<u>April 12th, 1928</u>

Halifax, N.S. April 4th, 1928

Mayor J.B.Kenny City Hall, Halifax, N.S.

Dear Sir:-

RJing

As you are no doubt aware, the Salvation Army in connection with its annual Missionary Appell known as the Self Denial Effort, finds it necessary each year to arrange a Tag Day, which, in the past, has received the endorsation of the City Council.

As we anticipate making a similar appeal on May 19th, I shall be greatly obliged if you will bring this application before the members of your Council at the next sitting.

We thank the Council most heartily for their co-operation in past years, and trust that this request shall meet with their united approval.

Sincerely yours

Robert Tilley Major DIVISIONAL CONTANDER.

Moved by Alderman Power, seconded by

Alderman Rains that the request be granted. Motion passed

DAYLIGHT SAVING TIME

Read letter of F.L. Dougan, District Passenger Agent, C.N.Railways re Daylight Saving Time, and a letter of the Railway Association of Canada on the same subject:

Halifax, N.S. Apr. 4-28

His Worship Mayor J.B.Kenny, City Hall, Halifax, N.S.

Dear Sir: I am in receipt of advice from Mr. F.W. Robertson, General Passenger Agent, Canadian National

Railways, Monction, N.B. that Daylight Saving Time will commence in Saint John effective midnight May 19th, ending midnight September 3rd, and in Halifax, midnight May 13th until midnight September 9th.

In this connection, I wish to advise you that the Canadian National Railways are prepared to issue a Time Table on May 20th, or any other suitable date, to adjust suburban train services, in the event of Daylight Saving Time being adorted. However, we feel that Daylight Time should be adorted in both Gities on the same date and expire simultaneously, and we would respectfully suggest that the City and Board of Trade authorities in Halifax and Saint John should confer with each other in connection with the most suitable date for the adoption and discontinuance of same, as we cannot possibly consider issuing separate Time Tables to cover trains serving both Cities.

I shall be very pleased if you will let me have an acknowledgment of this communication today, informing me what date you would suggest Time Table being changed to conform with Daylight Saving Time.

Yours very truly,

F.L. Dougan DISTRICT PASSENGER AGENT.

The following Resolution is submitted:

RESOLVED that this Council adopt Daylight Saving Time during the summer of 1928, said time to be effective from midnight May 13th and ending midnight September Sth, and that all Civic activities be regulated accordingly.

WATER DEPARTMENT ESTIMATES FOR THE CIVIC YEAR ENDING APRIL BOth, 1929

Read report of the Committee on

Works and City Engineer covering the Estimates of the Halifax Water Works of Receipts and Expenditures for the Civic Year 1928-29:

Halifax, N.S.March 26th, 1928

WATER DEPARTMENT ESTIMATES 1928-1929

His Worship the Mayor.

Sir:-I beg to submit herewith the Department for the Civic Estimates for the Water Department for the Civic Year 1928-29.

For purposes of comparison the estimates for the current year and also the actual receipts and expenditures for 1927, as far as ascertainable, are shown.

The estimated expenditure for the year amounts to \$232,869.74, with estimated receipts slightly in excess of this sum.

According to the Auditor's statement last years operations of the Department show a surplus of 39,970.96 which is transferred to the Depreciation and Renewal account in addition to a sum of 37,347.56 reserved for adjustment of rates and discounts. It is anticipated that at the close of the current year equally satisfactory results will be shown.

A perusal and analysis of the balance sheets for the past three years is interesting in showing the financial improvement being made. On the 30th of April, 1925 the uncollected water rates were \$265,670.77 in 1926\$222,863.23 ; in 1927 \$192,998.00 and on the 30th of April 1928 it is anticipated that this will be reduced to \$154,000.00

During the same period the loans du to the bank and to current account have been as follows

In	1925	\$215,170.36
	1926	\$215,170.36
	1927	144,201.12

and at the end of this year they will probably be 124,000.00

In the face of these figures and in view of the fact that an energetic campaign has been vaged by the Collector for the collection of ordinary and betterment overdue rates and taxes making it harder to collect the outstanding water rates, the results obtained may be considered satisfactory

The yearly contribution of the Water Department towards interest and sinking fund in connection with the loan made in settlement with the Relief Commission has been fixed at \$5,445.26 and this sum is included in the estimates.

Attention is again drawn to the item "Interest on Loans", and in this connection the following quotation is extracted from the report accompanying last years estimates:

"The item of expenditure "Interest on Loans" should be noticed and in connection therewith attention is drawn to the following remarks made by the Board of Commissioners of Public Utilities. After discussing the question of uncollected rates and the bank loans and interest rendered necessary thereby, the Board says; "Now although the City is called upon to pay the interest above mentioned on account of said loans, and although the City Charter empowers the City Council by resolution to require the payment of interest on overdue water rates and to fix the rates of such interest no action was taken in that regard. As a result the interest charges does not fall where it properly belongs, on the delinquent water consumer, but is defrayed out of the general revenue of the Water Department. The Board feels that the attention of the City Council should be drawn to the above facts. The reason that interest has not been charged appears to have been due to the fact that if it were there might be a tendency to abandon the exercise of the power held by the City of turning off the water from premises in arrears, which power is a more effective lever for the collection of the rates than the imposition of an interest charge. Under the present conditions this fear is groundless and the argument advanced by the Commission gives sufficient reason for the passage of a by-law by the City Council requiring the payment of the same rate of interest on overdue accounts as is paid by the City on loans made necessary by the said accounts".

There has been no reason to change the views thus expressed in last years report, and the matter is again submitted for the serious consideration of the Council.

Respectfully submitted,

H.W.Johnston, CITY ENGINEER

Works Office, March 29-28

His Worship the Mayor and City Council.

Sirs:-

At a meeting of the Works Committee held on the 28th of March 1928, the City Engineer submitted the attached report on Estimates of the Water Department for the year 1928-29.

The report, with the exception of the clause recommending that interest be chargedon overdue accounts was adopted and the estimates recommended to the City Council for approval.

Respectfully submitted,

M.A. Funter CLERK OF WORKS.

By unanimous consent it was decided to take

up the estimates item by item:
