## INFORMATION REPORT

### ORIGIN

Staff and HRM Charter requirement.

### BACKGROUND

Section 42 of the Halifax Regional Municipality (HRM) Charter requires that;

The Treasurer shall promptly advise Council of

- (a) all moneys due to the Municipality that the Treasurer considers cannot reasonably be collected after pursuing all reasonable avenues of collection; and
  - (b) the reasons for the belief that such moneys cannot be collected,
- and the Council may write off the amounts determined to be uncollectible.

**DISCUSSION**

For the purposes of this report, staff has attached the recommendation report to Council, for review and discussion by the Audit Committee.

**BUDGET IMPLICATIONS**

See budget implications section of attached recommendation report.

**FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN**

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Project and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Project and Operating reserves, as well as any relevant legislation.

**SUBJECT:** Write-off of Uncollectible Accounts

---

**ORIGIN**

Staff and HRM Charter requirement.

**RECOMMENDATION**

It is recommended that Halifax Regional Council approve that

1. The general revenue accounts in the amount of \$81,583.7 comprised of \$77,332.83 principal and \$4,250.87 interest as detailed in Schedule 2 be formally written out of the books of account.
2. The real property tax and lienable charges in the amount of \$4,149.12 comprised of \$3,576.41 principal and \$572.71 interest as detailed in Schedule 3 be formally written out of the books of account.
3. The business occupancy tax accounts in the amount of \$254,214.76 comprised of \$188,812.39 principal and \$65,402.37 interest as detailed in Schedule 4 be formally written out of the books of account.

## **BACKGROUND**

The HRM Charter requires that all accounts considered uncollectible and which are to be permanently removed from the accounts of the HRM be approved by Council.

Section 42 of the Halifax Regional Municipality (HRM) Charter requires that;

The Treasurer shall promptly advise Council of

- (a) all moneys due to the Municipality that the Treasurer considers cannot reasonably be collected after pursuing all reasonable avenues of collection; and
- (b) the reasons for the belief that such moneys cannot be collected, and the Council may write off the amounts determined to be uncollectible.

The last write-off report to Council was in June 2010.

## **DISCUSSION**

Each year the provision for losses on accounts is budgeted in the operating fund as mandated by the HRM Charter. The HRM Charter section 93(1) – (2b) requires that:

93 (1) The Council shall make estimates of the sums that are required by the Municipality for the fiscal year.

(2) The estimates shall include the probable revenue from all sources other than taxes for the fiscal year and make due allowance for

- (a) the abatement and losses that might occur in the collection of the taxes; and
- (b) taxes for the current fiscal year that might not be collected.

This provision is accumulated each year in the valuation allowance account in order to offset on the balance sheet the value of the receivables recorded in the books of account. In this way, and in accordance with legislation and with generally accepted accounting practices, there is recognition that not all accounts billed will be collectible.

Staff employ all means at their disposal within the parameters of the HRM Charter, MGA, and Administrative Order#18 (Revenue Collections Policy) to collect appropriate charges on a timely basis. General revenue accounts receive monthly statements as the terms on these accounts are usually net 30 days. Follow up phone calls are made, right of offset opportunities enforced and payment arrangements put in place where customers indicate the need and where staff deem appropriate. In the case of business occupancy taxes, monthly reminder letters are issued to overdue accounts and, as a final measure, warrants of distress are issued and assets are seized in satisfaction of the accounts in accordance with the HRM Charter. Revenue staff also retain the services of an external collection agency to collect on unlienable accounts. In the case of real property taxes reminder letters are sent twice a year, as well as the biannual tax bills showing

outstanding arrears and, as a final measure, notices of tax sale are sent to the property owner if no satisfactory payment arrangements can be made and due process is followed as per the provisions of the HRM Charter. Legal action is taken where appropriate to collect accounts in dispute.

Still, with all these measures, some accounts remain uncollectible either because of bankruptcy or because the owner has vacated the premises and cannot be located or there are insufficient assets to satisfy the outstanding amount. With the implementation of newly formed collections department, collection efforts have been enhanced and empowered.

The Business Occupancy tax accounts are the most difficult to collect as the tax is non-lienable and being phased out. However, August 2009 was last year that the 50% group was billed due to the phase out. Only the 75% group now remains (approx. 250 accounts), which consist of financial institution accounts, which are not a traditional collection risk. Our current recommended write offs are for companies that are defunct, bankrupt or the owners cannot be located. It is usual that processes to pursue accounts will take two to three years prior to being declared uncollectible by the trustee in bankruptcy or by our third party collection agency.

The amounts of lienable charges (\$4,149.12) being recommended for write-off are for amounts related to residential mobile home accounts.

General Revenue charges being recommended for removal are for miscellaneous charges related to bankruptcies, defunct companies or inaccessible persons and for numerous NSF charges that have been deemed uncollectible.

Schedules 5, 6 and 7 illustrate trends with respect to current and past write-off reports.

#### **Collection Performance Measurements Fiscal 2010-11**

- The average write-off amount since 1996 is \$2,005,226. The total amount proposed for write-off per this report is \$339,948, which represents a 83% decrease in write-offs when compared to the average write-offs since 1996
- The amounts proposed to be written-off per this report represent 0.04% of budgeted revenue for 2011-12.
- Property taxes and lienable +3 years in arrears decreased \$734,000, (30%)
- Business Occupancy taxes +1 year in arrears have not increased over 2010-11
- General Revenue accounts + 90 days in arrears decreased \$871,000 (30%)
- Automated right of offset process generated \$1.4M in collections

#### **Underfunded Project – Gorsebrook Outdoor Rink – \$60,000**

In September 2004, Clearwater advised HRM in writing that they would participate in the restoration of the Gorsebrook outdoor rink facility in the amount limited to a maximum of \$60,000. In the letter, Clearwater requested that HRM Staff/Project Manager provide a written cost estimate for the project. Staff did not provide a project cost estimate as requested by Clearwater. In April 2009, Staff/Accounting wanted to close the capital project. There was an

outstanding balance of \$60,000 that was committed as funding in the Capital Project but not received. Staff/Cash Management did an extensive review to investigate if a payment had been received from Clearwater for this project, but no evidence of payment was found. A decision was made by Staff that a billing request for \$60,000 be issued to General Revenue to invoice Clearwater for this pledge and Accounting to close the Capital Project.

Staff pursued collection on the invoice but was unsuccessful. In May, 2010, the file was escalated to the Manager of Revenue for direction. Legal Services provided a verbal legal opinion that there is no legal obligation for Clearwater to pay the invoice.

Staff's opinion is that there was no contractual obligation for Clearwater to pay this invoice as their letter was simply a pledge to contribute to the funding of the Gorsebrook Rink Project, and it would be for not more than \$60,000 (i.e. they may have only contributed \$5,000, \$10,000, or even less). Clearwater also never received a copy of the project's cost estimate from Staff/Project Manager as they requested in their 2004 letter, which likely may have triggered the cash disbursement for the project funding.

EMT and the Director of Finance were briefed on this account in December 2010, and gave direction to write-off the \$60,000 on the next write-off report.

### **BUDGET IMPLICATIONS**

Each year an allowance for bad debt, the valuation allowance, is calculated based on estimates of amounts outstanding that may be uncollectible in future years. Accounts proposed for write-off in this report have been 100% provided for in the annual valuation allowance expense.

<b>Account Type</b>	<b>Write-off Amount</b>	<b>Allowance Account</b>	<b>Bal July 26, 2011</b>
