Date of Council Meeting: Tuesday, January 31, 2012

Subject: Paving of Knights Bridge Drive, District 23

Motion for Council to Consider:

That Regional Council approve waiving the paving survey and have the gravel road, Knights Bridge Drive, District 23, submitted for paving in the 2012/13 budget.

Reason:

The current maintenance standard on this road is high. HRM staff grade it in the spring and in only a few weeks have to regrade due the way the road was initially constructed. This road is used as a connector road from the two main roads in this subdivision, Buckingham and Windsor. As a result, there is an adverse effect on the road base as gravel roads do not stand up to such a high traffic volume. Knights Bridge is the last of the gravel roads in this area.

Outcome Sought:

Support of Regional Council to approve paving project.

Councillor *Peter Lund*

District 23
