

Item No. 11.1.9
Halifax Regional Council
April 5, 2011
April 12, 2011

TO: Mayor Kelly and Members of Halifax Regional Council

SUBMITTED BY: Original Signed by

Mike Labrecque, Deputy Chief Administrative Officer

DATE: January 20, 2011

SUBJECT: Street Closure – Portion of Purcell’s Cove Road Right-of-Way, Purcell’s Cove

ORIGIN

This report originates with a request from the property owner of 556 – 558 Purcell’s Cove Road to acquire a portion of the Purcell’s Cove Road right-of-way in front of their properties.

RECOMMENDATION

It is recommended that Halifax Regional Council close the portions of the Purcell’s Cove Road right-of-way, as per HRM Administrative Order SC-64, as shown on Attachment “B”.

BACKGROUND

The property owners of 556 Purcell’s Cove Road have owned the house for several years, and it has been in their family for many years. The house is approximately 70-80 years old. They recently purchased the abutting property, 558 Purcell’s Cove Road, which is approximately 100 years old. Both civic numbers 556 and 558 encroach onto the street line of Purcell’s Cove Road. The actual travelled way of Purcell’s Cove Road has been altered over the years; however, the street lines have not been altered to reflect the realignment of the road way.

DISCUSSION

The owners of 556 & 558 have obtained a development permit to construct a new house, and the original house on 558 Purcell’s Cove Road has been removed. The owners have requested a portion of the road right-of-way for the following reasons:

- the lands will permit additional landscaping for the small lot;
- the lands will be used for parking;
- the lands will assist with the lot size requirements and installation of the new onsite septic system and well; and
- the lands will add a landscaping buffer between their new house and the busy Purcell’s Cove Road.

Initially the owners were requesting that a significant portion of the right-of-way in front of their properties be closed. Staff reviewed the request and agreed that a portion of the right-of-way could be closed, however not all the area requested by the owners. Purcell’s Cove Road is classified as a major collector, and therefore requires a right-of-way width of 25 metres.

BUDGET IMPLICATIONS

There are no direct budget implications associated with the recommendation above.

FINANCIAL MANAGEMENT POLICIES/BUSINESS PLAN

COMMUNITY ENGAGEMENT

As per the October 2004 amendment to the Municipal Government Act, a Public Hearing is not required where part of a street is being altered, improved or redesigned, if:

- (a) The part of the street that remains open
 - (i) is open to vehicular and pedestrian traffic, and
 - (ii) meets all the municipal standards; and

- (b) the part of the street that is closed
 - (i) is determined by the engineers to be surplus, and
 - (ii) is worth less than fifty thousand dollars.

The recommended street closure meets all the above criteria and a public hearing is not required.
