SUBJECT: Schedule A' Update – Services Agreement Greater Halifax Partnership

ORIGIN

MOVED by Councillor Nicoll, seconded by Councillor McCluskey that Halifax Regional Council approve the Service Level Agreement with the Greater Halifax Partnership for a term of five years, with the ability for HRM to terminate the agreement with six months' written notice, and forward to Regional Council for approval. MOTION PUT AND PASSED.

MOVED by Councillor Nicoll, seconded by Deputy Mayor Fisher that Halifax Regional Council:

1. Endorse the remaining responses to the Auditor General's report on economic development as articulated in Attachment 11 of the February 18, 2014 staff report;
2. Accept the Statement on Economic Development in Attachment 2 of the February 18, 2014 staff report, as the overarching economic development approach in HRM;
3. Endorse the current arms-length development model approach to agencies performing economic development and tourism functions in HRM;
4. Endorse the current configuration of economic development and tourism agencies in HRM, assigning Destination Marketing Organization (DMO) functions to Destination Halifax and Economic Development Organization (EDO) functions to Greater Halifax Partnership;
5. Direct closer collaboration between the Greater Halifax Partnership and Destination Halifax as described in the discussion section of the February 18, 2014 staff report;
6. Endorse the continued oversight and governance of the Greater Halifax Partnership, Destination Halifax, and the Business Improvement Districts by means of Service Agreements, supplemented where appropriate by Memoranda of Understanding; and

7. Endorse the continued development of outcome measures, tied to the 2011-2016 Economic Strategy, where appropriate, for agencies performing an economic development and tourism function on behalf of HRM.

MOTION PUT AND PASSED UNANIMOUSLY.

LEGISLATIVE AUTHORITY

The Halifax Regional Municipality Charter 2008, c. 39, s. 1. (the Charter) confers legislative authority to enter into a contractual relationship with the Greater Halifax Partnership for the purposes of delivering services as specified in Schedule A to the agreement.

RECOMMENDATION

It is recommended that the Community Planning and Economic Development committee recommend to Regional Council the approval of an amending agreement to the Services Agreement with the Greater Halifax Partnership that replaces the 2013/2014 Schedule A with the 2014/2015 Schedule A included as Attachment C.

BACKGROUND

Economic Development in the Halifax Regional Municipality

In the broadest terms economic development is successful when Halifax sees population growth, employment and income growth, and growth in the business tax base. More specifically, HRM's economic development direction is set out in the Council endorsed strategy AGREATERTER Halifax; the 2011-2016 Economic Strategy for Halifax as well as through HRM's business planning process.

At the direction of Regional Council, staff undertook a review of the governance structure of agencies within HRM performing an economic development function. This review was presented to Regional Council on March 4, 2013. Regional Council endorsed the current arm's length economic development governance model. It endorsed the current configuration of economic development and tourism agencies and assigned economic development functions to GHP. It also directed closer collaboration between GHP and Destination Halifax.

The Greater Halifax Partnership (GHP) is a private-public, economic growth organization with core funding provided by HRM and 117 private sector investors. Funding from business investors is in the form of cash and in kind services which include local media advertising, meeting space in local hotels, consulting services provided by local firms, etc.

GHP also generates revenue through various projects funded by government and nongovernment sources. The Municipality is the largest single funding partner, contributing \$1.57 million in 2013-2014. This HRM funding enabled the Partnership to leverage approximately \$900,000 in

private sector commitments, significant project revenue, and a high level of volunteer commitment to HRM's economic growth efforts.

The relationship between HRM and the GHP is formalized through a services agreement through which the Municipality articulates expectations, deliverables and measures to help ensure value for investment. The service agreement is tied closely to supporting the implementation of the 2011-2016 Economic Strategy and the municipality's corporate direction with respect to economic development.

Highlights of 13-14 activities

- The Smart Business - Business Retention and Expansion program connects local businesses to resources and services to encourage them to stay in Halifax and grow their businesses. GHP made 200 business visitations over 2013/2014 as part of this program resulting in 76+ jobs being created, 11 business retentions and 21 business expansions.
- Work on the Regional and Head Office Strategy was substantially complete in 2013/2014 with GHP and consultant Millier, Dickinson, Blais interviewing 34 head and regional office companies in Halifax. The final report can be read at: http://www.greaterhalifax.com/site-ghp2/media/greaterhalifax/8x10_GHP_Summary_WEB.pdf
- GHP worked with the Mayor on a "Celebrate Business" program, connecting the Mayor with various current and prospective businesses.
- Worked with the Business Improvement Districts to support business retention and attraction in their districts.
- Participation on the Service Nova Scotia Industry Advisory Group for the Restaurant and Accommodations bundle of the Access to Business project.
- Support to the Sheet Harbour Area Chamber of Commerce including working with HRM and ACOA to look at the development of a regional strategic plan for the Eastern Shore.
- GHP continues to have ongoing collaboration with Nova Scotia Business Incorporated (NSBI) and other partners to attract and retain business investment. In 2013/2014 this collaboration saw:
 - 38 prospect companies shortlist Halifax for their investment.
 - 6 Companies who have successfully opened an operation and hired at least 1 employee in Halifax.
- On-going management of the Halifax Gateway Council.
- Administration function for the Strategic Urban Partnership. On behalf of HRM, in 2013/2014 the Strategic Urban Partnership:
 - delivered a report on the Cogswell Interchange to HRM, outlining the level of participation and stakeholders represented, summary and themes from the feedback. This report was attached to the Cogswell Lands Plan report recently presented to Executive Standing Committee,
 - provided on-going advice and engagement on intergovernmental capital improvement campaign, including project identification and finalization of assessment criteria,

- support HRM's civic engagement activity related to the Urban Core through assistance with Downtown...I'm In.
- Helping immigrants, international students and young and emerging talent build a professional network, and connect with job opportunities, through the Connector Program:
 - 121 new business leader Connectors
 - 101 Immigrant participants
 - 283 young emerging talent participants (104 YETs, 103 International Students and 76 YET Speed Interview participants)
 - 185 participants finding jobs since April 1st (Significant increase this quarter as a result of surveying past participants)
- Completion and presentation of the 2nd Halifax Index at the 2nd annual State of the Economy conference.

Additional description of the GHP's activities in 2013-2014 and performance indicators are included as attachment A.

DISCUSSION

The body of the Services Agreement is unchanged. The body of the Services Agreement speaks to the longer term parameters of the relationship between HRM and GHP including:

- Broad direction with respect to services provided
- Ability to audit and record keeping
- Value and disbursement of the HRM grant
- HRM membership on the GHP board of directors
- The term of the agreement and termination provisions
- Insurance requirements

The Schedule to the Services Agreement (Schedule A – Attachment C) speaks to annual deliverables that support the above noted objectives of population growth, employment and income growth, and growth in the business tax base and are tied to the economic strategy goals, objectives and actions. The Schedule includes performance indicators.

Deliverables include:

- Attracting and growing business and quality jobs through initiatives such as:
 - Connecting local businesses to resources and services to encourage them to stay in Halifax and grow their businesses
 - Implementation of the head and regional office strategy to attract and retain high head and regional offices in Halifax
 - Leveraging opportunities within the Halifax Gateway
 - Participating in the Consider Canada Alliance to connect with international business contact and generate business attraction leads
- Investing in Talent:
 - Connecting immigrants, youth and international students to professional networks and job opportunities

- Working towards improved settlement supports for international students
- Working in the ANS community to facilitate and assist community organizations in the development of strategy or project plans
- Marketing and Promotions
 - Leading business brand messaging
 - Promoting the municipality as a location of choice to business
- Professional economic analysis, advisory services and project leadership
- Research and data compilation and analysis
- Administrative and reporting requirements
- Implementation of the 2011-2016 Economic Strategy

FINANCIAL IMPLICATIONS

The 2014/2015 HRM budget for the Partnership is \$1,602,800 from the Government Relations and External Affairs budget cost centre E121 plus HST as approved in the 2014/2015 HRM Budget. This is in accordance with the Services Agreement which includes a 2% annual increase, starting from \$1,570,000 in 2013/2014, subject to Council approval in the budget.

COMMUNITY ENGAGEMENT

No community engagement was required for this report.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications from this report.

ALTERNATIVES

1. CPED can choose not to recommend approval of the updates to the Schedule A of the Services Agreement. The current Services Agreement would remain in force.
2. CPED can choose to recommend approval of the updates to the Services Agreement with amendments.

SmartBusiness Report: April 2013 – March 2014

Greater Halifax Partnership

SmartBusiness Activity – Fiscal Year in Review

One of the functions of the SmartBusiness program is to gather and identify information about the companies that it assists. This data is **not meant to be a public opinion poll**; it is not a random sampling of companies meant to provide a clean picture. **This is a conversation with industry.** The data comes from the offices of business leaders, from frank discussions, and often times from outspoken honesty. It gets at ‘private opinion,’ the deeper held beliefs that businesses actually use to judge their community. Through these discussions, the SmartBusiness Team has undertaken the following activity this fiscal year:

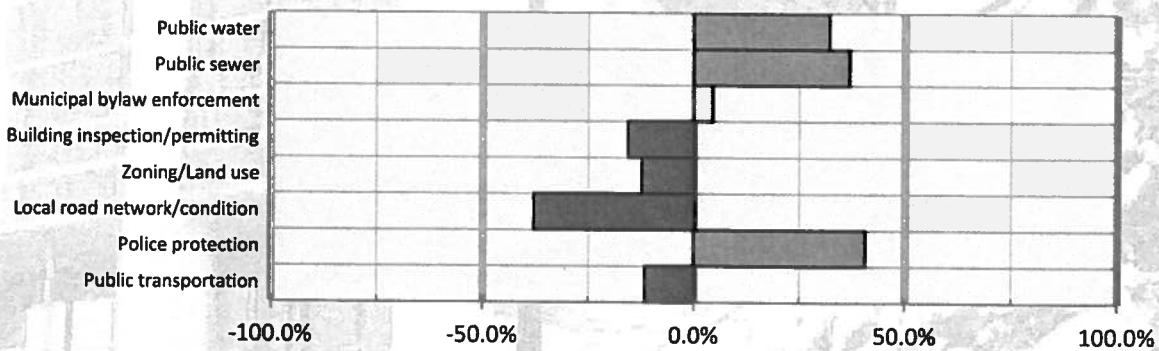

- Retention Visits: 200
- Retentions: 11
- Expansions: 21
- Referrals Generated: 449
- Business Consultations: 318
- Jobs Created & Retained: 76+

Municipal Services

SmartBusiness collects private opinions on municipal services and regulation. Businesses are asked to provide opinions and input on how these factors impact their business. A summary of the findings reveals:

- Business opinions of municipal services have declined in recent months. Since the report in October, the index of each municipal service tracked by SmartBusiness has decreased. However, despite this downward motion, many of the services are still highly respected and net opinions remain positive for four of the eight indicators.
- In terms of overall opinion, police protection, public sewer, and public water continue to dominate as the most positive indicators. Their approval indices (41%, 37%, and 32% respectively) indicate a firm consensus that these services are performing satisfactorily. In each case, about 4/5^{ths} of companies considered the service Good or Excellent, with most describing them as good.
- The service that businesses were least satisfied with was the local road network, though a few others registered a moderate level of dissatisfaction. Unfortunately, opinions around these issues have been declining in recent months. Public transportation has been perhaps the most stable opinion.
- The commentary from businesses remains focused highly on public transportation, with one in every four commentators indicating remarks. The vast majority are based around access in the company’s area.

Index of Performance

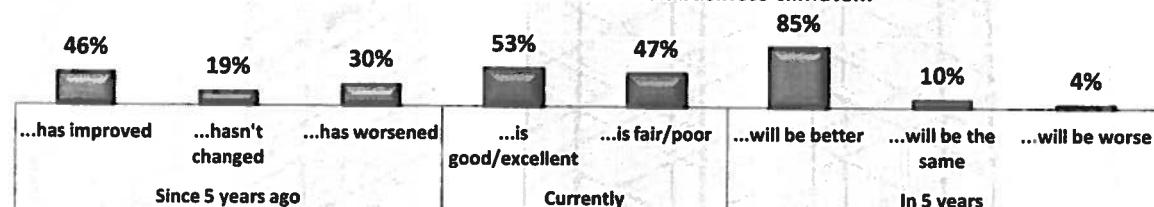

SmartBusiness Report: April 2013 – March 2014

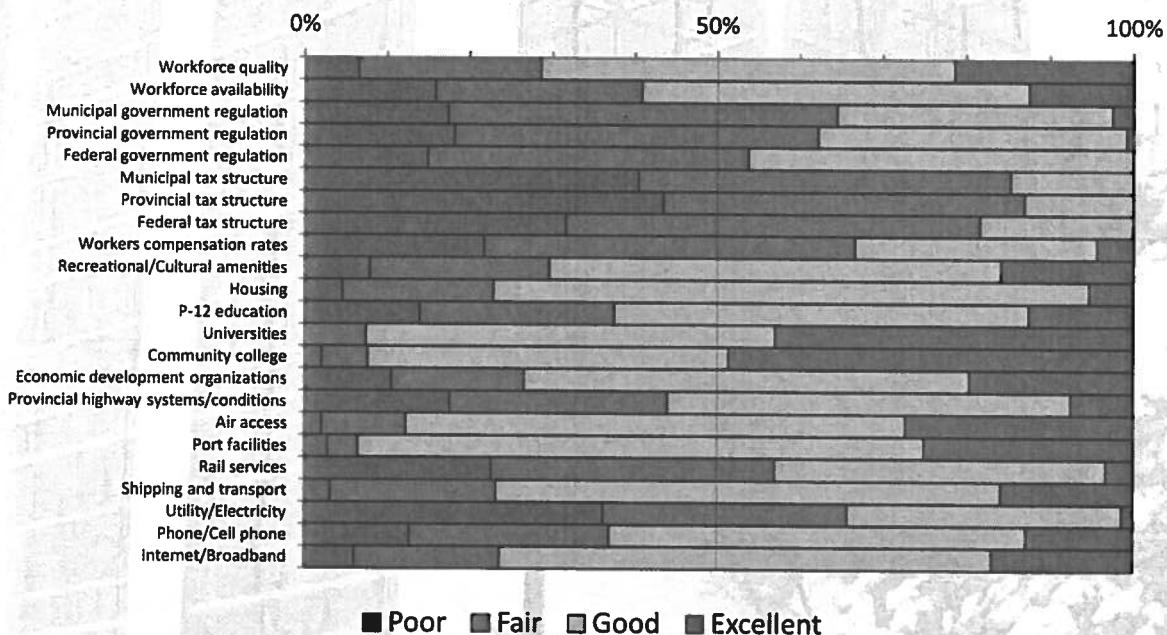

Business Climate

Businesses think the overall Halifax business climate...

- Private sector opinions of the current business climate have declined since February and have generally followed a gradual downward trend over the past 6 months. However, opinion is still primarily positive, especially about the prospects for the future, which remain stable at their current levels.
- While the decline is a little unsettling, the positive outlook around future economic performance is a refreshing indicator. It shows a resilience of business confidence in face of adversity; they have hope.
- Since the last report, satisfaction indicators have moved around significantly, with most indicators changing by 5% or more. However, much of this movement is focused around government regulation and taxes, which is largely expected as the timing coincides with the tax season and fiscal year end.

Share of Respondents

■ Poor ■ Fair ■ Good ■ Excellent

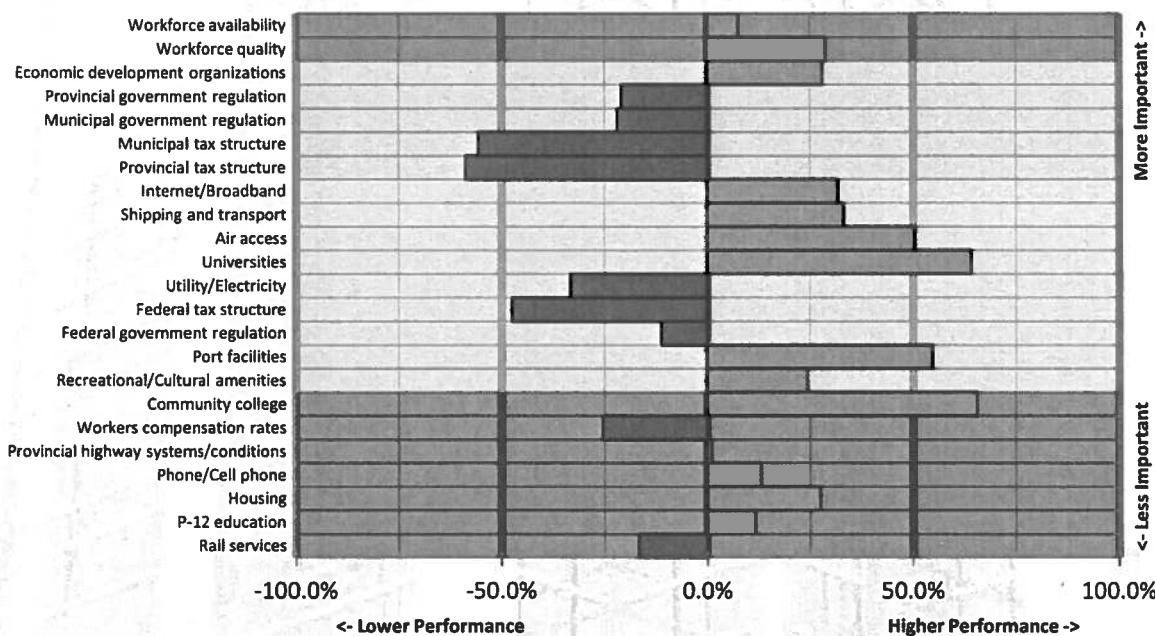

SmartBusiness data allows for a cross-section of opinions surrounding the business climate. This lets us contrast how highly businesses regard different elements in the business climate with how important they are to day-to-day operations. In the table below, elements are arranged from the highest-to-lowest shares of businesses which considered them a top-3-issue facing their business today.

SmartBusiness Report: April 2013 – March 2014

Greater Halifax Partnership

Business Climate Cross-Section

Index of Performance and Importance

Share of businesses indicating the factor is one of the top-three most important to their business today:

Red: 25%+

Yellow: 15-25%

Green: 5-15%

Blue: 0-5%

- The top five most critical business climate factors continue to hold their position: Workforce availability (40%) and quality (35%), economic development organizations (24%), as well as provincial (19%) and municipal government (18%) are still considered most important for business.
- Though there have declines in workforce availability (-7.6%) and workforce quality (-1.6%), these declines are smaller than the recent positive spikes in the previous report (+11.8% and +10.8% respectively). Overall these indicators show large net gains in satisfaction in recent months.
- Recent movements are driven by declines in approval of government regulation and taxes, coincident with tax season. Despite drops in their satisfaction, they remain an important factor for business.

Greater Halifax Partnership

The Greater Halifax Partnership (the Partnership) is the lead economic development organization for Halifax, Nova Scotia. We plan, pursue, and champion the ideas and actions that help Halifax and our region succeed. As a public-private partnership, we bring all three levels of government together with more than 130 private-sector investors – large and small companies alike – to stimulate and drive economic development and growth in our city.

If you have any questions or concerns about this document, its methodology, or how its indices are measured, please contact the Partnership at info@greaterhalifax.com for further details.
