SUBJECT:

Investment Policy Advisory Committee Report – Quarter ending September

30, 2015

ORIGIN

The Halifax Regional Municipality Investment Policy requires that the Investment Policy Advisory Committee report to Council on compliance by staff with the Investment Objectives of the Investment Policy not less frequently than quarterly.

LEGISLATIVE AUTHORITY

Section 121(1) of the HRM Charter requires that funds be invested pursuant to an Investment Policy adopted by Council and approved by the Minister of Service Nova Scotia and Municipal Relations or invested pursuant to the Trustee Act. Where HRM has chosen to adopt an Investment Policy and the Minister has approved the Policy investment activities are governed by this Policy.

RECOMMENDATION

It is recommended that the Audit and Finance Standing Committee forward this report to Halifax Regional Council as an information item.

BACKGROUND

The Halifax Regional Municipality Investment Policy (the Policy) was adopted by Council April 23, 2002 and was approved by the Minister of Service Nova Scotia and Municipal Relations (the Minister) on May 14, 2002. Amendments to the Policy, as recommended by the Investment Policy Advisory Committee (the Committee) were approved by Council and the Minister in 2005, 2007, 2008, 2010, early 2012 and early 2014. Reviews of the Policy by the Committee in late 2012 and 2014 did not result in any recommended changes.

The mandate of the Committee is to recommend an investment policy to Council as well as provide ongoing monitoring of investment activities. Following adoption and approval of the Policy, the activities of the Committee have shifted to the monitoring role as well as annual reviews of the Policy.

DISCUSSION

The Investment Policy Advisory Committee is pleased to provide this report under the provisions of the Policy. The primary focus of this report will be to report on compliance with the objectives of the Policy.

The three objectives and three strategies of the Policy, stated in order of priority of importance, are as follows:

Objective:

- 1. Preservation of Capital
- 2. Liquidity
- 3. Competitive Return on Investments

Strategies:

- 4. Diversification of Investment Portfolio
- 5. Regular Review of Performance
- 6. Risk Management Approach

Copies of the Sector Weight schedules recommended under the Policy are attached.

The Committee has reviewed the information provided by staff in the Treasurer's report to the Committee for the Quarter ending September 30, 2015 and accepts the report and the findings contained in the report that the investment activities reported are in compliance with the Policy with the exceptions as noted below.

During the Quarter there were a number of instances where there were variances from the Investment Policy Sector Weight guidelines. All of these temporary variances were discussed with the Committee. The number of variances this quarter increased substantially from previous quarters. The committee was in agreement with staff's assertion that they did not constitute a material increase in risk to the portfolio. The Committee expressed concern with staff's recent use of temporary discretion in the management of cash flows and recommended corrective actions be developed. Staffs response to this is that no corrective action is required at this time. Staff feels that the objectives of the policy listed above have been met. From a preservation of capital objective, no capital has been lost. From a competitive return objective, the greater rate of return of roughly 0.5% in our bank accounts over Government instruments yielded an extra \$1,300.00 in investment income. From a liquidity objective, the overages ranged from 0.1%-4.0% of the total portfolio over the Sector Weights guideline limit. During staff vacations government maturities are not reinvested. The primary goal of staff is to ensure that there is sufficient cash in our bank account to cover planned and unexpected payments.
