Re: District 2 Recreation Centre

It is with great pleasure that I write to you today, to bring the request of my committee, The District 2 Recreation Facility Advisory Committee, to name the new facility for our former Councillor and our greatest volunteer ever, Mr. Gordon Ross Snow. Gordon spent his entire life giving to his community and his enjoyment of that giving was evident in the ever-present gleam in his eye and the smile on his face.

My first memories of "Gordie" are of a kind man trying to persuade a misguided parking attendant to allow the seniors of the area to park a little closer to the local fair grounds, so not to have too great a distance to walk to enjoy the festivities. His efforts that day resulted in a senior's bus service, which runs even now to our Keloose Fair, some 26 years later. The kind, persuasive manner of that day was the very essence of Gordon Snow.

For years Gordie saw that those in need were not ignored, that the seniors were well looked after, and that Christmas came to everyone in our community, even those that could not afford it on their own. This kindness to neighbours in need was not restricted to Christmas though. It was often that someone's phone would ring, and Gordie would announce that there was a new family in the area, and they needed a crib or some baby things, or winter boots.

New residents in the area would watch Gordie in awe, of his exuberance, his ability to find the things that were needed NOW, and the endless energy he had for those that needed his help. Gordie taught by example, an army of volunteers in the Lakeview, Windsor Junction and Fall River area, how to get organized and get things done. Our community thrives on its volunteer base; our recreation, fire protection, and school associations have all been enriched by Gordie and by the volunteers that have followed his lead.

During Gordie's time as councillor at the Halifax Regional Municipality, another councillor, Sue Uteck attempted to secure funds for a gardening project at the Joseph Howe and the McKeen Manor Senior's Homes. The grounds were nothing but asphalt. Councillor Uteck was about to have a "Gordie Snow, Fall River" experience. Not only did Gordie take the time to explain what should be planted and how to prepare the sites,

when the funding fell through, he donated his time and all the plants to ensure the project was a success.

When the United Church in Windsor Junction, the site of the Community Cenotaph, was put up for sale, the war veteran's were devastated that the memorial to their fallen comrades was to be destroyed. Gordie rallied a few local builders, excavation equipment, and all the big guys he could find. They took the cenotaph apart, piece-by-piece, and rebuilt it at the local school. Gordie was also a dedicated war veteran.

Gordie was a volunteer, a giver and a community leader. He enriched the lives of many, not only in our own community, but also across the whole of HRM and beyond. We the members of the District 2 Recreation Advisory Committee unanimously recommend that Halifax Regional Municipal Council and the Canal District Community Council name the new Fall River Recreation Centre, **"The Gordon Ross Snow Community Centre"**

Yours truly,
