District 12 PAC - February 25, 2010

TO: Chair and Members of the Heritage Advisory Committee
Chair and Members of the District 12 PAC

SUBMITTED BY: 
Paul Dunphy, Director of Community Development

DATE: January 13, 2010

SUBJECT: Case 01319: Development Agreement - 5896 Spring Garden Road and 1489 Carlton Street

ORIGIN

Application by Geoff Keddy & Associates for lands of Spring Garden Towers Incorporated and Sandy Rutledge to discharge the existing development agreement for 5896 Spring Garden Road and to enter into a new development agreement for 5896 Spring Garden Road and 1489 Carlton Street, Halifax, to expand the existing coffee shop use (Just Us! Coffee).

RECOMMENDATION

It is recommended that Heritage Advisory Committee consider the proposed change of use described in this report in relation to its impact on the registered heritage property located at 5896 Spring Garden Road and 1489 Carlton Street, Halifax, and recommend that Peninsula Community Council approve entering into the proposed development agreement, included as Attachment A of this report.

It is recommended that District 12 Planning Advisory Committee recommend that Peninsula Community Council:

1. Give Notice of Motion to consider the proposed development agreement, as described in Attachment A, to permit a restaurant/coffee shop within the registered heritage properties located at 5896 Spring Garden Road and 1489 Carlton Street, Halifax, and schedule a public hearing.
2. Approve the development agreement, included as Attachment A of this report.
3. Require the agreement be signed within 120 days, or any extension thereof granted by Council on request of the applicant, from the date of final approval by Council and any other bodies as necessary, including applicable appeal periods, whichever is later; otherwise this approval will be void and obligations arising hereunder shall be at an end.
4. Discharge the existing development agreement that applies to 5896 Spring Garden Road, to take effect upon the registration of the new development agreement.

BACKGROUND

The application is to allow for Just Us! Coffee to expand the coffee shop/restaurant currently located at 5896 Spring Garden Road, Halifax (corner of Spring Garden Road and Carlton Street; see Map 1) to the abutting property, 1489 Carlton Street. Both semi-detached buildings are municipally registered heritage properties. Two residential units would be maintained upstairs at 1489 Carlton Street.

DISCUSSION

Municipal Planning Strategy Policies

Both subject properties are located within the R-2 (General Residential) Zone and are designated Medium Density Residential under the Generalized Future Land Use Map for the Peninsula Centre Detailed Area Plan (see Maps 1 and 2). The current zoning regulations allow for R-1 (Single Family Dwelling) Zone uses, semi-detached, duplex dwellings and buildings containing not more than four apartments. Restaurant uses, which can include coffee shops, are not a permitted use within the R-2 Zone.

However, Policy 6.8 of the Halifax Municipal Planning Strategy (MPS) states the following:

In any building, part of a building, or on any lot on which a registered heritage building is situated, the owner may apply to the City for a development agreement for any development or change in use not otherwise permitted by the land use designation and zone.

In considering a development agreement application under Policy 6.8, Council is directed to assess the proposal with regard to a set of criteria (see Attachment C). These evaluation criteria are concerned with the impact of the proposed change on the heritage value and integrity of the registered building and on adjacent uses (traffic generation, noise, hours of operation, parking).

Evaluation of Proposal and Development Agreement

The municipally registered heritage property located at 5896 Spring Garden Road has been occupied by Just Us! Coffee since 2007, without any noticeable impact on the heritage value of the property or the integrity of Carlton Street as a registered heritage streetscape. The proposed expansion of the existing coffee shop/restaurant into the municipally registered building located at 1489 Carlton Street is not expected to cause any negative impacts to the heritage value of the building, the integrity of the Carlton Street heritage streetscape, or on adjacent uses.

The main entrance to be used to access the interior of the coffee shop/restaurant will continue to be located on Spring Garden Road and is not visible from Carlton Street. The doors on Carlton Street will continue to be used as secondary entrances and exits. No external alterations are being proposed as part of this application.

In an attempt to minimize the impact on adjacent residential uses, the draft development agreement, as described in Attachment A:

- ensures that refuse containers and propane tanks are adequately screened;
- restricts the hours of operation to between 7:00 am and 10:00 pm; and,
- places restrictions on deliveries to the building and the collection of refuse and recyclables.

It is anticipated that most customers who will frequent the establishment will live in the surrounding neighbourhood and will walk there. However, an ample amount of on-street parking does exist in the immediate area to serve the needs of those travelling by car. A private driveway off Carlton Street will continue to accommodate deliveries and staff parking.

Discharge Agreement

In conjunction with the application for a new development agreement covering both 5896 Spring Garden Road and 1489 Carlton Street, Council is being asked to discharge the existing development agreement which applies to 5896 Spring Garden Road. Staff advise that discharging the existing agreement and entering into a single, new development agreement for both properties is more efficient than amending the existing agreement to expand it to a second property. It is important to note, however, that the provisions contained in the original agreement have already been carried through or brought forward under the proposed agreement.

Public Information Meeting/Area of Notification

A public information meeting for this application was held on October 8, 2009. Minutes of this meeting are provided as Attachment D of this report. Should Community Council decide to hold a public hearing, in addition to published newspaper advertisements, property owners in the area shown on Map 1 will be sent written notification.

Conclusion

The proposal satisfies the applicable policies of the Halifax MPS (Attachment C) and as such, it is recommended that Peninsula Community Council approve the draft development agreement.

BUDGET IMPLICATIONS

There are no budget implications. The Developer will be responsible for all costs, expenses, liabilities and obligations imposed under or incurred in order to satisfy the terms of this Agreement. The administration of the Agreement can be carried out within the approved budget with existing resources.

FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

ALTERNATIVES

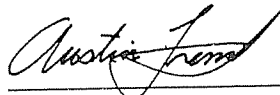

1. Community Council may chose to approve the entire development agreement, as contained in Attachment A. This is the recommended course of action.
2. Community Council may choose to alter the terms of the development agreement. This may necessitate further negotiation with the applicant, and may require an additional public hearing.
3. Community Council may choose to refuse the entire development agreement. Pursuant to Section 245(6) of the *Halifax Regional Municipality Charter*, Council must provide reasons for this refusal, based on the policies of the MPS.

Attachment C Excerpts from the Halifax Municipal Planning Strategy

- 6.8 In any building, part of a building, or on any lot on which a registered heritage building is situated, the owner may apply to the City for a development agreement for any development or change in use not otherwise permitted by the land use designation and zone subject to the following considerations:
- (i) that any registered heritage building covered by the agreement shall not be altered in any way to diminish its heritage value;
 - (ii) that any development must maintain the integrity of any registered heritage property, streetscape or conservation area of which it is part;
 - (iii) that any adjacent uses, particularly residential use are not unduly disrupted as a result of traffic generation, noise, hours of operation, parking requirements and such other land use impacts as may be required as part of a development;
 - (iv) that any development substantially complies with the policies of this plan and in particular the objectives and policies as they relate to heritage resources.

Attachment D Minutes from the October 8, 2009 Public Information Meeting

Public Information Meeting
Case 01319
October 8, 2009

In attendance: Councillor Sloane
Luc Ouellet, Planner, Planning Applications
Holly Kent, Planning Technician
Gail Harnish, Planning Services

Opening remarks, introductions, purpose of meeting

Mr. Luc Ouellet called the public information meeting (PIM) to order at approximately 7:00 p.m. at the St. Mary's Boat Club. Tonight's meeting deals with an application to expand the existing coffee shop (Just Us! Coffee House) at 5896 Spring Garden Road. Staff will talk about the planning process and the applicant will talk about the proposal itself.

Overview of planning process

Mr. Ouellet provided an overview of the planning process:

- we are now at the PIM
- staff will do a detailed review of the application
- staff will prepare a report which is tabled with the Heritage Advisory Committee (because it's a heritage property) and the District 12 Planning Advisory Committee
- the Committee's will make their recommendation to Peninsula Community Council
- Community Council will decide whether or not to proceed to a public hearing; if they proceed, a public hearing is scheduled, or they can reject the application
- the public hearing is held
- Community Council will make a decision
- there is an appeal process

Mr. Ouellet noted attached to the handout is the policy (6.8) from the Halifax Municipal Planning Strategy which allows Council to consider the application. The property is zoned R-2 which usually only allows four units and not commercial. Because it is a coffee shop, it was done under a development agreement. In order to expand, we have to amend or enter into a new development agreement. It was decided to discharge the existing agreement and enter into a new development agreement. A development agreement is an agreement between the Municipality and the developer which allows us to control issues not controlled under the land use by-law, such as hours of operations and deliveries. Those issues are controlled under the current agreement, and we would carry those controls over into the new agreement.

Proposal

Mr. Ned Zimmerman, Manager of Just Us! Coffee House, indicated they became aware that their landlord had the adjacent property, which has three residential units, available as well. They felt an expansion would be beneficial because:

- they ran out of space. Their existing location is quite busy and they frequently turn away people. They felt the twenty-five new spaces would help alleviate that.
- they tried to develop the Coffee House as a gathering place for the community. They have a lot of customers from the residential units in the neighbourhood, and students from Dalhousie. Tonight they are having a story telling circle at the Coffee House. Also, they have low key live music on Monday nights from local people, they have film screenings, reading groups and knitting groups. They have quite a wide range of activities in the early evening generally and sometimes during the day.

Mr. Zimmerman noted a problem with their existing location is that the space on the second floor is not accessible. Their hope with the proposed expansion is to use the ground floor of the adjacent property to create a multi-purpose meeting space that could be used for meetings, film screenings, and a variety of things that would serve the needs of their customers. Referencing a plan, he pointed out the existing space for their counter and the main entrance on Spring Garden Road. They would be looking to open the wall into the other half and have an extension of the seating through there with a little raised area which could be used for a stage. This is a huge addition to them in terms of the number of people they could accommodate in the Coffee House.

Questions and comments from members of the public

Mr. Peter Woolsey questioned what would be on the second floor.

Mr. Zimmerman responded at this point in time there are two residential units there. It is their intention to leave those as rental units. They have tenants in there now who are eager to stay. Until they have a use for that space, it would remain as two apartments. Maybe down the road there would be an office, at which time they would have to go through the process to have that added.

Councillor Sloane asked about the wall they planned on breaking through, which she suspected was probably a load bearing wall.

Mr. Zimmerman confirmed it is. He pointed out on the plan where they would have to install big steel beams.

Mr. Ouellet noted there might also be an issue with the fire separation distance with the upstairs units, which would have to be explored.

Mr. Zimmerman pointed out the entrance that leads to the upstairs apartments. Right now there is a door into the ground floor area which they would have to seal off, so they could have a completely separate entrance for the upstairs units for fire safety reasons.

The meeting adjourned at approximately 7:15 p.m.
