

## Centre Plan - Top Line Work Breakdown Structure

### Business Objectives

- Work with the public, stakeholders, and implementers to create a new Regional Centre MPS.
- Create any supporting documents enabled by the MPS (e.g. Land Use By Law, Design Manual)
- Include policies that address problems and opportunities concerning the development of land and the effects of the development
- Include policies to provide a framework for the environmental, social, cultural, and economic development within the Municipality
- Ensure policies are reasonably consistent with the intent of statements of provincial interest
- Specify programs necessary for implementing the Municipal Planning Strategy
- Specify infrastructure investments that are necessary for implementing the Municipal Planning Strategy

### Plan for the Work
