

## Bringing the World to your Doorstep

## Halifax Regional Municipality Residents

Do you have high-speed Internet access?

If high-speed isn't available to your home or business in rural HRM, OmniGlobe Broadband wants to know.

We are beginning construction to cover all un-served areas of HRM and we're double-checking to make sure that your area is on our 'to do' list.

All you need to do is give us your civic address before March 27, 2009.

OmniGlobe Broadband
