**DATE:** June 3, 2008

**SUBJECT:** Street Closure - Portion of Shore Road, Dartmouth

### ORIGIN

This item is a follow up to an approved settlement of a legal matter.

### RECOMMENDATION

It is recommended that Council approve and pass Administrative Order Number SC-53 regarding the closure of a portion of Shore Road, Dartmouth identified as Parcels H1 and H2 on a plan entitled "Plan of Survey of Lots WR-1A, WR-1B, WR-1C & WR-1D being a Subdivision of Lot WR-1, Lot WR-1C & Lot WR-1D being a consolidation of Lot H1 and H2 Lands Conveyed to Halifax Regional Municipality, Lot WR-1 Lands conveyed to Brian McA'Nulty & Mary Adams" prepared by Civtech Engineering & Surveying Limited dated March 5, 2008.

## **BACKGROUND**

Council resolved on October 2, 2007 that a portion of the right of way immediately fronting 88 Shore Road, Dartmouth would be closed and conveyed to the owners in the event the owners were able to secure a variance allowing subdivision of 88 Shore Road into four lots.

HRM will retain an easement over the entire property for both a right-of-way and service easement, also as part of the settlement.

## **DISCUSSION**

The owners of 88 Shore Road were successful in obtaining approval of the variance of side yard and lot coverage requirements on appeal to Harbour East Community Council on May 1, 2008. The Development Officer had refused the variance, not in relation to lot coverage, but with respect to a side yard set back discrepancy involving an earlier set back variance approval.

This condition of the settlement has now been met and it is therefore in order for Council to approve Administrative Order Number SC-53, which will close the portion of the right of way as indicated on the attachment. This step was discussed in an in camera report presented October 2, 2007. However, the approval of the Administrative Order was not requested at that time due to the contingency of the variance.

In October 2004, the Municipality was successful in amending the *Municipal Government Act* (s. 315(1A)) so that a public hearing is not required where part of a street is being altered, improved or redesigned if:

- (a) the part of the street that remains open
  - (i) is open to vehicular and pedestrian traffic, and
  - (ii) meets all the Municipal standards; and
- (b) the part of the street that is closed
  - (i) is determined by the engineers to be surplus;
  - (ii) is worth less than fifty thousand dollars.

It has been determined that this street closure meets all of the above noted criteria and, therefore, a public hearing is not required for the Street Closure.

## **BUDGET IMPLICATIONS**

It was agreed as part of the settlement approved by Council on October 2, 2007 that payment of the market value of the right-of-way (estimated at between \$4,230.00 and \$6,345.00) would be waived.

## **FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN**

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.
