NOTE: Because more than one meeting could have taken place on a given day, (i.e. a public hearing taking place before the regular council meeting), there may be more than one page entry for that date. When you consult the minutes if the page number given in this index does not lead you to the relevant item, try the meeting minutes just before or after; a public hearing or special meeting was probably held that same day.

Search for keywords; then request the volume of minutes for that meeting date, and look for the relevant page.

KEY: MC=Motion Carried. MD=Motion Defeated.

NOTE: Because more than one meeting could have taken place on a given day, (i.e. a public hearing taking place before the regular council meeting), there may be more than one page entry for that date. When you consult the minutes if the page number given in this index does not lead you to the relevant item, try the meeting minutes just before or after; a public hearing or special meeting was probably held that same day.
