, Director of Vocational Education.

Yours very truly,

R. L. Stanfield

MOVED by Alderman Lane, seconded by Alderman Wyman, that the matter be referred to the Regional Authority in an effort to secure agreement from the respective Councils. Motion passed.

MOVED by Alderman O'Brien, seconded by Alderman Greenwood, that Council approve in principle the construction of an auditorium-gymnasium. Motion passed.

MOVED by Alderman O'Brien, seconded by Alderman Wyman, that the additional costs of the expanded program, even though it exceeds 6% of the previous year, be approved. Motion passed.

HORSE RACING - NORTH COMMON

June 14, 1962.

To His Worship the Mayor and
Members of the City Council.

At a meeting of the Finance and Executive Committee held on June 7, 1962, a report was submitted from the Committee on Works recommending that the Halifax Harness Horse Club be permitted to use the North Common from October 1, 1962 to May 1, 1963 for the purpose of horse racing, under the same terms and conditions as those granted by Council the previous year.

Your Committee concurs in this recommendation.

Respectfully submitted,

R. H. Stoddard,
CITY CLERK.

To: His Worship the Mayor and Members of City Council.

From: L. Mitchell, City Solicitor.

Date: June 14, 1962.

Subject: Halifax Harness Horse Club - Use of Common.

At the last meeting of the Finance and Executive Committee, it was recommended to City Council that the Agreement between the City and the Halifax Harness Horse Club be renewed for the 1962-3 Season.

The question of public liability insurance was raised and the City Solicitor was instructed to report on this matter.

Council,
June 28, 1962.

The 1961-2 Agreement provided, in part, that the Club would take out liability insurance of \$5,000 for one person and \$20,000 for one accident. I am informed by a representative of the Club that the Club is willing to have these rates increased to \$200,000 inclusive, which would be written into the new Agreement.

Leonard Mitchell,
CITY SOLICITOR.

MOVED by Alderman Macdonald, seconded by Alderman Lane, that the matter be deferred and the Commissioner of Works requested to experiment with the growing of grass on the area known as the race track around the common and when the experimentation has been concluded, that he report to Council whether it is feasible or not.

The motion was put and lost, five voting for the same and seven against it as follows:

For: Aldermen Breen, Lane, Macdonald, Trainor and O'Brien; - 5 -

Against: Aldermen DeWolf, Abbott, Meagher, Healy, Wyman, Connolly and Greenwood; - 7 -

Alderman Lane requested information as to whether or not there was any legislation existing whereby the City could share in the amount of money as a result of the operation of the pari-mutual.

The City Solicitor was directed to report on the matter.

As the Province receives approximately \$25,000.00 from the pari-mutual operation, Alderman DeWolf requested that consideration be given to the matter of an adjustment of the amount the City receives.

Alderman Trainor requested a breakdown of the better's dollar, viz:

How much to the Province?

How much to the Better?

How much to the Club?

He also requested that the information obtained be furnished the members of the Finance and Executive Committee.

He further requested the City Manager to look into the matter of whether or not the Development staff had been directed to submit an overall plan for the Common.

MOVED by Alderman Healy, seconded by Alderman Connolly, that an agreement be entered into between the City of Halifax and the Halifax Harness Horse Club for the use of the North Common for the purpose of horse racing;

Council,
June 28, 1962.

that the rental and other financial arrangements be negotiated by the Finance and Executive Committee with the Club and that such arrangements be reported back to Council for approval.

The motion was put and passed, eight voting for the same and four against it as follows:

For: Aldermen DeWolf, Abbott, Breen, Meagher, Healy, Wyman,
Connolly and Greenwood; - 8 -

Against: Aldermen Lane, Macdonald, Trainor, and O'Brien. - 4 -

SWIMMING POOL - NORTH COMMON

10 Vienna Street,
Halifax, N. S.,
June 20, 1962.

City Council,
Halifax, N. S.

Dear Aldermen:

Halifax-Dartmouth & District Labour Council feels that an enclosed swimming pool on the Commons is a much needed and long overdue part of the recreation facilities of which the children and citizens of this City are entitled to. The conditions at present which the Children are expected to use and in the past are deplorable to say the least as far as swimming accommodations are concerned.

Yours sincerely,

Walter T. Brooks,
GENERAL SECRETARY.

Referred to the Recreation Commission for consideration.

10 Vienna Street,
Halifax, N. S.,
June 20, 1962.

City Council,
Halifax, N. S.

Dear Aldermen:

Halifax-Dartmouth & District Labour Council at the June meeting there was protest against the City Council regarding the action of the Committee in denying the use of public parks, etc., for the use of political speeches in which to make campaign speeches in this free Democratic Country of ours, which at a later date was approved by City Council that public grounds would be available.

Yours sincerely,

Walter T. Brooks,

PLAYGROUND AREA - MULGRAVE PARK AREA

10 Vienna Street,
Halifax, N. S.
June 20, 1962.

City Council,
Halifax, N. S.

Dear Aldermen:

Halifax-Dartmouth & District Labour Council at the June meeting there was a lengthy discussion on the importance of a Playground area that should be erected at Mulgrave Park for the children, it was felt that it would please the citizens of the area, for at the present time the children have no place to play and cause much annoyance to the citizens of that area, I also stress the point that it may also be responsible for saving some of the children from becoming injured while playing somewhere else.

Yours sincerely,

Walter F. Brooks,
GENERAL SECRETARY.

Referred to Town Planning Board and the Recreation Commission for consideration.

CAPITAL BUDGET, 1962

Referred to a special meeting of Council scheduled for July 3rd at 4:00 p.m.

QUESTION PERIOD

QUESTION - ALDERMAN O'BRIEN RE: PAVING DUTCH VILLAGE ROAD

Alderman O'Brien wanted to know what the position is with respect to the proposed paving of the Dutch Village Road.

His Worship the Mayor advised that he had been in contact with the new Minister of Highways and he said he would have a definite answer for His Worship within one week. The Mayor assumed that the proposed work was a financial allotment by the Province. Council was advised that as far as the City is concerned, everything is in readiness to proceed, but that the lowering of a water main and a County sewer near the Rotary had to be undertaken by the Province as they are in the County and do not come under City jurisdiction.

Mr. West advised that the sidewalk construction on the East side of Dutch Village Road would begin within the next three weeks.

Alderman O'Brien asked if the City could proceed with its work on half the road if word were received from the Province that it could ~~not carry~~ out its portion.

Council,
June 28, 1962.

The Commissioner of Works advised that it would be uneconomical and not practical from an engineering point of view, but that temporary paving could be laid down.

QUESTION - ALDERMAN WYMAN - PROTESTS - CAPITAL WORK PROGRAM

Alderman Wyman asked if persons protesting capital work being carried out on certain streets should be submitted orally or by written communication to the Council.

His Worship the Mayor suggested that any Alderman could make an oral submission on behalf of property owners, but that a written submission would be preferable.

QUESTION - REPORT OF OUTSIDE SOLICITOR RE: COSSOR LAND

Alderman Trainor requested that the report of the outside Solicitor engaged by the City with reference to the Cossor Land, be submitted to Council as soon as possible as he understood that this property has again changed hands.

QUESTION - ALDERMAN CONNOLLY - PERMIT FOR ADDITION TO HOUSE,
AGRICOLA STREET - MR. THOMAS RICHARDSON

Alderman Connolly stated that Mr. Richardson applied for a permit to construct an addition to his home on Agricola Street and had submitted plans, but same were rejected by the Building Inspection Department.

The Alderman felt that Mr. Richardson's application was in the same category as the extension to the non-conforming building at No. 101 Allan Street and should be further reviewed by staff.

Mr. Richardson was directed to meet with the City Manager to discuss the matter.

QUESTION - ALDERMAN WYMAN RE: USE OF CITY-OWNED LAND

Alderman Wyman advised that men working for the Recreation Commission started to do some work preparatory to erecting some of their equipment on land not owned by the City and over which they had no control. He pointed out that the control of City-owned land comes under the jurisdiction of the Committee on Works. He therefore requested that this Committee be asked to examine the

Council,
June 28, 1962.

matter of the use of City-owned land by Commissions of the City with a view to determining a procedure which can be followed and will ensure that the various Commissions will know what City-owned land they have some control over and the land they do not.

QUESTION - ALDERMAN WYMAN RE: TRAFFIC - YOUNG AND KAYE STREETS

Alderman Wyman requested a report from the Traffic Engineer on the suggestion that the traffic situation at Young and Kaye Streets, East of Gottingen Street, might be relieved by providing parking on one side of Young and Kaye Streets only and making the two streets one-way from a point where they intersect at the corner of Isleville Street.

The matter was referred to the City Manager for a report.

QUESTION - ALDERMAN O'BRIEN RE: USE OF COMMONS BY CIRCUS

Alderman O'Brien stated that it was his understanding that the circus was not located on the correct area of the North Common which was inconvenient to the Recreation Commission. He asked if the specific location of the circus had been cleared with the Commissioner of Works.

Mr. West replied that in former years a plan was prepared showing the proposed area of land to be occupied by the circus. The advance agent always contacted the Works Department, which Department staked off the specific location, but this procedure was not followed this year.

The Alderman requested that such an incident be avoided in future and that better control of the location of the circus be maintained by the City staff.

The City Manager was directed to note the observation.

Meeting adjourned.
