Date: November 7, 1963.  
Subject: Letter re Industrial Estates Limited and Municipal  
Tax Agreements.

The following letter has been received from Mr. R. MacD. Black, of Walker, Dunlop and Black, Barristers and Solicitors, in respect to Industrial Estates Limited:

"Re: Industrial Estates Limited and Municipal Tax Agreements

Dear Mr. Byars:

Some time ago the City indicated that it did not wish to execute an all embracing agreement with our company, as have most of the other municipalities in the Province, and the agreements we do hold with you apply only to specific industries.

I write now to enquire if there has been any change in policy or if I could be of assistance in outlining the terms of the agreement which have now become fairly constant.

Yours very truly,

(Signed) R. MacD. Black"

LETTER - DOWNTOWN HALIFAX BUSINESS ASSOCIATION

P. O. Box 761,  
Halifax, N. S.,  
November 14, 1963.

His Worship the Mayor and  
Members of City Council.

Gentlemen:

The Downtown Halifax Business Association would greatly appreciate your permission to erect Christmas Trees in the Grand Parade and the side yard of St. Mary's Convent, Blowers and Barrington Streets. Permission already has been given by the Sister Superior of the convent. As in past years, the Downtown Association will provide and lay down the trees on the sites.

In addition to seeking permission to erect the one tree on the Grand Parade, it is asking assistance of the works and electrician's departments in erecting and lighting the trees. This custom has been followed over the past few years.

This matter is urgent since we must place our order for the trees within the next day or so.

It is the Association's hope to have the trees up and lighted by December 2, at which time many of the Downtown stores will be opening week nights for the Christmas season.

Sincerely,

(Signed)

Mrs. Marcella Brown,  
EXECUTIVE SECRETARY.

Council,

PUBLIC HEARING - REZONING NO. 7145 QUINPOOL ROAD  
FROM R-2 ZONE TO R-3 ZONE

A public hearing was held at this time in connection with an application to rezone the property, No. 7145 Quinpool Road

Council,  
November 28, 1963.

from R-2 Zone to R-3 Zone.

The City Clerk advised that the matter had been duly advertised and that the following letters had been received:

1. Petition signed by the owners of eight (8) properties in the area expressing opposition to the proposed rezoning;
2. Letter from Mr. Nathan Green, Q.C., opposing the application.

The Director of Planning displayed a Plan and explained the proposal.

The report of the Town Planning Board was submitted, as follows:

October 17, 1963.

His Worship the Mayor and  
Members of the City Council.

The Town Planning Board, at a meeting held on October 9, 1963, considered a report from the City Manager recommending that the land at No.7145 (651) Quinpool Road, as shown on drawing No.P200/1139, be rezoned from R2 to R3, in accordance with the provisions of the Town Planning Act, on the understanding that the applicant undertakes to develop the property in accordance with the proposals shown on drawings No. P/200/1139-1142.

On motion of Alderman O'Brien, seconded by Alderman DeWolf, the Board approved the report and recommended to City Council that a date be set for a public hearing.

Respectfully submitted,

K. C. MANTIN,  
CLERK OF WORKS.

Mr. G. R. Matheson appeared on behalf of Mrs. Bertha Warren and the other signatories on the petition and requested that Council deny the application on the grounds that the proposed development would tend to further aggravate the traffic congestion on Quinpool Road; and, also, it would tend to devalue the properties of his clients.

Mr. R. A. Kanigsberg, Q.C., appearing on behalf of the owner of the land in question, asked that Council give favourable consideration to the application to rezone the land from R-2 Zone to R-3 Zone to permit the construction of a modern apartment building, containing 35 bachelor units, which he contended would

Council,  
November 28, 1963.

enhance the beauty of the area, and would tend to increase, rather than decrease, the value of the other properties in the area.

He further contended that the arguments advanced by the objectors, concerning aggravation of the existing traffic congestion on Quinpool Road, should not be given too much weight as he had discussed the matter with the City Traffic Authority, who had expressed the opinion that the proposed apartment building would not generate sufficient traffic to increase the traffic hazard to any extent.

He referred to the progressive steps that have been taken by the Council and private developers in the development of a changing Halifax, and he asked that Council approve the application so that a further step could be taken in this direction.

After discussion, it was MOVED by Alderman Lane, seconded by Alderman Healy, that the land situated at No. 7145 Quinpool Road be rezoned from R-2 Zone to R-3 Zone.

The motion was put and passed as follows:

For the Motion: Aldermen Lane, Macdonald, LeBlanc,

O'Brien and H. W. Butler - 9

Against: Aldermen Black, Abbott, A.M. Butler

3. As at February 16, 1964, the City would enter into a lease with the Nova Scotia Rehabilitation Centre on that portion of the Anderson Square property vacated by the Air Force. The lease would provide, among other things:
  - (a) that the Rehabilitation Centre would compensate the City for the cost of acquisition of the building and that this would be done at the time the lease was entered into. In other words, title to the structure would pass to the Rehabilitation Centre on payment of the original cost of acquisition by the City at the time the lease was entered into;
  - (b) that ground rent would commence as at February 16, 1964, on all of the site under lease at the rates already agreed to;
  - (c) that the Rehabilitation Centre would sub-let the structure to the Red Cross Blood Donor Clinic and the Canadian Paraplegic Association at rates agreeable to all parties. 2. That a Borrowing Resolution in the amount of \$300,000 be approved covering the acquisition of additional properties. No acquisitions under this authority would take place until Provinces and Central Properties Limited indicate formal acceptance of the conditions set forth in Appendix B.

The Town Planning Board at a meeting held on September 3, 1963, approved a subdivision dividing the above properties into two lots. The City Solicitor has considered Staff's report and the Board's decision of September 3, 1963, and has ruled that the Board's approval on September 3 was ultra vires and, to make a valid subdivision, it is necessary for the application to be brought before the Town Planning Board as an alteration to a subdivision.

On motion of Alderman Richard, seconded by Alderman Black, the Board approved the report, agreed that the public notice be waived and recommended the same to City Council.

Respectfully submitted,

K. C. Martin,  
CLERK OF WORKS.

MOVED by Alderman Black, seconded by Alderman Richard, that the report be approved.

His Worship the Mayor stated that Mr. G. H. Fitzgerald, M. L. A., representing Dr. G. E. Clarke, the abutting property owner at No. 7172 Royal Pine Avenue, had requested an opportunity to appear before the Town Planning Board when the matter was considered. He had not been notified of the meeting, but was now present and wished to be heard.

MOVED by Alderman Abbott, seconded by Alderman Lane, that Mr. Fitzgerald be permitted to address the Council. Motion passed.

Mr. Fitzgerald stated that his client objected to the application on the grounds that the proposed alteration to a subdivision of the property and erection of another building would be an invasion of his privacy and would tend to devalue his property; and he asked for the protection of Council by refusing

Council,  
November 28, 1963.

the application so that similar attempts will not be made to alter the subdivision which had been initially approved by Council; and which the property owners had been assured by the developers could not be changed because of restrictive covenants in their deeds.

Mr. Charles Burchell, solicitor for the applicant, was also permitted to address the Council. He stated that his client found that the house on the lot is too large for his needs and had decided to seek the alteration in order to build a smaller house on the vacant portion of land fronting on Murdock Avenue. He contended that the proposal would enhance the beauty of the area as the vacant land in question would otherwise remain unsightly being too costly to landscape because of the nature of the terrain.

The motion was put and passed with Aldermen A. M. Butler, and Healy voting "against".

Modification of Lot Frontage - No. 405 Agricola Street

To His Worship the Mayor and  
Members of the City Council.

The Town Planning Board at a meeting held on November 19, 1963, considered a report from the City Manager recommending in favour of modification of lot frontage at No. 405 Agricola Street, as shown on Drawing No. P200/1168, in accordance with Part XV, Para. 1(f) of the Zoning By-law, and that no public hearing be held.

On motion of Alderman Healy, seconded by Alderman Richard, the Board approved the report and recommended the same to City Council.

Respectfully submitted,

K. C. Mantin,  
CLERK OF WORKS.

MOVED by Alderman Healy, seconded by Alderman Richard, that the report be approved. Motion passed.

Alteration to Subdivision - City Property, Inglis Street

To His Worship the Mayor and  
Members of the City Council.

The Town Planning Board at a meeting held on November 19, 1963, considered a report from the City Manager recommending in favour of an alteration to a subdivision at No. 5889 Inglis Street as shown on Drawing No. P901/8, 00-9-15853, in accordance with Section 727(c) of the City Charter.

On motion of Alderman Black, seconded by Alderman Macdonald, the Board approved the report, agreed that the public notice be waived and recommended the same to City Council.

Respectfully submitted,

K. C. Mantin,  
CLERK OF WORKS.

Council,  
November 28, 1963.

MOVED by Alderman Black, seconded by Alderman Macdonald, that the report be approved. Motion passed.

REPORT - SAFETY COMMITTEE

Approval of Amendment to Ordinance No. 13

To His Worship the Mayor and  
Members of City Council.

At a meeting of the Safety Committee held on November 19th, a report was submitted from the City Solicitor advising that an amendment to Ordinance No. 13, which established new specifications for vehicles for which taxi licenses are sought, was passed by the City Council on July 11 and 25, 1963, and subsequently forwarded to the Minister of Municipal Affairs for approval on August 6th.

As the Minister has neither indicated his approval or rejection of the amendment, and since Section 145(2) of the Halifax City Charter 1963 provides that if the Minister does not within 90 days after the receipt thereof signify his approval or disapproval of any such ordinance, amendment or repeal, the same shall be deemed to have been approved and shall immediately become law; and since at least 90 days have elapsed since the receipt of such amendment by the Minister of Municipal Affairs, the report advised that such amendment is now law.

I was directed to convey this information to Council.

Respectfully submitted,

R. H. Stoddard,  
CITY CLERK.

Alderman Lane referred to the action of the Directors of Point Pleasant Park in terminating the lease covering occupancy of the house at Point Pleasant Park by Mr. William Purcell, and stated that she had received a number of calls

Council,  
November 28, 1963.

from irate citizens in this connection, but was unable to answer the queries because she is not a member of the Commission. She asked for information as to the status of the lease.

His Worship the Mayor stated that the matter could not properly be discussed in Council, but that the Directors of the Park would be happy to have this matter re-opened at their next meeting to consider any objections that may have been made; and that he would bring the matter to their attention.

Question - Alderman Wyman Re: Parking -  
Shipyard-Dockyard Area

Alderman Wyman referred to the tragic death of a child on Devonshire Avenue as the result of a traffic accident earlier this date, and he asked when action is to be taken to eliminate on-street parking on narrow streets in the area of Kaye, Albert, Russell, Young and Barrington Streets and Devonshire Avenue to facilitate the moving of traffic with the least possible hazard. He also referred to discussion held with officials of the Halifax Shipyards Limited approximately four years ago at which time the City was advised that the Shipyards would make parking space available within its own confines for employees.

He also referred to the daily practice of motorists parking too close to STOP signs, and he contended that ticketing of such vehicles is not a strong enough deterrent considering the hazard involved.

His Worship the Mayor stated that during his former term as Mayor he had conferred with the Manager of the Halifax Shipyards Limited who had indicated that parking space would be supplied for his employees and a second gate provided to relieve congestion.

The City Manager was directed to organize a study of the situation by the appropriate Staff members and report to the Safety Committee with his recommendations.

Question - Alderman Meagher Re: Pedlars

Alderman Meagher referred to his question at a previous meeting respecting the method of control of pedlars, hucksters, etc., and asked when a report might be expected.

The Chief of Police stated that a report will be submitted at the next meeting of the Safety Committee.

Council,  
November 28, 1963.

Question - Alderman Richard Re: Incinerator

Alderman Richard asked that the Commissioner of Works be directed to submit a report at the earliest possible date with his recommendation as to the installation of an ash-separator at the incinerator.

The Commissioner of Works stated that a report will be submitted at the next meeting of the Committee on Works.

Question - Alderman Trainor Re: Market Motors Building

Alderman Trainor referred to the staff report submitted for the information of Council in reply to his earlier question respecting leasing arrangements of the Market Motors Building in the Jacob Street Redevelopment Area.

He stated that he was not completely satisfied with the answer, and asked that the City Manager be directed to further investigate the matter and submit a more detailed report.

Question - Alderman Healy Re: "Walk" lights at Windsor-Cunard and Quinpool-Preston Intersections

Alderman Healy referred to the staff report circulated for the information of the Council members respecting the provision of "walk" lights at certain intersections, and he asked that consideration also be given to the installation of such lights at the Windsor-Cunard and Quinpool-Preston intersections.

The Traffic Authority was directed to include the two intersections in his study.

Question - Alderman O'Brien Re: Committee Appointed to Study the DeWolf Submission

Alderman O'Brien asked when the Committee, appointed to consider the submission made by ex-Alderman DeWolf, is to be activated.

His Worship the Mayor: "I will look into the matter."

Question - Alderman Lane Re: City Market Building

Alderman Lane asked that the staff be directed to take action to provide parking for the patrons of the City Market.

CHANGE OF NAME - HALIFAX CIVIC WORKERS LOCAL UNION NO. 108, NATIONAL UNION OF PUBLIC EMPLOYEES TO HALIFAX CIVIC WORKERS LOCAL UNION NO. 108, CANADIAN UNION OF PUBLIC EMPLOYEES

---

To: His Worship the Mayor and  
Members of City Council

From: P. F. C. Byars, City Manager

Date: November 22, 1963

Subject: Halifax Civic Workers' Local Union No. 108

The City Clerk has received from the Labour Relations Board (Nova Scotia) a letter advising that an application has been made by Halifax Civic Workers' Local Union No.108 for a change of name from "Halifax Civic Workers' Local Union No.108, National Union of Public Employees" to "Halifax Civic Workers' Local Union No. 108, Canadian Union of Public Employees". This change of name results from the merger of the National Union of Public Employees with the National Union of Public Service Employees into a new union to be known as the Canadian Union of Public Employees.

It is recommended that the City of Halifax do not contest this application and that the Labour Relations Board be advised that the City concurs in the request for a change of name.

Respectfully submitted,

P. F. C. BYARS,  
CITY MANAGER.

MOVED by Alderman O'Brien, seconded by Alderman Wyman, that the report be approved. Motion passed.

CALL FOR DEVELOPMENT PROPOSALS - BLOCK "P" - EXHIBITION GROUNDS

Alderman Trainor, Chairman of the Forum Commission, reported verbally that the Commission had met and reviewed its future needs and determined that since Block "P" could not be utilized to the full advantage of the Commission, it would relinquish any interest in the said land.

The following recommendation was submitted from the Finance and Executive Committee at a meeting held on November 7, 1963:

A report was submitted from the City Manager advising that pursuant to a request from the Bryant Realty and Leasehold Company that Block "P" in the Exhibition Grounds be made available on a leasehold basis, the matter had been referred to the Industrial Development Commission, who recommended that the offer from the Company be accepted subject to a Call for Development Proposals.

Council,  
November 28, 1963.

The City Manager submitted a draft Call for Development Proposals and recommended that advertisements be inserted in the local press and the "Financial Post" establishing the period for a Call for Proposals at three months.

The essential features of the Call are:

1. The land shall be leased for a period of 99 years with land rentals to be reviewed at 25-year intervals;
2. The land rental for the initial 25-year period shall be at the rate of  $6\frac{1}{2}\%$  per annum on a fixed land value of \$132,000.00. The land value established is the amount offered by Bryant Realty & Leasehold Company and is slightly in excess of the value previously established by independent appraisal;
3. Developers will be required to compete on the quality of planning and design, the estimated employment created, potential tax returns and the prospective success of the proposed development. No proposals will be considered which does not meet two of the following conditions:
  - (i) Minimum floor area of structures excluding parking - 60,000 square feet;
  - (ii) Minimum estimated cost of construction - \$500,000.00;
  - (iii) Minimum initial employment in completed structures - 50 persons.
4. The lease which would be entered into with the successful Developer would be substantially in accordance with the form of lease applicable to the Central Development Area.

Your Committee concurs in the recommendation of the City Manager.

MOVED by Alderman Abbott, seconded by Alderman Macdonald, that the recommendation be approved.

The City Manager stated that he had received a letter from the Mayflower Curling Club requesting that they be granted the first opportunity to use any portion of the land contained in Block "P".

His Worship the Mayor stated that the Club could apply for the land by submitting a proposal.

The motion was then passed.

TENDERS - DENTAL EQUIPMENT

To: His Worship the Mayor and  
Members of City Council

From: P. F. C. Byars, City Manager

Date: November 28, 1963

Subject: Tenders for Dental Equipment

At the City Council meeting of October 31st, 1963, the Public Health and Welfare Committee recommended to Council the acceptance of tenders for the supply of dental equipment for the Health Department. The recommendation was that the following equipment be purchased:

Council,  
November 28, 1963.

<u>Description</u>	<u>Recommended Tender</u>	<u>Amount</u>
2 Ritter Dental Unit Model J 4A, Biscayne Blue Color	Maritime Dental Supply Co. Ltd.	\$4,754.48
2 Dental Chairs, Ritter Pump Type, Biscayne Blue Color	Maritime Dental Supply Co. Ltd.	1,943.10
3 Murray Operating Stools	Maritime Dental Supply Co. Ltd.	568.65
3 DeVilbiss Air Compressors, Model Ph-9001	Associated Supplies	659.00

Mr. Havlovic, representative of Associated Dental Supplies, 173 Maynard Street, Halifax, was heard by the Council, and as a result of his submission respecting the Castellini Dental Equipment manufactured in Italy, which he had tendered to supply, the matter of the tenders was referred to the City Manager for a report, in view of the explanations given by Mr. Havlovic.

The City Manager has met with Mr. Havlovic, who reported that he is "Prepared to give the City a reasonable guarantee and post any bond that service on this equipment will be performed by his Company in ten or fifteen years' time. We expect to continue business in Halifax during my lifetime at least."

Mr. Havlovic has also submitted to the City Manager correspondence received from the manufacturers, Castellini Stabilimenti Dentali, Italy. These letters indicate:

1. "As you ask us about our relations with North America, we regret having to inform you that you are the first firm of the region which work with us. This is due to the fact that our equipments are very requested in all Europe, and until we have widened our workshop and augmented our rigging, we could not extend our sells out of Europe and neighbouring countries."

"As reference, we sell much of our equipment besides Italy, in France, in England, in Switzerland, in Norway, in Germania, in Sweden, in Austria, in Jugoslavia and so on, as regards the European countries, and we work much in South Africa and Middle West."

2. The letter further indicates that in the countries they are now servicing, they have technicians who have been trained at their factory. They are willing to extend this privilege to Associated Dental Supplies, "but before doing this, it is necessary you study the market to foresee the selling development, as we shall meet great expenses and before sustaining them must study the situation to be sure of the market."

Castellini Dental Equipment is in use in Odontological Institutes of ten listed Italian Universities. Letters have been received from the Deans of the Dental faculties of a number of these, which confirm their satisfaction with the equipment.

The only Castellini Equipment in use in Halifax is in the office of Doctor George E. Clark, who reports that the unit pleases him beyond expectations. He considers it to be of superior workmanship, with a high rating in comparison with other dental equipment he has seen or used.

Council,  
November 28, 1963.

It is the opinion of the City Manager that Associated Dental Supplies Limited, as agents for Castellini equipment, have assured themselves of the excellence of the equipment they are offering for sale. This is further substantiated by their offer of a reasonable guarantee of service. The difficulty is to decide whether they should be required to guarantee service in view of their own business record. If they are to guarantee service, then it is possible that the only precedent would be a cash bond, or a contract bond for one-half of the value of the equipment purchased. It is evident that the equipment should not need repair parts for a number of years<sup>1</sup>, hence the proposal that they will guarantee to have parts in ten or fifteen years.

The City Manager is of the opinion that the Castellini equipment might prove entirely satisfactory. Certainly Associated Dental Supplies Limited should be capable of servicing the equipment they offer for sale. They appear to have a good reputation as businessmen. As against this is the statement from the manufacturer that Associated Dental Supplies Limited is the only supplier in North America; the only piece of equipment in use is that in the office of Doctor Clark, who is satisfied with it, but has only had it a short time. The manufacturer is unwilling to go to great expense to train technicians, unless a market is assured. The market would appear to depend on the capability of Associated Dental Supplies to cover all of Canada, since they are the only contact in North America.

The Dental Equipment that was recommended for purchase was Ritter Equipment. Thirty five units are in use in the Dalhousie Faculty of Dentistry, it is used at the Halifax Infirmary, Victoria General Hospital, Children's Hospital, Saint John General Hospital, Saint John Board of Health, Department of Public Health, Charlottetown.

The recommendation of Doctor Hallett of Dental Division, Department of Public Health says. "while it is quite possible this (Castellini) unit could give good service, it is felt the best interests of the City would be served by obtaining equipment of a well known and locally accepted manufacture, rather than this equipment, in view of service and parts."

The City Manager considers Associated Dental Supplies a reputable firm which, in his opinion, without any guarantee should be capable of living up to any commitments they give. The City Manager also considers from the information made available to him that the Castellini Dental Equipment is good equipment, not in common use in Canada or the United States.

Associated Dental Supplies have indicated that if a guarantee of availability of parts and repairs is required, they are willing to give a bond for \$1,000 for fifteen years, on condition that the interest coupons be returned to the Company annually. Alternatively, if the City purchases the equipment and installs it, should the City be dissatisfied with the operation of the equipment after three years, Associated Dental Supplies is willing to refund the purchase price in full, less depreciation on the equipment for the three year period, on the basis of 20% per year depreciation on the reducing balance. This type of guarantee is only as good as the word of the person who makes it, and as good as the equipment on which it is made.

In the light of all the circumstances, the City Manager cannot see his way clear to make a recommendation in respect to the purchase of this equipment, nor would he recommend against purchasing it. The matter is open for such decision as Council may wish to take.

Respectfully submitted,

P. F. C. BYARS,  
CITY MANAGER.

MOVED by Alderman Meagher, seconded by Alderman Black, that the

Council,  
November 28, 1963.

following tenders be accepted:

<u>ITEM NO.</u>	<u>DESCRIPTION</u>	<u>QUANTITY</u>	<u>TENDERER</u>	<u>UNIT PRICE</u>	<u>TOTAL</u>
1.	Dental Units	2	Associated Supplies	\$2,199.00	\$3,999.00
2.	Dental Chairs	2	Associated Supplies	724.00	1,374.00
3.	Operating Stools	3	Maritime Dental Supply Co. Ltd.	189.55	568.65
4.	Air Compressors	3	Associated Supplies	224.00	659.00

acceptance of Items 1 and 2 to be subject to the posting of a Government Bond for \$1,000.00 by Associated Supplies (interest coupons to be returned to the Company annually) to guarantee the availability of parts and service for fifteen years.

MOVED by Alderman Macdonald, seconded by Alderman A. M. Butler, that decision on the matter be deferred until the next meeting of Council.

The motion to defer was put and lost as follows.

FOR THE MOTION: Aldermen Macdonald, A. M. Butler, Wyman - 3

AGAINST THE MOTION: Aldermen Black, Abbott, Meagher, Trainor, Healy, Richard, O'Brien and H. W. Butler - 10

The motion was then put and passed with Aldermen Macdonald, A. M. Butler and Wyman voting "against".

10:05 P. M.

Meeting adjourned.

Council,  
December 12, 1963.

the recommendation be approved and that His Worship the Mayor and City Clerk be authorized to execute the necessary agreement amending the contract with Local Union No. 143.

Alderman LeBlanc referred to reports he had received concerning the fact that the Assessors were not satisfied with the increase recommended; and he asked if there would be any merit in discussing the matter.

Alderman O'Brien contended that Council members should not get into the position of trying to determine the appropriate scales for the different classifications, but that the task should be left to the City Manager and Personnel Officer.

His Worship the Mayor stated that the recommendation of the Finance and Executive Committee had been made after having received an explanation from the City Manager as to how he had arrived at the proposed increased scales; and after having directed the City Manager to make a further study to determine whether or not any inequity will be suffered by other classifications.

The City Manager stated that his report to the Finance and Executive Committee had pointed out that the Assessors had expressed their displeasure to him, but that the President of Local Union No. 143 had informed him that the matter had been considered by the Local and he was prepared to sign an amending agreement to give effect to the proposed scales.

The City Manager also stated that the report he was directed to submit to the Finance and Executive Committee requires a study in depth and, consequently, could not be made available in the time that has elapsed since the last meeting of the Committee.

The motion was passed.

Winter Parking on North Common

To His Worship the Mayor and  
Members of City Council.

The Committee on Works, at a meeting held on December 5, 1963, considered a report from the City Manager recommending that overnight parking be allowed on the North Common until termination of the Winter Parking Regulation on April 15, 1964.

On motion of Alderman O'Brien, seconded by Alderman Butler, the Committee recommended to City Council that permission be granted for the parking of cars on the Commons for this year, notice be given that this is the last winter that it will be permitted, and, if the City Solicitor approves the charging of a fee, that the City charge for parking on the Commons the same as for other City lots.

Respectfully submitted,

K. C. Mantin,  
CLERK OF WORKS.

Council,  
December 12, 1963.

The following report was submitted from the City Solicitor:

To: His Worship the Mayor and Members of City Council.  
From: Leonard Mitchell, City Solicitor.  
Date: December 9, 1963.  
Subject: Winter Parking on the North Common.

At the December 5, 1963 meeting of the Committee on Works, the following report was submitted by the City Manager:

"It has been customary over the last few years to fence off a portion of the North Common to allow overnight parking as a concession to residents in the area around the Commons who have no easy alternative off-street parking during the winter overnight parking ban.

The areas involved are Lots No. 1, 2, 3 and 5 as shown on Drawing RR-7-13836, i.e. along North Park Street and at the corner of Robie Street and Cunard Street. In order to control these areas and prevent parking on the racetrack, it has been customary to erect snow fences and signs permitting parking only from 7 p.m. to 11 a.m.

This practice of allowing free winter overnight parking on the North Common will probably have to be eliminated in the future, but until firm plans for Commons development materialize, there is no strong objection to continuing the practice for this year.

It is recommended therefore that overnight parking be allowed on the North Common as outlined above until termination of the Winter Parking Regulation on April 15, 1964."

The Committee instructed the City Solicitor to enquire into whether or not a fee could be charged for winter overnight parking and to report to the next meeting of the Council.

Section 15 of Chapter 67 of the Statutes of 1950, amended the Halifax City Charter, 1931, by adding the following Section:

"658B. The City may establish a public parking station or area upon such portion or portions of the Common of Halifax as the Council may from time to time determine, and may develop such portion or portions of the said Common for such purpose."

Subsection (1) of Section 621B of the City Charter, 1931, provides for the establishment, maintenance and regulating of public parking stations in the City of Halifax upon such terms and conditions as the City Council may determine.

Therefore, it is my opinion, that the City has authority to charge a fee for parking of vehicles on any and all City-owned property.

All of which is respectfully submitted,

D. F. Murphy  
for Leonard Mitchell  
CITY SOLICITOR.

MOVED by Alderman Lane, seconded by Alderman Wyman, that the report be approved and that commencing on January 1, 1964, a fee of \$5.00 per month be charged for parking space on the North Common.

Council,  
December 12, 1963.

"against".
