Attention: Mark McGonnell, P. Eng.  
Development Engineer

Dear Mark

Re: **Traffic Signal at Hammonds Plains Road and Glen Arbour Way**

The traffic study prepared by JRL Consulting indicates that a traffic signal is warranted at the intersection of Hammonds Plains Road and Glen Arbour Way, a copy of this report has been submitted for your review. We will engage Genivar to revise the traffic signal design previously prepared to suit HRM's present standards.

We are writing this letter to follow up our discussions regarding traffic signals, that upon your approval we will begin installation of the signals this year.

Yours truly

M. Sooriyakumaran, P. Eng.
