**North West Planning Advisory Committee**  
**January 2, 2008**

**TO:** Chair and Members of North West Planning Advisory Committee

**SUBMITTED BY:**   
Sharon Bond, Acting Director of Community Development

**DATE:** November 29, 2007

**SUBJECT:** **Case 01081: Amend Bedford Land Use By-law- Bedford West Business Campus Zone**

---

### **ORIGIN**

Application by West Bedford Holdings Ltd. to amend the driveway access requirements for Area "B" of the Bedford West Business Campus as established under the Bedford West Business Campus (BWBC) Zone of the Bedford Land Use By-law (LUB).

### **RECOMMENDATION**

It is recommended that North West Planning Advisory Committee recommend that North West Community Council:

1. Give First Reading to the proposed amendments to the Bedford Land Use By-law to amend the driveway access requirements of the BWBC Zone and permit the re-alignment of the Community Collector as shown in Attachment "A", and schedule a public hearing; and
2. Approve the proposed amendments to the Bedford Land Use By-law to amend the driveway access requirements of the BWBC Zone and permit the re-alignment of the Community Collector as shown in Attachment "A".

## **BACKGROUND**

The lands in Bedford West underwent a master planning study which created the Bedford West Secondary Planning Strategy (BWSPS). The BWBC Zone was established under the BWSPS and was placed on that portion of Bedford West which was to be developed into a business campus (Map 1). The BWBC Zone prohibits Area "B" driveways from accessing Hammonds Plains Road and the Community Collector in response to concerns about their impact on traffic flow (Attachment B) .

Bedford West Holdings Ltd. are proposing to re-align the Community Collector Road within Area "B" of the Bedford West Business Campus (Map 1). The Community Collector would be straightened to connect to the Hammonds Plains Road, creating an additional entrance to the lands; the original alignment would have curved the Community Collector to connect to Symonds Road (Map 2). As the LUB prohibits driveways in Area "B" to connect to the Community Collector; the proposed re-alignment would render certain sites inaccessible without a driveway connection. Therefore, Bedford West Holdings Ltd. is requesting that lands within Area "B" be permitted to access onto the re-aligned Community Collector.

## **DISCUSSION**

The proposed changes to the street network should not negatively affect the business campus. HRM Development Engineering have endorsed the proposed re-alignment and indicated that the proposed driveways should have minimal impact on traffic flow on the Community Collector . Further, the proposed re-alignment would result in an additional entrance for the lands which benefit traffic flow within the business campus.

The proposed re-alignment is compatible with planning policy; Policy BW-17 allows Council to consider re-aligning the street system to preserve significant environmental features (Attachment B). The original alignment of the Community Collector would have required the infill of a wet area which would be avoided with the re-alignment (Map 2). In addition, Policy BW-17 b) allows commercial, institutional and large scale residential uses to have direct driveway access to the Community Collector; the uses permitted in Area "B" would be either commercial or institutional uses.

For the reasons stated above, staff recommend that the proposed re-alignment of the Community Collector be approved and the text of the LUB be amended to allow direct driveway access to the Community Collector in Area "B" .

### **Public Information Meeting**

The district councillor opted to waive the Public Information Meeting as the proposed amendments focussed only on the Bedford West Business Campus and were thought to have minimal impact on adjacent properties.

### BUDGET IMPLICATIONS

There are no budget implications.

### FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

### ALTERNATIVES

1. Council may choose to approve the proposed amendments to the Bedford Land Use By-law. This is Staff's recommended course of action for the reasons described in this report.
2. Council may choose to refuse the proposed amendment to the Land Use By-law, and in doing so, must provide reasons based on a conflict with MPS policies. This alternative is not recommended as staff are satisfied that the proposed amendment is consistent with the policies and intent of the MPS.

**Amendments to the Bedford Land Use By-law**

BE IT ENACTED by the North West Community Council of the Halifax Regional Municipality that the Bedford Land Use By-law as enacted by the Halifax Regional Municipality on the 26<sup>th</sup> day of March, 1996, and approved by the Minister of Municipal Affairs on the 17<sup>th</sup> day of May, 1996 as amended, is hereby further amended as follows:

1. Amend Part 19A (BWBC Zone) by deleting “Section 6. Driveway Access” and replacing it with the following:

**“Section 6. Driveway Access**

***No use located within the “B” Area shall be permitted to have driveway access to the Hammonds Plains Road as illustrated on Schedule I.”***

2. Replace Schedule “I”, with the revised Schedule “I”, as attached to this report, showing the revised location of the Community Collector Road.

I HEREBY CERTIFY that the amendment to the Land Use By-law for Bedford, as set out above, was passed by a majority vote of the North West Community Council of the Halifax Regional Municipality at a meeting held on the \_\_\_\_ day of \_\_\_\_\_, 2008

GIVEN under the hands of the Municipal Clerk and Under the Corporate Seal of the Halifax Regional Municipality this \_\_\_\_ day of \_\_\_\_\_, 2008

Municipal Clerk

Attachment B  
Relevant Zoning and MPS Policies

**BWBC Zone, Bedford Land Use By-law:**

**6. Driveway Access**

No use located within the “B” Area shall be permitted to have driveway access to the Hammonds Plains Road or to the Community Collector Road illustrated on Schedule I.

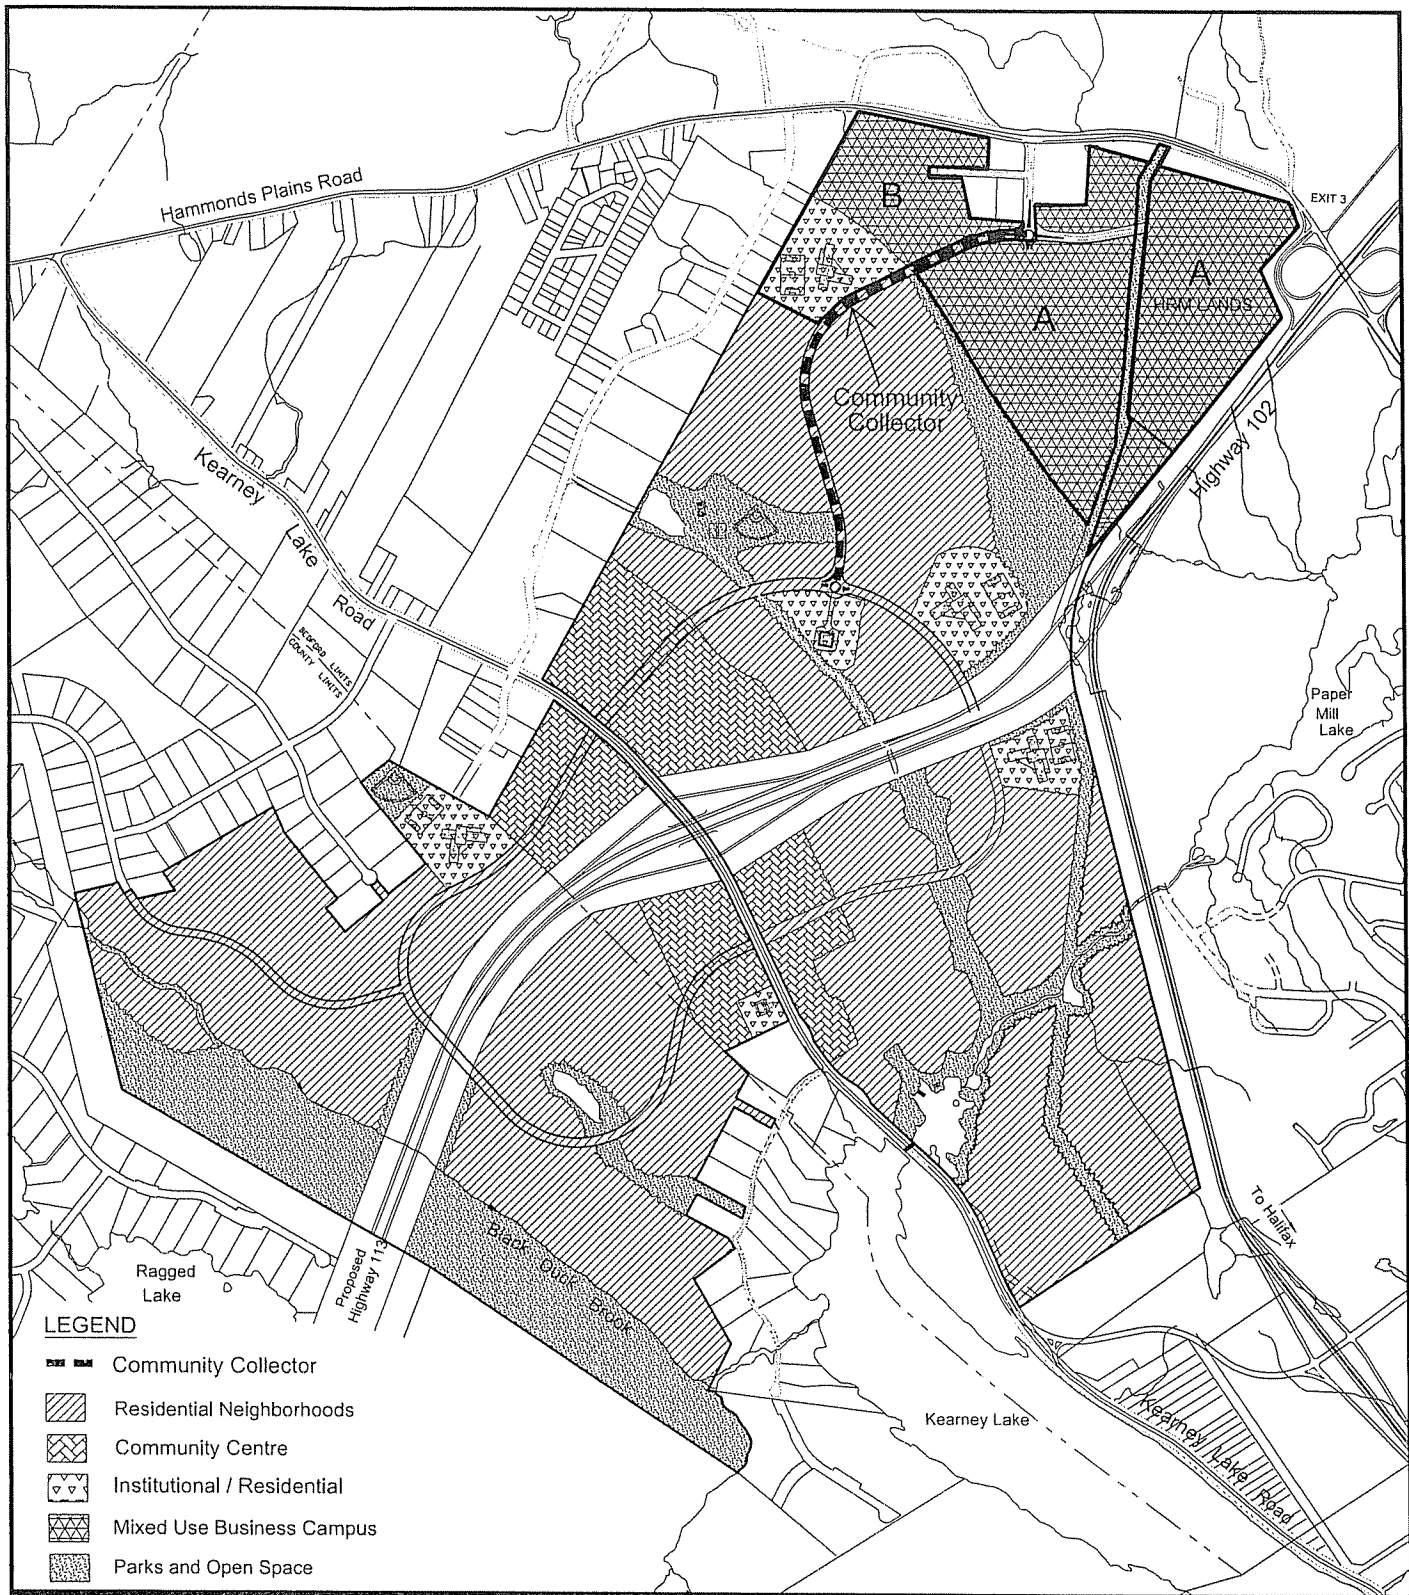

**BWSPS, Bedford Planning Strategy:**

**Transportation:**

***Policy BW-17:***

*A community street and trail system shall be developed in substantial conformity with the designations and alignments presented on Schedule BW-5 except that variations to the alignment may be considered to enhance safety, provide a better fit with the natural terrain, mitigate surface runoff or preserve significant environmental features. The following requirements shall be applied:*

- a) the connector road from Kearney Lake Road to the Larry Uteck Drive interchange shall be designed with a right-of-way width sufficient to allow for two lanes of through traffic with turning lanes at intersections. Direct driveway access shall be restricted to commercial developments in the vicinity of the interchange and all other access shall be restricted to street intersections. The need for sidewalks will be determined at the time a street plan is submitted in association with a development agreement for Sub-Area 9 as illustrated on Schedule BW-6;*
- b) the Community Collector Road shall be designed as an urban minor collector with sufficient right-of-way width for two lanes of traffic, turning lanes, where required, and sidewalks on both sides. Direct driveway access shall be restricted to commercial developments, apartment buildings, institutions and clustered housing developments comprised of at least eight housing units with one driveway access to the Community Collector Road. One or more rotaries may be permitted;*

North West Planning Advisory Committee  
January 2, 2008

TO: Chair and Members of North West Planning Advisory Committee

SUBMITTED BY:   
Sharon Bond, Acting Director of Community Development

DATE: November 29, 2007

SUBJECT: **Case 01081: Amend Bedford Land Use By-law- Bedford West Business  
Campus Zone**

---

### ORIGIN

Application by West Bedford Holdings Ltd. to amend the driveway access requirements for Area "B" of the Bedford West Business Campus as established under the Bedford West Business Campus (BWBC) Zone of the Bedford Land Use By-law (LUB).

### RECOMMENDATION

It is recommended that North West Planning Advisory Committee recommend that North West Community Council:

1. Give First Reading to the proposed amendments to the Bedford Land Use By-law to amend the driveway access requirements of the BWBC Zone and permit the re-alignment of the Community Collector as shown in Attachment "A", and schedule a public hearing; and
2. Approve the proposed amendments to the Bedford Land Use By-law to amend the driveway access requirements of the BWBC Zone and permit the re-alignment of the Community Collector as shown in Attachment "A".

## **BACKGROUND**

The lands in Bedford West underwent a master planning study which created the Bedford West Secondary Planning Strategy (BWSPS). The BWBC Zone was established under the BWSPS and was placed on that portion of Bedford West which was to be developed into a business campus (Map 1). The BWBC Zone prohibits Area "B" driveways from accessing Hammonds Plains Road and the Community Collector in response to concerns about their impact on traffic flow (Attachment B) .

Bedford West Holdings Ltd. are proposing to re-align the Community Collector Road within Area "B" of the Bedford West Business Campus (Map 1). The Community Collector would be straightened to connect to the Hammonds Plains Road, creating an additional entrance to the lands; the original alignment would have curved the Community Collector to connect to Symonds Road (Map 2). As the LUB prohibits driveways in Area "B" to connect to the Community Collector; the proposed re-alignment would render certain sites inaccessible without a driveway connection. Therefore, Bedford West Holdings Ltd. is requesting that lands within Area "B" be permitted to access onto the re-aligned Community Collector.

## **DISCUSSION**

The proposed changes to the street network should not negatively affect the business campus. HRM Development Engineering have endorsed the proposed re-alignment and indicated that the proposed driveways should have minimal impact on traffic flow on the Community Collector . Further, the proposed re-alignment would result in an additional entrance for the lands which benefit traffic flow within the business campus.

The proposed re-alignment is compatible with planning policy; Policy BW-17 allows Council to consider re-aligning the street system to preserve significant environmental features (Attachment B). The original alignment of the Community Collector would have required the infill of a wet area which would be avoided with the re-alignment (Map 2). In addition, Policy BW-17 b) allows commercial, institutional and large scale residential uses to have direct driveway access to the Community Collector; the uses permitted in Area "B" would be either commercial or institutional uses.

For the reasons stated above, staff recommend that the proposed re-alignment of the Community Collector be approved and the text of the LUB be amended to allow direct driveway access to the Community Collector in Area "B" .

### **Public Information Meeting**

The district councillor opted to waive the Public Information Meeting as the proposed amendments focussed only on the Bedford West Business Campus and were thought to have minimal impact on adjacent properties.

### BUDGET IMPLICATIONS

There are no budget implications.

### FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

### ALTERNATIVES

1. Council may choose to approve the proposed amendments to the Bedford Land Use By-law. This is Staff's recommended course of action for the reasons described in this report.
2. Council may choose to refuse the proposed amendment to the Land Use By-law, and in doing so, must provide reasons based on a conflict with MPS policies. This alternative is not recommended as staff are satisfied that the proposed amendment is consistent with the policies and intent of the MPS.
