Summary Road Safety

Halifax District continues to be evidence lead in their approach to Crime and Road Safety. During Canada's 2014 Road Safety Week (May 13th - 19th) year to date data was mapped for Cellphone, Speeding and Seatbelt SOTs over top of identified hotspot areas of road safety events such as Motor Vehicle Accidents and Impaired Driving. Optimum times of when SOTs were issued in those hotspots were communicated so that Members could direct their enforcement activities in the predetermined areas at the right time.

Community Policing

During the month of May 2014,
Halifax District participated in a
number of community events. In
addition to Police Week activities,
these included the graduation
ceremonies of the Seniors
Academy program, an eight week
Adult Learning program geared
towards Crime Prevention. RCMP
High School Coop Program that
includes high school students from
all over HRM. This takes place
during the regular school year every
two weeks and is a credited course
for the students.
