SUBJECT: BID Contributions Fund: 2016-2017 Recommended Awards

ORIGIN

October 4th, 2011- BID Contributions Fund Policy approved by Regional Council effective April 1, 2012. This program provides discretionary matching funding to Business Improvement Districts formally recognized by HRM.

LEGISLATIVE AUTHORITY

HRM Charter (2008) Section - 70 (1).

RECOMMENDATION

It is recommended that the HRM Grants Committee recommend that Regional Council approve the eight (8) awards detailed in Attachment 1 of this report for a combined total of \$107,000 from operating account C771 – 6919.

BACKGROUND

The Halifax Charter (2008) Section 70 (1) permits an area rate on all properties assessed as Commercial located within a designated Business Improvement District (BID) for the purpose of promoting or beautifying the district. Historically, HRM has partnered with local BIDs through the provision of discretionary funding for specific projects conditional upon matching non-municipal funding provided by the BID; these matching contributions of cash, not in-kind, may be derived from the annual tax levy, grants from government or foundations, corporate sponsorship etc. (BID Contributions Fund Policy, Item 12).

DISCUSSION

Currently, there are eight (8) BIDs that are eligible to apply for funding from the 2016-2017 *BID Contributions Fund*. The value of award is determined on an annual basis as a proportional share (%) of the combined value of the current year's BID levies, excluding any grant-in-lieu of taxes paid by the provincial or federal government. The 2016-2017 BID levies are listed below in Table 1.

Table 1. Levy Revenues per BID and Corresponding Proportional Share (%) of HRM Discretionary Funding 2016-2017			
Business Improvement District	Total BID Levy	Percent of Combined Total Levy	Proposed HRM Funding
Downtown Halifax Business Commission	\$993,632	43%	\$46,101.81
Downtown Dartmouth Business Commission	\$277,800	12%	\$12,889.15
Main Street Dartmouth Business Improvement Association	\$105,530	5%	\$4,896.30
North End Business Association	\$165,500	7%	\$7,678.74
Quinpool Road & Mainstreet District Association	\$109,200	5%	\$5,066.58
Sackville Business Association	\$181,881	8%	\$8,438.78
Spring Garden Area Business Association	\$380,000	16%	\$17,630.95
Spryfield & District Business Commission	\$92,628	4%	\$4,297.68
Total	\$2,306,171	100%	\$107,000

FINANCIAL IMPLICATIONS

The combined value of recommended awards conforms to the program budget of \$107,000 (Special Projects Account C771-6919). The budget availability has been confirmed by Finance.

2016-2017 BID Contributions Fund	\$107,000
Less Combined Value of Recommended Awards	<u>(\$107,000)</u>
Balance	\$0

RISK CONSIDERATION

There are no significant risks associated with the recommendations in this Report. The risks considered rate Low.

COMMUNITY ENGAGEMENT

The Grants Committee is comprised of a voting membership of one elected member of Regional Council from each Community Council, the Chair appointed from the membership of the Audit & Finance Standing Committee (also an elected member of Regional Council) and six (6) citizens-at-large from the community. Grant Committee meetings are open to the public, unless otherwise indicated. Agendas, minutes and reports are available on the HRM website.

ENVIRONMENTAL IMPLICATIONS

Not applicable.

ALTERNATIVES

The Grants Committee could overturn or amend a staff recommendation, or request further information prior to making a committee recommendation to Regional Council.

Given that award dollar amounts are based on a proportional percentage of the total combined levy (excluding provincial and federal grants-in-lieu of taxes) any increase/decrease to an award would impact the value of awards to other BID's.

Overview

Business Improvement District Concept

A business Improvement District (BID) is a special assessment district where business people join together to promote and improve the economic vitality of the area. The establishment of a BID provides a unique opportunity for business owners, and commercial property owners, to promote their mutual goals of creating safe, attractive and interesting commercial places aimed at stimulating business.

Rationale for Public Investment

HRM is committed to supporting BIDs because they strengthen the business community, create new jobs, attract new businesses, expand the commercial tax base and revitalize commercial districts across the municipality. A BID provides a business area with the resources to develop marketing campaigns, increase awareness and advocacy efforts, secure additional funding and undertake improvement and beautification projects. An organized business community can work more effectively to create positive change and increase support for businesses in the area. In HRM, BIDs work closely with elected officials and municipal staff to voice their collective concerns, monitors business regulations, and obtain support for their business development projects.

HRM Discretionary Funding

Funds raised by a BID through an area rate may be supplemented by discretionary municipal financial support in the form of grants, project-specific contracts, fee-for-service agreements, incentives, or concessions. HRM may also initiate or partner with BIDs in the development and execution of submissions to non-municipal funding sources, for example provincial or federal government programs, government agencies, philanthropic foundations, or corporate initiatives.

The source of discretionary funding shapes decision-making authority and permissible expenses. Hence, this policy has two categories:

- ***HRM BID Investment Fund***

Designated discretionary contributions funded through the region's general tax rate and distributed to eligible BIDs in proportion to their area rate revenue. The Fund is a recurring annual program, subject to approval of HRM's annual operating budget, and requires matching (non-municipal) funds from the recipient BID.

- ***Special Projects Funding***

An internal transfer of funds from an HRM departmental operating or capital account, or reserve, for a designated project or type of program, subject to approval of HRM's annual budget. Or, a flow-through of funds received by HRM from a non-municipal source for a designated project, program or service. Matching funds or cost-sharing may or may not be required and applicant/project eligibility will be case-specific.

BID Contributions Policy

The purpose of formal policy is to guide public investment in accordance with provincial legislation, municipal goals and financial capacity. The BID Contributions Policy supports the principles of self-sufficiency, public accountability for the expenditure of public money, and measurable outcomes resulting from specific initiatives undertaken to promote a BID as a business, employment, tourist and/or shopping area.

HRM BID Investment Fund

1. Objectives

The *BID Investment Fund* has the following primary objectives:

- Support local economic development through investment in business districts to enhance their attractiveness to citizens, prospective investors, entrepreneurs, and employees thereby enhancing the municipality's reputation as a vibrant place to live and work.
- Facilitate projects and collaborative partnerships that realize measurable outcomes aligned with HRM's economic development interests and/or strategic priorities.
- Enhance HRM's connectedness to the local business community.

Public investment shall leverage, to the greatest extent possible, private sector, philanthropic, or government investment, to contribute to the revitalization and growth of local business districts.

2. Source of Funds

The *BID Investment Fund* is financed through the municipal general tax rate. The availability and value of the Fund shall be determined annually through the regular HRM budget process.

3. Fiscal Year

HRM's fiscal year is April 1st to March 31st.

4. Applicant Eligibility Criteria

Eligibility for discretionary funding under the *BID Investment Fund* shall be restricted to a business improvement association, defined as an organization incorporated to carry out business improvement activities within a designated geographic BID

- 4.1. *Initial Year:* The BID association shall have been recognized, by Regional Council, at least one (1) year prior to the date of application to the *BID Contributions Fund*. Delayed eligibility affords Regional Council time to consider any increase in the value of the Fund if a new business improvement district is formed during the course of the fiscal year. The aim is to prevent dilution of the Fund's impact as a consequence of growth in the number of BIDs.

A one-year requirement provides reviewers with some indication of the financial status of the applicant and their ability to match funds and/or deliver a program or service. The deferred eligibility also affords the applicant sufficient time to gauge the needs of their district and develop an application that addresses those needs in accordance with the Fund's objectives.

- 4.2. *Debts or Claims:* Applicants in debt to the municipality, or party to a legal claim, shall be ineligible for consideration pending:

- a signed payment plan and compliance with same, and/or
- settlement of the claim.

At its discretion, Regional Council may waive applicant ineligibility determined under clause 4.

5. Duplication of (Municipal) Funding

The recipient BID shall be required to identify any contribution from the *BID Contributions Fund*, and any other form of municipal financial assistance, as separate line items in their annual financial statement, or as a separate schedule in the financial statement. The purpose of this requirement is to distinguish HRM funding from the BID's area rate and other self-generated revenues, and to distinguish the source(s) of any HRM funding.

6. Application Process

As part of the regular submission of BID business plans, budget and levy rates, eligible BIDs shall identify the intended use of any discretionary contribution from the *BID Investment Fund* using an application form provided by HRM. Submissions shall be received by the deadline stated. Late or incomplete applications shall not be considered.

7. Project Modification

Where necessary, changes in approved, contribution-supported activities may be initiated due to changes in personnel, changes in the status or organization, or changes in the objectives or timeframe of the approved project. Minor changes in methodology, approach, or other aspects of the project objectives can be made. However, prior approval from HRM must be given for changes in scope,

direction, type of service delivery or training, or other areas that constitute a substantive change from the objectives or purposes of the approved project.

8. Substitute Project

Where an approved project cannot proceed, the Applicant may, make application to substitute a new project for a previously approved project. Where a substitute project is ongoing prior to HRM's approval, HRM may cover incurred project costs. Incurred expenses relating to a substitute project are evaluated on a case-by-case basis in accordance with the following criteria:

- they must be "eligible expenses" as per sections 20,21,22 and 23 of this policy;
- they must relate to the substituted project which has been approved for funding;
- the cost must be incurred after April 1st of the current fiscal year and before March 31st of the current fiscal.

HRM will not assume any responsibility for any expenses in the event that the substitute project is not approved.

9. Changes in Expenditures

The total budget for a project cannot be increased. However, a degree of latitude is allowed in making post-award revisions to an approved budget. Re-budgeting within, and between, categories in the approved total project budget, is permitted to meet unanticipated requirements or to accomplish programmatic changes. In using this authority, proper stewardship must be exercised over Municipal funds and all costs charged to HRM must be allowable, allocable, and reasonable.

10. Inability to Proceed and Carry Forward of Funds

If a commitment or contribution to a project that relies upon third party funding, such as fundraising or a government grant, proves not to be feasible (i.e. lacks the necessary funding), unused funds shall be returned to HRM.

If an extension is needed, applicants shall submit a request in writing. HRM staff will provide a written response. Funds committed to a project may be carried forward, by the contribution recipient, to the next fiscal year. Funds carried forward in a reserve account shall be noted as such in the organization's audited financial statement. The balance of any un-spent funds (i.e. the project is completed under budget) shall be returned to HRM.

11. Confirmation of Matching Funds

HRM's total contribution (from all sources) shall not exceed 50% of total project costs. Applicants are encouraged to cost-share or seek assistance from other sources (e.g. program fees, charge-backs, fundraising etc.).

Confirmation of matching, non-municipal funds shall be provided. Unconfirmed commitments shall be clearly identified and may warrant a conditional award. For example, payment may be withheld pending confirmation or issued in instalments.

At a minimum, applicants shall identify:

- Cash contributed by the BID itself (levy monies are eligible as matching funds);
- In-kind contributions provided by the BID or a third party (these do not qualify as monetary value for the purpose of "matching funds" but are an indication of partnership development) and/or different forms of 'project investment' or collaboration;
- Estimated revenue (if any) created by the project (e.g. admission charges, registration fees,

- product sales);
- Other forms of confirmed financial assistance (e.g. private donation, corporate donation, foundation grant, donation of goods and services, federal or provincial contribution).

12. Value of Contribution

The Fund is allocated on the basis of each BID's proportional share of the combined area rate levied for all eligible BIDs in the current fiscal year. This approach recognizes that each BID's percentage of the total levy, and by extension, their proportional share of the Fund, is largely self-determined. Individual BIDs are autonomous in establishing individual area rates, including minimum and maximum thresholds.

13. Proportional Share Formula

Each eligible BID's proportional share of the Fund shall be calculated as follows:

	$\frac{\text{Applicant Levy}}{\text{Cumulative Levy}} \times \text{Fund Value}$
Cumulative Levy:	Total area rate levy raised by all HRM BIDs (expressed as dollar value), exclusive of federal and provincial area rate levies).
Applicant Levy:	Area rate levy raised by applicant BID (expressed as dollar value, exclusive of federal and provincial area rate levies).
Fund Value:	Annual value of the Fund as approved by Regional Council (expressed as dollar value).

14. Indexing the Value of the Fund

Because a BID's proportional share is tied to the collective value of all BID levies, the addition of any new BID impacts existing BIDs' proportional share of the Fund. Therefore, the value of the Fund shall be indexed to prevent dilution of impact.

The Fund shall use the following indexing formula:

$$\frac{\text{Current Fund Value}}{\text{Cumulative Levy}} \times \text{New BID Levy} = \text{Fund Increase}$$

$$\text{Fund Increase} + \text{Current Fund Value} = \text{New Fund Value}$$

15. Payment Schedule

Notwithstanding any unforeseen circumstances, awards shall be paid in one instalment. There shall be no supplementary or incremental commitment from HRM.

16. Reporting

The application deadline to the BID Contributions Fund will be 30 business days (excluding weekends and statutory public holidays) after the date of the BID area rate's approval by Regional Council.

A project final report will be due on or before April 30th of the following fiscal year.

17. Public Notice of Contributions

In accordance with the provisions of the Halifax Regional Municipality Charter (2008), a list of all contributions awarded under the *BID Investment Fund* shall be sent by HRM to a newspaper that circulates throughout the municipality.

18. Funding Acknowledgement

Funding recipients are expected to provide the appropriate public acknowledgement. Guidelines regarding government protocols shall be provided by HRM.

19. Indemnification, Insolvency and Guarantor Status

The funding recipient(s) shall indemnify HRM against all claims and losses. In the event of bankruptcy, insolvency or dissolution of the business improvement association, HRM shall not be required to complete payment to the project. HRM shall not serve as a guarantor of a project, nor shall there be any implied or expressed, direct or indirect liability.
