ADDED ITEMS

Recommendation - Election Procedures Committee

A report dated December 14, 1977, was submitted from the Election Procedures Committee respecting the matter of the return of Candidate's deposits - Civic Election 1977.

Alderman Moore said the intent of the section of the Charter in question was to ensure that the material erected in connection with the election would be removed after the day of the vote. Following an explanation by the Acting City Manager, the Motion was put and passed with Deputy Mayor Shannon against.

Metro Centre - Security

The above noted item was added to the agenda at the request of Alderman Lawrence.

Alderman Lawrence expressed some concern with respect to the security contract awarded for Metro Centre saying it was his understanding that the contract was awarded to the same company that provides the service at the Forum. Alderman Lawrence said he would like to receive a report on the matter and would like to receive the full documentation on the particular contract. Alderman Lawrence said he would like City Council to see the tender documents.

His Worship asked if the tender documents could be secured from the Commission and the Acting City Manager advised that he would attempt to do so.

Alderman Clarke asked whether members of Council were entitled to look at the contracts drawn up between the Commission and the Nova Scotia Voyageurs, and His Worship expressed the feeling that any member of Council could look at the documents in private.

His Worship suggested that as the Metro Commission is a civic body, any elected member of the City is entitled, on his or her responsibility, to all information concerning the City's business, but said the information has not been widely disclosed for competitive good business reasons.

Alderman Moore advised that the two pertinent documents have yet to be finalized and executed but expressed the feeling that they will soon be completed.

His Worship then asked if the Commission could be requested to keep the enquiry in mind and to give Council a report, and the Acting City Manager advised that this would be done.

His Worship said that at such time as there is a contract document, a copy will be sent to Alderman Clarke marked Confidential.

Alderman Wooden said that when one is proceeding north on the Herring Cove Road, it is not possible to make a left hand turn on the Old Sambro Road without the traffic backing up. Alderman Wooden indicated she would like to know when some improvements can be made and if the item has been budgeted for.

His Worship suggested that staff be asked to bring in the cost of traffic improvements to permit freer left hand turns onto the Old Sambro Road for in-bound Herring Cove Road traffic as part of the budget considerations for traffic improvements, and Alderman Wooden indicated she would like to make such a request.

Pedestrian Safety - Old Sambro Road

The above noted item was added to the agenda at the request of Alderman Wooden.

Alderman Wooden expressed concern with respect to safety on the Old Sambro Road and requested staff to include the estimate of the cost to include sidewalk installation on the Old Sambro Road in time for capital budget consideration.
