Re: Petro Canada Case 815

Ladies and Gentlemen:

As a representative of Petro Canada, we respectfully request that the planning staff report on the Petro Canada file (Young and Windsor Plan Amendment and Development Agreement) be tabled at Peninsula Community Council on Monday June 12th, but that any action on this item be deferred until Monday July 10th, 2006.

The intent of this deferral is to allow our team the time to review the staff report, and prepare for the meeting accordingly.

If you have any questions, please do not hesitate to contact me at 497-7338.

Sincerely
Cantwell & Company Limited
