10.1.1 Brush Pick Up Initiative Update

- it will help residents to clean up their own areas,
- residents should clean up 100 ft. around their buildings,
- debris can be piled at edge of properties and HRM will pick up and process the materials,
- it is a one time program only,
- it is a protection program,
- it is not a general clean up,
- HRM is not cleaning up the properties, the residents are,
- it is not part of regular refuse clean up,
- HRM is asking residents to pile materials near property line but not under power lines, do no pile in ditches nor in travel ways nor watercourses,
- it is a four week program.
