The camp is assessed at the Residential and Resource rate for a combined total of \$4,398. Application has been made for 100% tax exemption.

Alice Housing is a registered non-profit organization that owns and operates "second stage" housing for women and their children, and single women, leaving abusive relationships. This form of housing differs from "first stage" overnight or short-stay emergency shelters; residents are accommodated at affordable rental rates for a extended period of time while they secure employment and move towards fully independent living in the community. Application has been made for a partial reduction to 75% exempt at the Residential rate for the two (2) properties listed below.

a)

A 5-unit apartment building comprising bachelor and one-bedroom units. All units are eligible for subsidy. Residential taxes are \$2,393. A 75% exemption will cost ~\$1,794.

b)

The property is a triplex of 3- two bedroom apartments. The property was purchased in January, 2004. Residential taxes are \$2,709. A 75% exemption will cost ~\$2,031.

Staff recommend partial tax exemption at 75% of the Residential rate. The estimated cost is \$3,825.

8. Charles Court Housing Co-Operative Limited, Block H-C-2 2565 Wood Avenue, Halifax Affordable Housing

Charles Court Housing Cooperative Limited was established in 1984 and is membership-based, self-governing organization. The non-refundable membership fee is \$5. Members do not have an equity position in the property, shares, or dividends. Rental rates vary by type of accommodation and range from \$520 to \$728. Two units are accessible for disabled persons. The Cooperative's budget is structured on a breakeven basis, with a capital replacement reserve and a subsidy fund for tenants unable to pay rent.

Rent subsidies are provided by the federal government, through the Nova Scotia Department of Community Services, under the Agreement: Assistance to Non-Profit Cooperatives Associations Section 56.1. As part of the operating agreement, Charles Court receives \$8,045 per month annual federal subsidy for tenants unable to pay full rent. The number of subsidies varies with tenant turnover but averages 65%-70% of residents. Service Nova Scotia and Municipal Relations, Co-operatives Branch, have confirmed that Charles Court operates as a non-profit organization in accordance with Section 61, A-F, of the Co-Operative Associations Act See: **Attachment 2** for legislation regarding the non-profit status requirements for cooperatives.

The property is assessed at the Residential rate and taxes are \$28,672. The applicant has requested a partial tax exemption at 25% of the Residential rate.

Staff recommend a partial tax exemption of 25% of the Residential rate, excluding any commercial activity conducted on the premises, conditional upon annual submission of the Constitution and By-laws prohibiting dividends to members. The estimated annual cost is \$4,397.

9. Alexandra Children's Centre, 201-1600 Young Street, Halifax Social Services

The Alexandra Children's Centre is a federally registered charity that provides licensed child care for about 125 children, many of whom are subsidized placements through Nova Scotia Community Services. In 2003-04, the society acquired a portion of the HRM-owned land adjacent to the Devonshire Arena for the construction of a new day care. The Centre was awarded 100% tax exemption, effective as of the date of closing the Purchase and Sale Agreement, during the holding and construction period. The agreement has not been signed and the estimated annual taxes cannot be confirmed until the sub-division of land is complete and a tax account created.

While awaiting the construction of a new facility at the Devonshire Avenue site, the Alexandra's Children's Centre have leased 5,350 sq. ft in the private sector. Commercial taxes are included in the tenant's rent but the landlord has agreed to provide a separate invoice for taxes (separate from base rent) based on proportional occupancy. The applicant has requested a Conversion from the Commercial rate and partial exemption at 75% of the Residential rate. The estimated Commercial taxes are \$6,214.

Staff recommend a Conversion from the Commercial to the Residential tax rate for 2005-06. Annual renewal conditional upon a lease agreement that includes separate tax billing verified by HRM staff. The estimated annual cost is \$3,778.

Application may be made for a further reduction in 2006-07, as applicable, subject to the budget capacity of the Tax Exemption for Non-Profit Organizations Program.

Note: the recommendation is restricted to a Conversion so as to protect the public interest and the integrity of the tax subsidy program: the lease has not been registered and the applicant is not billed by HRM; the property cannot serve as security because the applicant is not the owner.

B. Recommend Decline

1. Capital Health District Authority(Queen Elizabeth II Health Sciences Centre)Medical/Mental Health

The Capital Health District Authority is a federally registered charity and comprises the major medical and health facilities in HRM including hospitals, and outreach services in community health, mental health, screening, and addictions treatment. With the de-institutionalization of mental health services and an aging population, there is a need to increase in-patient treatment capacity within existing hospitals (an average 7%-8% increase in need for beds). Therefore, the authority is moving several clinical services out into the community. This trend is expected to continue as hospitals cater to an elderly population and so as to provide better accessibility to residents through out-patient and satellite operations. Many mental health consumers, for example, need public transit access to amenities. This change in service provision has resulted in the rental of private, municipal, and community-owned facilities which results in the payment of Commercial property tax either in base rent or in addition to base rent.

The authority have requested 100% tax exemption. The authority does not receive a tax bill directly. Therefore, any exemption awarded by HRM would be conditional upon the landlord's agreement to provide a separate tax bill to the tenant or to register the lease and create a separate tax account in the name of the tenant.

Under the terms of the lease, Section 7.2, the landlord [HRM] is responsible for payment of property taxes. No taxes have been remitted to date for sub-leases negotiated by the operator with third parties.
- l) **North Preston Community Centre, 44 Simmonds Road, North Preston**(Community Health)
The property is an HRM-owned and operated recreation centre. Capital Health lease 750 sq.ft. The lease is for three years. The lease makes no reference to property tax and has not been registered, therefore there is no tax account on file. The lease is for three years (ends 2007).
- m) **Cowie Hill Professional Centre, 15 Shoreham Lane, Halifax**(Medical Clinic)
The property is operated by Melville Ridge Holdings Limited and Capital Health lease 4,000 sq.ft. The lease is for five years (ends 2007).

Staff recommend that tax exemption be declined: health, medical services or therapeutic counselling are not within HRM's mandate in program and service delivery. To provide a tax exemption to a government agency leasing in the private sector would set a precedence that could prove cost-prohibitive. Property tax is a standard operating cost, one that HRM assumes when leasing space in the private sector without recourse to exemption.

Staff recommend that leasing to third parties in HRM-owned properties be subject to property tax through a lease registration process.

2. Cultural Federations of Nova Scotia, 113 Marginal Road, Halifax Arts

The Cultural Federations of Nova Scotia (CFNS) is a registered non-profit organization that operates a facility which accommodates eight (8) groups, all of who are registered charities: Dance Nova Scotia, Theatre Nova Scotia, Nova Scotia Choral Association, Federation of Nova Scotia Heritage, Writers Federation of NS, NS Designers Craft Council, Visual Arts NS, and the Multicultural Association of NS. Essentially, the CFNS is an umbrella organization formed for the purpose of operating the facility (leased from the Halifax Port Authority) and has no direct programming. The property is taxed at the Commercial rate for \$7,860.

The CFNS is presently on By-law T-200 at a Conversion from the Commercial to 50% of the Residential tax rate (the estimated annual cost is \$4,778). The CFNS annual operating grant from the provincial government has been cut 25% and the organization has applied for an increase in municipal tax subsidy to 100% exempt.

Staff recommend that the request for full tax exemption be declined. The facility is largely administrative and does not replace a program or service that would otherwise be a municipal mandate. The property remains at a partial exemption (50% of the Residential rate).

3. Association for the Development of Childrens Residential Facilities (Hawthorne House), 131 Prince Albert Road, Dartmouth- Social Services

The applicant was declined a property tax subsidy in March, 2002 (By-law T-209). Staff find no basis for a reversal of the previous decision of Regional Council.

The Association for the Development of Children's Residential Facilities is a registered charity. The organization operates six (6) "therapeutic residential youth care" facilities; male youth admitted to the facilities include temporary or permanent care and custody agreements. Three of the properties are owned by the Nova Scotia Department of Transportation and do not pay taxes, and three properties are owned by St. Paul's Home Board and do not pay property taxes. The property located at Prince Street, Dartmouth, is taxed at the Residential rate and taxes are \$2,441. The applicant has requested a reduction

As stated in the audited financial statement for 2003-2004:

"The Association derives substantially all of its revenues from the Province of Nova Scotia. As a result the Association is economically dependent on the Provincial government. In addition, residences utilized by the Association, with the exception of Hawthorne House, have been provided on a no fee basis by government and another not-for-profit organization" (p.9)

In 2003-04, the Association received an annual core operating grant of \$3,729,540 and per diem subsidy of \$1,082,122 from the Nova Scotia Department of Community Services. An examination of the Association's financial statements indicates an ability to pay (tax as % of revenue is 0.04%).

Staff recommend no tax subsidy. Remains at the Residential rate.

Grants Program staff have asked Nova Scotia Assessment Services to review the tax status of the six (6) properties.

4. Harbour City Homes Society, 2559 Gottingen Street, Halifax- Affordable Housing

The property is owned by HRM and leased to Harbour City Homes. Presently, the property has been operated as a parking lot. The land is assessed as Residential and taxes are \$353. The applicant has requested tax exemption.

Staff recommend no tax exemption for parking: the lot is not consolidated with an abutting residential property and therefore is not considered ancillary to use.

5. Royal Canadian Naval Association: Peregrine Branch, 2623 Agricola Street, Halifax Service Club

The Royal Canadian Naval Association Peregrine Branch is a registered non-profit organization. The service club is presently on By-law T-200 at a Conversion from the Commercial to Residential tax rate. Application has been made for 100% exemption based on the age (c.1898) and condition of the premises.

Staff recommend full tax exemption be declined. The applicant will be referred to the HRM Heritage Properties Program should they wish to pursue a heritage designation for the property.

6. Westmoor 57 Co-Op Limited, Halifax- Affordable Housing - Late Application

The Westmoor 57 Co-Op Limited was incorporated in 1979 as a non-profit housing cooperative under the Nova Scotia Co-Operative Associations Act. The cooperative owns 57 single dwelling 3-bedroom homes located on Cook Avenue, Vaughan Avenue, and Coleman Court in Halifax. The applicant has requested a partial tax exemption of 25% of the Residential rate (affordable housing). Total combined taxes on 57 properties in 2004-05 was \$108,341; a partial exemption of 25% is estimated to cost \$27,085.

Staff recommend the application be declined for 2005-06 based on late application, program budget, and further review of the organization's constitution and by-laws. May re-apply for 2006-07.

C. Recommend Defer

Staff recommend that any consideration of partial property tax subsidies on properties owned or leased by Harbour City Homes be deferred pending (a) a signed payment plan agreement between HRM and the society for arrears, and (b) the closing of applicable Purchase and Sale Agreements between HRM and the society.

1. Harbour City Homes, Halifax- Affordable Housing

Harbour City Homes is a federally registered charity formed under the former City of Halifax. The organization owns and operates residential properties in central Halifax and Spryfield for low income individuals and families. Presently, rents are calculated below the low-end of market value rents. Many apartment rents are maintained at the level of shelter allowances provided under the Social Assistance, others are rent-g geared-to-income, and all residents meet the Canada Mortgage & Housing Corporation's definition of "core need".

Staff recommend that any decision on further tax subsidies to the Harbour City Homes Society be deferred pending confirmation of an active payment plan with HRM for tax arrears, and the close of the Purchase and Sale Agreements for four of the following HRM-owned properties in 2005.

- a) **2350-2358 Gottingen Street, Halifax**
The property is a 16-unit apartment building with street level commercial leasing. The property is assessed at the Residential and Commercial tax rate and taxes are \$2,142 Residential and \$10,261 Commercial.

- b) **2388 Gottingen Street, Halifax**
The property is a 24-unit apartment building for low income families. The property is assessed at the Residential tax rate and taxes are \$10,675.

- c) **2014-2020 Maynard Street, Halifax**
The property is a 4-unit apartment building for low income families. The property is assessed at the Residential tax rate and taxes are \$2,605.

Staff recommend a partial tax exemption at 25% of the Residential tax rate (Schedule 30). The estimated annual cost is \$651.

- d) **2444-2450 Barrington Street, Halifax**
The property is a 23-unit apartment building for low income families. The property is assessed as Exempt Residential and taxes are estimated to be \$13,518

Staff recommend a partial tax exemption at 25% of the Residential rate (Schedule 30). The estimated annual cost is \$3,379.

2. Alice Housing (W. William Non-Profit Housing) **Supportive Housing**

Alice Housing is a registered non-profit organization that owns and operates "second stage" housing for women and their children, and single women, leaving abusive relationships. The property is two storey residence with basement; all three levels are used for programming (a drop-in centre) and administrative offices. The property is assessed at the Residential rate and taxes are \$2,285. A partial reduction has been requested. The premises is not a permanent place of residence (a "home") and therefore HRM staff question the assessment classification.

Staff recommend a decision be deferred pending confirmation of the Residential assessment classification for premises that serve a programming and administrative function. An inquiry has been sent to Nova Scotia Assessment Services.

3. 309070726 Nova Scotia Limited (Craig Foundation), 1456 Brenton Street, Halifax **Medical/Mental Health - Late Application**

The Craig Foundation is a federally registered charity. The Foundation is a private foundation whose investments earnings are dispersed in the form of grants and donations to community non-profit organizations and public institutions. The property is assessed at the Commercial tax rate and taxes are \$12,809. Application has been made for 100% tax exemption.

Staff recommend a decision be deferred pending further review. The title-holder is a registered company.

D. Deletions

1. Creighton-Gerrish Development Association, 2337-2351 Creighton Street, Halifax Affordable Housing

The Creighton-Gerrish Development Association is a registered non-profit organization whose focus is the development of affordable housing in urban Halifax. HRM has provided 100% tax exemption for the six (6) properties listed below during the land holding and construction period only. The properties were sold in 2004 and revert to full Residential taxation resulting in an estimated \$12,600 a year in tax revenue for HRM.

- c) **2343 Creighton St, Halifax**
- d) **2345 Creighton Street, Halifax**
- e) **2349 Creighton Street, Halifax**

Staff recommend the removal of the properties located at 2337, 2339, 2343, 2345, 2349, and 2351 Creighton Street, Halifax, from By-law T-200. The estimated annual saving to the tax exemption program is \$1,241.

The property was added to By-law T-212 as 100% exempt during the holding and construction period, effective as of the closing date for the Purchase and Sale Agreement. HRM has been advised that the proponent has withdrawn their interest in the property.

Staff recommend removal of 530 Herring Cove Road, Spryfield, from By-law T-200. No tax account and therefore no cost saving to the program.

3. Dartmouth Family Resource Centre, 47 Wentworth Street, Dartmouth Social Services

The Dartmouth Family Resource Centre lease an HRM-owned property on Wentworth Street, Dartmouth. In April, 2005, HRM received notice of the tenant's intent to vacate.

Staff recommend removal of 47 Wentworth Street, Dartmouth from By-law T-200. The lease had not been registered and therefore there is no cost-saving to the program in 2005-06.

4. Spryfield Lions Club, 25 Drysdale Road, Spryfield- Recreation

In 2005, HRM acquired title to the property known as the Spryfield Lions Arena. The intent is to negotiate a facility management agreement with the Lions Club for the operation of an HRM-owned property. Presently, the property is 100% tax exempt under By-law T-200.

Staff recommend removal of 25 Drysdale Road, Spryfield, effective as of the closing date of the Purchase and sale Agreement. The estimated annual saving to the tax exemption program is \$42,718.

5. St. Margaret's Centre Association, 12 Westwood Boulevard, Upper Tantallon Recreation

Presently, the property is 100% tax exempt under By-law T-200. There is still a cost to HRM but one not recorded publicly under the *Tax Exemption for Non-Profit Organizations Program*.

Staff recommend removal of 133 First Lake Drive, Lower Sackville, from By-law T-200, effective April 1st, 2005. The estimated annual saving to the program is \$68,000.

Note: Grants Program staff will follow up with Assessment Services and the Lake District Recreation Association regarding the Taiso Gymnastics Club land lease and tax status.

BUDGET IMPLICATIONS

The estimated cost for the 2005-06 for the non-profit tax exemption program, prior to any changes, is \$1,734,000, an increase of \$73,000 over the approved budget. In addition to that amount, there are three changes recommended under this by-law (T-216):

Addition of pre-commitments	\$11,887
New applications	\$24,653
Deletions	(\$112,009)
Total	(\$75,469)

The balance of (\$75,469) in existing capacity covers the assessment increase of \$73,000 for a final balance of (\$2,469). The program is, therefore, closed to any further applications for 2005-06.

Attachment 1.

Outstanding Pre-Commitments: Approved Tax Exemptions to be Added to the Municipal Tax Roll.

- Affirmative Industry Association of Nova Scotia - Affordable Housing - purchase due in 2005
- Alexandra Children's Centre - Social Supports - property purchased in 2005
- Dartmouth Non-Profit Housing Society - Heritage - tile transferred in 2004
- Eastern Shore Recreation Commission - Recreation - HRM Facility Management Agreement
- Frances Margaret Pet Sanctuary - Benevolence - pending transfer of title for 3 properties
- Head of St. Margaret's Bay/Boutilier's Point Recreation Association - Recreation - Lease to Purchase Agreement
- Metro Food Bank Society - Social Supports - Lease to Purchase Agreement
- North Star Rowing Club - Recreation - Lease Agreement (land requires survey to separate from land leased to Nova Scotia Canoe Association)
- Nova Scotia Nature Trust - Environment - pending transfer of the title for 2 properties - Agreement of Purchase and Sale

Estimated value of pre-commitments \$77,334 to \$94,434 at 100% at 2005 tax rates (not all applicants would qualify for full tax exemption, so an estimate of \$70,000 may be realistic).

Also Note: Sport Nova Scotia tax account based on rental occupancy - vacancies in 2004-05 resulted in a decreased cost to HRM of ~\$12,000, if these vacancies are filled the account's cost to HRM will increase.

HRM staff are currently reviewing eligibility, policy and procedures for the lease of HRM-owned property. If approved by Regional Council, it is anticipated the adoption of a standardized, formal program will realize the collection of property taxes that are presently unidentified and uncollected.

Dear Ms. Temple,

I am writing to you regarding the non-profit status of Charles Court Housing Co-operative, as it may relate to their application to the HRM Grants Committee for a municipal residential tax rebate (at 25%).

In my position at the Registry of Joint Stock Companies, I am responsible for the Co-operative Associations Act, and I also adjudicate the incorporation documents submitted by societies. In short, I am responsible for the filings of all non-profit associations in the province. I have been asked to offer my thoughts on housing co-operatives as one of those types of non-profit registrations.

Charles Court is one of the housing co-operatives started with funding provided by CMHC, with the intention of creating continuous non-profit and affordable housing to families, seniors and persons with disabilities. When the first members of Charles Court signed the incorporation documents in 1983, they agreed that:

The objects for which the Association is established are to carry on on a co-operative basis: (a) a continuous non-profit housing co-operative offering housing accommodation to its members and (b) other services which are complimentary to the above objects which are in the interests of the members including the Acts and things set forth in Section 16 of the Co-operative Associations Act, R.S.N.S., 1977, Chapter 7.

Because not every housing co-operative was this clear in their incorporation documents, it is worth mentioning that the Co-operative Associations Act was amended in 2002 to specifically ensure that government-funded housing co-operatives are and shall remain non-profit. Specifically, sections 61A-F were added to the Act for this purpose. I have attached those sections for your convenience.

Finally, my 25 years of experience with housing co-operatives leads me to believe that this tax exemption would be a valuable assistance to many co-operatives. If I can provide any further information on this matter, please feel free to contact me at your convenience. For instance, I would be willing to make a presentation on housing co-operatives for your staff if you feel that would be beneficial.

Sincerely yours,

Ronald Skibbens (handwritten signature)

Ronald Skibbens
Inspector of Co-operatives
