CITY PRISON REPORT

Halifax, N. S., May 1st, 1919.

To His Worship the Mayor, Chairman, Members of the City Prison Committee, and City Council.

Gentlemen:—I beg to submit the Annual Report of the City Prison for the civic year ending April 30th, 1920.

There were in custody at the beginning of the civic year forty-eight men and one woman. During the succeeding twelve months, one hundred and sixty-seven men and seventeen women were admitted, making a total of one hundred and eighty-four. There were discharged, one hundred and fiftyfive men and twelve women, at the expiration of their terms; these, with seventeen escapes, reports of which were submitted at the time of occurrence, give a total of one hundred and eighty-four; leaving in custody forty-three men and six women.

It may be said that the yard escapes were due to the inadequate fence surrounding the Prison yard, which we are glad to state will be remedied in the near future.

The remission system has not as yet been established, but we trust the time is not far distant when the greatest of all privileges will be in force at the Prison.

The conduct of the prisoners has been good, and discipline well maintained throughout the year, for which I thank the officers.

The Matron speaks well of the conduct and industry of the females, and the fact that I am rarely called upon to deal with reports bears out this statement. The lack of a proper yard for female inmates is to be regretted, but, as already stated, those conditions will be changed for the better not far hence.

We had a fair year on the farm, to which we are still adding cultivated land. After supplying the needs of the Institution we sold vegetables to the value of \$473.36.

The health of the inmates for the past year has been good, there being no epidemic of any kind.

Sunday services have been regularly conducted during the year, and the chaplains faithful and painstaking in the performance of the duties pertaining to their offices. They speak highly of the conduct of the inmates during Divine Service.

The Prison Library continues to do good work.

The daily average of prisoners for the year was 51.95.

The value of Prison Equipment at this date is reported as follows:--

Bedding and clothing \$	700.00

CITY HOME REPORT

Halifax, N. S., May 1st, 1920.

His Worship the Mayor, and Members of the City Council.

Gentlemen:-I beg to submit the following report of the Charities Committee for the year 1919-1920.

On May 1st, 1919 there were 276 inmates in the City Home, made up of 153 men, 120 women and 3 children.

During the year there were 280 persons admitted, 33 born, 268 discharged and 49 died, leaving in the Home at this date a total of 272, made up of 142 men, 124 women and 6 children.

The total number supported during the whole or part of the year was 589. The largest number supported at any one time was 307, on February 25th 1920, and the smallest number was 245 on August 21st 1919. The daily average was 272.4.

There are 102 harmless insane patients in the City Home, 45 male and 57 female. A daily average of 49 insane patients have been supported in the Nova Scotia Hospital during the year. The maintenance of some of these patients is paid in whole or part by their relatives. The amount paid the Nova Scotia Hospital for the maintenance of said patients was \$10,782.14, as against \$10,537.47 for the year previous.

The amount paid for Wood Yard expenses was \$3,225.50 and the receipts were \$4,176.65, leaving a profit to the credit of the Wood Yard of \$851.15.

The following is a statement of receipts and expenditures for the year:

REPORT OF THE CHIEF OF POLICE

1919-20

REPORT CHIEF OF POLICE

Halifax, N. S., June 30th, 1920.

To His Worship the Mayor, and Members of the City Council.

Gentlemen:—Herewith I have the honor to submit my Annual Report as Chief of Police of the City of Halifax, for the civic year ending April 30th, 1920. During the past year there have been a great many changes in the personnel of the Force. There have been 19 appointments and 10 resignations, leaving only 9 of the number appointed remaining on the Force. It can readily be seen from this the difficulties which confront us in our efforts to afford the public adequate service, some of the appointees only remaining a few weeks and some only a few months. At the present time we have a very efficient force, considering the size and population of the City.

On the 4th, of October last, Inspector Charles Colyer, died after an illness of six weeks, contracted while on duty. The funeral was held on Monday the 5th. of October, the Police Commission and whole Force attending.

During the year several changes and appointments were made. On the 1st, of July the three platoon system was put in vogue, and so far has worked out to the entire satisfaction of all concerned. The Platoons comprise as follows, No. 1 Platoon, One inspector, two sergeants and sixteen men, who come on duty at 8.30 a. m. and dismiss at 6 p. m. No. 2 Platoon, one inspector, two sergeants and eighteen men, who come on duty at 6 p. m. and dismiss at 2 a. m. No. 3 Platoon, one inspector, two sergeants and fourteen men, who come on duty at 2 a. m., and dismiss at 8.30 a. m. To officer the platoons it was necessary to appoint some of the sergeants to the rank of Inspector and some of the patrolmen to the rank of sergeant. The appointments were as follows: Sergeant D. J. McIsaac, was appointed Inspector in charge of

REPORT OF THE CHIEF OF POLICE

No. 1 Platoon, with Patrolmen O'Halloran and Eisenhauer as his Sergeants. Sergeant L. Lovett was appointed Inspector in charge of No. 2 Platoon with Sergeants Young and White as his assistants. Sergeant Meehan was appointed Inspector in charge of No. 3 Platoon with Patrolmen O'Leary and Conrod as his Sergeants. Sergeant Spruin was appointed Inspector of Traffic with a squad of three men as traffic directors.

The Chief Inspector and his assistants have performed their duties satisfactorily, the members of the staff being frequently called upon to do work outside of the City for the Provincial Government.

On the resignation of F. J. Doyle, Chief Clerk of the Department, Patrolman James Crichton was appointed in his place.

I must also pay tribute to the excellence of the services rendered by Mrs. Egan and Mrs. Virtue, who in their respective capacities as policewomen have handled the many cases demanding their attention with rare tact and skill.

Deputy Chief Wm. E. Palmer, continues to render efficient co-operation in the performance of the many matters with which the Department has to deal.

During the year the old horse drawn Police Patrol was disbanded, and the Motor Patrol which has been standing in the Patrol House for some time was put in commission and is now giving good service.

During the month of August 1919, John Delaney murdered his wife, and during the next eight weeks the department's resources were taxed to the utmost before he was captured. To-day he is serving a life sentence.

Finally I wish to emphasize my recognition of the loyal

1919-20

and successful support given me by all members of this department.

Annexed will be found tables of offences, etc.

Respectfully submitted,

FRANK HANRAHAN, Chief of Police.

Inspections.

During the year a systematic inspection of all mercantile buildings, schools, institutions, theatres and factories, etc., has been inaugurated and carried out by the uniformed members of the Fire Department with very good results. This is a work that will require special training and which cannot be expected to be perfectly accomplished for some time yet to come. The advantages in this inspection are two-fold, first; it has the effect of cleaning up and eliminating hazards that otherwise would be allowed to remain and accumulate. Second: it is an education to the men, inasmuch as they become familiar with the surroundings of the different buildings, the exits, fire escapes, elevator shafts, fire preventive and fire extinguishing appliances; not overlooking the fact that no one is better fitted to advise than the men who would be called upon to remove the occupants in case the building should be on fire.

Accidents and Deaths.

June 7, 1919, Bicycle driven by Peter Decalino collided with Chief's car causing the breaking of Mr. Decalino's leg.

August 18, 1919, Howard Parsons slightly burnt in fire of August 18, 1919.

December 4, 1919, Mr. Andrew Hayes perished in fire in shed in the rear of 40 Dresden Row.

January 13, 1920, Mr. P. Walsh burnt on hands and face in fire at 14 Bloomfield St.

February 1, 1920, Two boys, viz; John V. Farcy and Edward McSweeney were somewhat injured by running into fire apparatus while coasting on Prince St.

February 5, 1920, William Putman, age 3 years and 10 months perished in his home, Westmount St.

February 8, 1920, Charles McDonald of No. 2 motor crew injured right fore arm at the Herald Building Fire.

March 9, 1920, 2nd. Deputy Chief Wm. Howley had arm slightly burnt in fire at 112 Lower Water St.

General Remarks and Recommendations.

The motor apparatus that has been added to the Department during the past two years has given every satisfaction under severe weather conditions and has fully demonstrated that they are superior in every respect to the horse drawn apparatus and I would recommend where ever possible that the horse drawn apparatus be replaced by additional motor apparatus.

The condition of the horses and apparatus is very good and much time is devoted to their upkeep. The stations are in fair condition and will require to be improved in the near future.

The inauguration of the permanent department has been one great strive forward in efficiency and has fully warranted the additional expense of maintaining the same. It will be necessary now with the paid department to inaugurate a train-

FIRE DEPARTMENT REPORT

ing school where the different branches of the department can be demonstrated and by which the members of the department will have physical as well as mental training thereby better fitting them for the duties they will be called upon to perform. The first move along this direction will be the erection of a training tower which would not be expensive if a bell tower of one of the stations with some alterations would be transformed to meet this requirement. Much of this alteration could be done by members of the department.

Among the greatest difficulties the Fire Department have to contend with during fires is the numerous overhead wires which greatly hampers the department in raising ladders and also a source of great danger from electric shocks. In view of the fact the N. S. Tramway and Power Co. are fairly prompt in responding to alarms and co-operates somewhat with our department.

Among the several recommendations made by the late Chief Broderick and not yet carried out are: signs on wharves where fire hydrants are placed; night lights on fire alarm boxes; that some provision be made for fighting fires on the water front.

Respectfully submitted,

J. W. CHURCHILL, Chief H. F. D.
