DISCUSSION

Operating Statement:

At the end of March 31, 2014, HRM had a net General Rate surplus of \$5.9m (Attachment #1).

The Business Units incurred a surplus of \$2.5m along with a surplus of \$3.4m in Fiscal Services.

The key changes from the Business Units' budgets are as follows:

- The Office of the Auditor General incurred a surplus of \$169k primarily due to savings in compensation, training and conferences.
- The CAO incurred a deficit of \$335k primarily related to an HST adjustment on grant transactions, consulting expenses and the HRM Branding Project. This deficit is partially offset by savings on vacant positions, travel and community event spending.
- Fire Services incurred a surplus of \$42k primarily due to a significant amount of vacancies which is partially offset by a significant amount of overtime to cover the vacancies; significant savings in equipment as budgeted items were purchased through a project due to the nature of the items, which is offset by a transfer to capital to cover the equipment costs; training is underspent and is offset by overtime related to professional development and certification training. The surplus is partially offset by increased uniform costs due to price and volume and planned revenues for inspections not being realized.
- Finance & Information, Communication and Technology incurred a surplus of \$555k primarily due to vacancies and other compensation related savings (\$1.6m); offset by increased costs related to external resources required in support of transition of SAP support service to the Province of Nova Scotia and accelerating deployment of Windows; unbudgeted contract settlement, hardware and maintenance contract costs due to migration to new server technology; consultant engagement to assist with ICT strategy plan; and unbudgeted reserve contribution of \$350k due to delay in implementation of Print Managed Project.
- Human Resources Services incurred a surplus of \$506k primarily due to vacancies; new contracts costing less than budgeted and some items not entirely completed in 2013/14; and reduced corporate training costs due to higher use of internal trainers.
- Legal Services incurred a surplus of \$387k primarily due to vacancies and positions filled at lower rates than budgeted; savings in outside legal counsel primarily due to more work taken on in-house and no large cases requiring outside counsel and a recovery from CN for legal costs.

- Transportation and Public Works incurred a deficit of \$2.6m primarily due to Winter Works because of winter severity, 11 major events vs. average of 4; increase in costs for hired equipment rental, overtime, including mass pothole repair (\$2.3m) and salt usage (\$1.9m); revenue reduction of 47% in Solid Waste Resource Recovery Fund Board diversion credits to municipalities (\$1.1m); increased heating fuel and natural gas in Facilities including 33 surplus properties due to cold temperatures (\$876k); janitorial services, new burners, pumps, compressors, ventilation systems, air conditioning units, gas conversion due to required boiler replacement and necessary maintenance for compliance and health and safety issues at numerous buildings (\$774k). This deficit is partially offset due to; vacancy management savings (\$2.8m), compensation and benefits savings due to position changes and benefit changes (\$336k); savings in Design and Construction due to Local Improvement charges from gravel road paving inside the core, sidewalk assessment costs lower than expected, and miscellaneous savings (\$283k); Municipal Operations savings, originally held to offset potential deficit, not required (\$789K) and miscellaneous savings throughout TPW in effort to offset overall deficit in areas such as; vehicle leases, courier/postage, training and education, consulting fees and uniforms and clothing (\$153k).
- Metro Transit incurred a surplus of \$4.8m, of which \$1.8m will be transferred to a new reserve for technology and \$3m will be carried forward to 2014/15 resulting in revenue equalling expenses. In 2013/14, a surplus of \$750k was budgeted to be carried forward from 2012/13. However, the actual 2012/13 surplus was \$3.4m; the difference of \$2.6m has been transferred to the current year. Other savings include compensation, primarily due to new ATU contract and vacancies; savings in overtime due to new ATU contract; advertising and software contracts not all underway as planned; reduced printing costs due to efficiencies and wider use of online information; insurance funds received to cover repaired damages to vehicles. This is partially offset by commercial tax allocated to transit lower than budgeted and increased prices related to fuel and repair and maintenance parts.
- Planning and Infrastructure incurred a surplus of \$344k. The surplus is primarily a result of vacancy savings (\$720k); delay in implementation of the waterway and beaches signage projects; deferral of Community Energy and Stormwater Integrated Management Plan activities and Regional Plan study; and increased recovery for Business Park lot sales to reflect more sales closing in 2013/14 than anticipated. This is offset in part by a reduced recovery of administrative costs for sales of surplus property as select closing dates have moved from 2013/14 to 2014/15 when compared to plan, and additional process requirements under the new Administrative Order 50 for the disposal of surplus real property (\$1.0m).
- Community and Recreation Services incurred a \$1.1m surplus primarily due to an increase in payment of Parking Ticket prior to arraignment date, increased Signs & Encroachment revenue related to Halifax core area development; savings on vacant position; savings on the recreation needs assessment project due to a delay in hiring the external contractor; and savings on heritage building maintenance costs. The surplus is

reduced due to a decline in permitting revenue generated from residential construction activity as well as reduced Summary Offense Tickets revenue based on approximately 12,000 fewer tickets issued this fiscal year.

- Regional Police incurred a surplus of \$2.2m primarily due to vacancies; recoveries for services provided to correctional services for prisoner guarding at hospitals and extra duty; savings in overtime, external services and communications due to less major crime investigations and programs not fully underway. The surplus is partially offset by increased equipment costs for body armour; required investigative training and associated travel; and unbudgeted reserve contributions of \$752k.

In Fiscal Services, the key changes are as follows:

- Increase in Property Taxes of \$1.6m due to the appeals for Commercial Taxes and Residential Properties trending lower than budget.
- Deed Transfer Taxes were \$3.2m under budget reflecting the declined sales activity in real estate market.
- Own Source Revenue was \$1.4m over budget due primarily to receipt of various insurance settlement funds (\$1m) and unbudgeted recovery of E-Delivery Project from Halifax Water (\$203k).
- The 2012/13 general rate surplus brought forward to 2013/14 was \$9.3m, \$4.6m above the budget of \$4.7m.
- Net deficit of \$1.4m in Other Expenses is due to increased costs for stormwater service associated with the HRM-owned Street Right-of-Way system (\$2.7m); unbudgeted initiative for the E-Delivery investment (\$406k); commitment to fund capital construction of the new Discovery Centre through a contribution to the Service Improvement Reserve (\$2m); unbudgeted allocation to cover remediation costs for various contaminated sites (\$1m); and net deficit in miscellaneous areas (\$236k). This is offset by budget savings relating to rate increases of pension contributions due to fund not being transferred to BU's to offset the incremental costs (\$1.2m); lower than budgeted cost incurred for the Internship Program (\$549k); less than budgeted employee future benefit liability due to the number of employees' on LTD being less than estimated (\$873k); a surplus generated primarily related to the cessation of facility management agreement with Citi Group (\$672k); lower than budgeted operating expenses incurred for the Metro Park Facility (\$515k); actual program funding for the new Convention Centre being recorded in other category (\$640k); reduced development activity associated with Barrington Street Heritage Incentive Program (\$493k).
- Increase in Provision for Valuation Allowance to offset increased collection risk in some Multi-District Facilities and Federal tax appeals accounts (\$523k).

Consolidated Financial Statements:

The unaudited consolidated financial statements of HRM are included as Attachment #2.

Project Statements:

The Project Statement as at March 31, 2014 is included as Attachment #3 to this report. We had a total of \$916m budgeted of which \$137m was considered completed at year end leaving a net budget for Active Projects of \$779m. The actual expenditures were \$691m made up of \$137m for Completed Projects and \$554m for Active Projects. The commitments were \$101m, resulting in the total actuals and commitments of \$792m, leaving an available balance of \$124m.

District Capital Funds:

The report of expenditures from Councillors' District Capital Funds is included as Attachment #4 and shows that all of the \$3.2m budget has been expended or committed.

District Activity Funds:

The report of expenditures from Councillors' District Activity Funds is included as Attachment #5 and shows that \$68k of the \$69k budgeted has been spent.

Recreation Area Rate Accounts:

The details of the Recreation Area Rate Accounts are in Attachment #6. These Accounts began the year with a surplus of \$5.3m. \$3.5m in Area Rate revenue has been earned and \$2.8m has been spent, leaving a surplus of \$6.0m.

Reserves Statement:

The reserve balances at March 31, 2014 are \$189m. There are approximately \$67m of approved transfers out that have not been incurred. The net available funds as at March 31, 2014 are \$122m. This is an increase of \$5.3m from the 2013/14 Reserve Budget. The net increase can be attributed to the following significant decreases (increases) to the budgeted reserves balances:

<u>Unbudgeted Reserve Transactions</u>	<u>Reserve Balance Reductions (Increases)</u>
Reductions to reserve funding towards operating or capital projects	(14,749,266)
13/14 Year-end surplus transfer to Reserves:	
Transit Technology Reserve	(1,851,807)
Transit Surplus	(3,000,000)
Other transfers to reserves	(3,102,400)
General Rate Surplus transferred to reserves	<u>(5,953,820)</u>
Land Sales	18,152,365
Withdrawals from reserves approved by Council	3,074,261
Revenue includes interest, vehicle sales, library donations	1,304,773
2013/14 opening balance variance (projected vs actual)	<u>820,629</u>
Total Decrease (Increase) in reserve balances	<u>(5,305,265)</u>

Further reserve details are included in Attachment #7 to this report.

Capital Reserve Pool Balance:

Attachment #8 shows the balance in the Capital Reserve Pool (CRESPOOL) as \$3.3m, as of March 31, 2014. Any unexpended debt budget in a project, at the completion of that project, will be moved to the Capital Reserve Pool and will be used to cover cost overruns on approved projects and/or to reduce the amount of long-term debt required to fund the Project Budget of the following fiscal year.

Changes to Cost Sharing for Projects:

In the fourth quarter, HRM received cost sharing for 11 projects totalling \$263k. The increase relates to cost sharing from Halifax Water, Heritage Gas and Nova Scotia Departments of Justice and Transportation and Infrastructure Renewal. Complete details of the amounts received and the associated projects are included in Attachment #9.

Explanation of Surplus/(Deficit)
For the Year Ended March 31, 2014

BUSINESS UNIT VARIANCE ANALYSIS	Net Surplus / (Deficit)
<p>Auditor General - The surplus is primarily related to savings in compensation (\$145k); training and conferences (\$11k); and miscellaneous non-compensation costs (\$13k).</p>	\$169,000
<p>CAO - The deficit is due to an HST adjustment related to outside grant payments (\$343k); a Council approved HRM Branding Project (\$208k); and consulting costs (\$135k). This deficit is partially offset by vacancy savings (\$93k); savings on training and travel (\$57k); reduced community events and advertising spending (\$46k); funding received for student staffing (\$30k); various operating expense recoveries (\$63k); and other non-compensation savings (\$62k).</p>	(\$335,000)
<p>Fire & Emergency Services - The surplus is primarily related to vacancies (\$2m), partially offset by increased overtime costs to cover vacancies (\$1.55m); equipment savings due to budgeted items being purchased through a project due to the nature of the items (\$384k), offset by a transfer from operating to capital to cover the equipment (\$400k); training is underspent (\$185k) and is partially offset by overtime related to professional development & certification training (\$150k). The surplus is further reduced by decreased revenue from planned inspections which will not be realized (\$300k); increased uniform costs due to increased uniforms required and higher prices (\$100k); net miscellaneous costs (\$27k).</p>	\$42,000
<p>Finance & Information, Communication & Technology - The surplus is primarily due to net savings from vacancies (\$1.6m); lower than anticipated costs for Mobile Voice and Data Services (\$100k); Citizen Survey and other initiatives not being undertaken (\$131k); maintenance costs in computer software and licensing being lower than budget (\$248k). These are offset in part by unbudgeted contract settlement, hardware and maintenance contract costs due to migration to new server technology (\$188k); external resources required in support of transition of SAP support service and accelerating deployment of Windows (\$234k); SAP support services with the Province of Nova Scotia (\$331k); and unbudgeted spending for Mobile Device project (\$149k); additional funds required to implement the Meeting Room Technology and other IT related projects (\$364k); and increased consulting fees related to Irving Assessment study and consultant engagement to review the AG's report (\$105k); decrease in revenue related to By-Law F300 and Tax Certificates due to reduced sales activity in real estate market (\$153k); surplus fund of \$350k in Printing & Reproduction being used to cover unbudgeted reserve contribution (\$350k) due to delay in Implementation of Print Managed Project.</p>	\$555,000
<p>Human Resources - The surplus is primarily due to vacancies (\$361k); new contracts costing less than budgeted and some items not entirely completed in 2013/14 (\$94k); reduced corporate training costs due to higher use of internal trainers (\$60k); partially offset by net overages in various other categories (\$9k).</p>	\$506,000
<p>Legal Services - The surplus is primarily due to vacancies and positions filled at lower rates than budgeted (\$114k); savings in outside legal counsel primarily due to more work taken on in-house and no large cases requiring outside counsel (\$172k); recovery from CN for legal costs (\$90k); net savings in various other categories (\$11k).</p>	\$387,000

HALIFAX REGIONAL MUNICIPALITY
Explanation of Surplus/(Deficit)
For the Year Ended March 31, 2014

BUSINESS UNIT VARIANCE ANALYSIS	Net Surplus / (Deficit)
<p>Transportation & Public Works - Transportation and Public Works incurred a deficit of \$2.6m primarily due to Winter Works because of winter severity, 11 major events vs. average of 4; increase in costs for hired equipment rental, overtime, including mass pothole repair (\$2.3m) and salt usage (\$1.9m); revenue reduction of 47% in Solid Waste Resource Recovery Fund Board diversion credits to municipalities (\$1.1m); increased heating fuel and natural gas in Facilities including 33 surplus properties due to cold temperatures (\$876k); janitorial services, new burners, pumps, compressors, ventilation systems, air conditioning units, gas conversion due to required boiler replacement and necessary maintenance for compliance and health and safety issues at numerous buildings (\$774k). This deficit is partially offset due to; vacancy management savings (\$2.8m), compensation and benefits savings due to position changes and benefit changes (\$336k); savings in Design and Construction due to Local Improvement charges from gravel road paving inside the core, sidewalk assessment costs lower than expected, and miscellaneous savings (\$283k); Municipal Operations savings, originally held to offset potential deficit, not required (\$789K) and miscellaneous savings throughout TPW in effort to offset overall deficit in areas such as; vehicle leases, courier/postage, training and education, consulting fees and uniforms and clothing (\$153k).</p>	<p>(\$2,589,000)</p>
<p>Metro Transit Services - The surplus of \$4.8m will be transferred to a new reserve for technology (\$1.8m) and \$3m will be carried forward to 2014/15 resulting in revenue equalling expenses. In 2013/14, a surplus of \$750k was budgeted to be carried forward from 2012/13. However, the actual 2012/13 surplus was \$3.4m, the difference of \$2.6m has been transferred to the current year. Other savings include compensation, primarily due to new ATU contract and vacancies (\$550k); overtime due to new ATU contract (\$950k); advertising, not all promotions happened by year end (\$150k); software contract not underway as planned and other software miscellaneous savings (\$170k); reduced costs for transfers, maps and schedules due to efficiencies and wider use of online information (\$100k); insurance funds received to cover repaired damages to vehicles (\$150k); Savings in compensation (\$500k) and non-compensation (\$200k) due to delayed expansion, this is completely offset in reserve transfers for operational cost of capital funding that will be used to offset expansion costs next year (\$700k); prior year operational cost of capital funding transferred to Transit to cover this years expansion costs which is offset in various areas (\$500k) and miscellaneous savings in various categories (\$130k). This is partially offset by actual commercial tax revenues less than budget (\$250k); increased prices related to fuel and repair and maintenance parts (\$250k).</p>	<p>\$0</p>
<p>Planning & Infrastructure - The surplus is primarily a result of vacancy savings (\$720k); delay in implementation of the waterway and beaches signage program; less than anticipated spending for the corporate branding exercise; deferral of Community Energy and Stormwater Integrated Management Plan activities; less than anticipated consulting fees due to Regional Plan study not being undertaken; and other initiatives (total \$158k); increased recovery for Business Park lot sales to reflect more sales closing in 2013/14 than anticipated (\$224k); and net savings in various areas (\$242k). This is offset in part by reduced recovery of administrative costs for sales of surplus property as select closing dates have moved from 2013/14 to 2014/15 when compared to plan, and additional process requirements under the new Administrative Order 50 for the disposal of surplus real property (\$1.0m).</p>	<p>\$344,000</p>

For the Year Ended March 31, 2014

BUSINESS UNIT VARIANCE ANALYSIS	Net Surplus / (Deficit)
<p>Community & Recreation Services - The surplus is due to compensation savings from vacancies (\$1.6m); an increase in Parking Ticket revenue (\$400k) and Signs & Encroachment revenue (\$600k) related to Halifax core development; a net surplus in Recreation Services Operations (\$330k revenue surplus, \$260k expense surplus) which includes the Emera Oval, BMO Centre and Bloomfield Centre; savings from the delayed start of Facility Master Plan work (\$200k); heritage building facility maintenance savings (\$150k); savings against budgeted moving and accommodation costs (\$170k); and various non-compensation areas (\$165k). The surplus is reduced due to a decline in residential construction activity (HRM wide- all categories; new, renovations and additions) resulting in reduced Building Permit revenues (\$1.6m); reduced Summary Offense Tickets revenues (\$1m) caused by fewer tickets being issued; and a net reduction in other Fee Revenues (\$130k).</p>	\$1,148,000
<p>Regional Police - The surplus is primarily due to compensation savings from vacancies (\$1.9m); overtime savings due to less major crime than was expected (\$441k); recoveries for services provided to correctional services for prisoner guarding at hospitals (\$153k); savings in external services primarily due to legal costs now covered in the Legal business unit and less need for external policing services due to less major crime (\$210k); communications due to less major crime investigations and programs not fully underway (\$326k); communications and equipment savings, primarily repair and maintenance for rural fire services radios (\$100k); Police Officer Extra Duty recovery from various business units (\$192k), this is offset in compensation; net savings in various other categories (\$89k). This is partially offset by increased equipment costs for body armour (\$232k); required investigative training and associated travel (\$195k); and unbudgeted reserve contributions (\$752k).</p>	\$2,232,000
<p>Other Outside Police Services (RCMP) - The surplus is due to actual contract costs paid to Provincial Department of Justice being lower than budget.</p>	\$53,000
<p>Library - The deficit is a result of additional purchases on books/periodical (\$600k), programming materials (\$100k), equipment (\$140k) and various non-compensation spending (\$27k). These deficit items are reduced by vacancy savings (\$850k).</p>	(\$17,000)

FISCAL SERVICES VARIANCE ANALYSIS	Net Surplus / (Deficit)
Property Taxes - The appeals trending for Commercial Taxes and Residential Properties are lower than budget.	\$1,586,000
Tax Agreements - The surplus is due to tax agreements with various entities being higher than budget.	\$80,000
Deed Transfer Taxes - The deficit is due to reduced sales activity in real estate market.	(\$3,223,000)
Local Improvement Charges - The deficit is primarily due to deferred revenue earned for Local Improvement Charges, to cover the costs of capital financing for Road & Street Improvement and Solar City project, being lower than budget. The deficit has net zero impact to general property tax rate and will be recovered through capital charges in the future.	(\$87,000)
Payments in Lieu of Taxes (PILT) - The surplus is due to unanticipated receipt of PILT related to Federal-owned property at Halifax International Airport; other Federal accounts; and Provincial-owned property related to Dalhousie Residence.	\$871,000
Own Source Revenue - The surplus is due to receipt of various insurance settlements (\$1m); funds received due to the purchaser/developer not being able to make the minimum requirement of building coverage for the Business Park lot (\$213k); recovery of E-Delivery Project from Halifax Water (\$203k); unbudgeted markup on sale/fuel/hauling (\$201k); trending for interest on overdue tax accounts and LIC accounts being higher than budget (\$227k). This is partially offset by a lower than estimated volume of health-related calls during fiscal 2012/13 (\$152k); parking rental revenue for Metro Park Facility being lower than budget (\$297k); decrease Dividend In-Lieu of Taxes collected from Halifax Water due to rate base being calculated lower than budget (\$13k).	\$1,382,000

Unconditional Transfers - HRM's portion of Nova Scotia Power HST Offset received from Province of Nova Scotia was lower than anticipated.	(\$60,000)
School Board Mandatory & Supplementary - The variance is primarily a result of the transfer of excess funding to its own equity account. The surplus is carried forward to next fiscal year by a transfer of funds from the surplus/deficit account.	\$162,000
Debt Charges - The surplus is due to interest payment (All In Costs 2.55%) for 2013 Spring Issue Debenture being lower than budget (4%) and unbudgeted debt recovery for the 1998 Spring issue from an Outside Agency (\$196k); and transfer of deficit to equity account due to funding shortfall and higher than budgeted debt servicing costs for Local Improvement Charges.	\$249,000
Insurance - The surplus in corporate insurance account is primarily due to unbudgeted recovery of insurance premium from Halifax Water (\$540k) and savings in various areas.	\$592,000
Transfer to Outside Agencies - The deficit is due to HRM's mandated contributions and funding transfers for services provided by the Province of Nova Scotia being higher than budget (\$323k); and funding contribution to cover sales activities for the new Convention Center (\$634k). A deficit for mandated services is carried forward to the next fiscal year and covered by an increase in area rate charge in 2014/15.	(\$958,000)

Capital from Operating - The deficit is due to insufficient funding provided for the operating costs associated with new capital projects (OCC).	(\$152,000)
