DISCUSSION

Operating Statement:

At the end of September 30, 2012, HRM had a projected net operating surplus of \$9.1m (Attachment #1).

The Business Units have a projected surplus of \$2.5m along with a projected surplus of \$6.6m in Fiscal Services.

The key projected changes from the Business Units' budgets are as follows:

- CAO projected a surplus of \$54k primarily due to vacancy savings.
- Fire & Emergency Services projected a deficit of \$201k primarily due to overtime and costs pertaining to Fire Services' realignment. This is partially offset by vacancy savings and cost cutting measures to mitigate the deficit.
- Finance & Information, Communications & Technology projected a surplus of \$881k, primarily due to savings from vacant positions. These are offset by increased overtime due to migration to Microsoft Outlook; job classification review, and increased consulting fees related to the Spending Analysis and Strategic Procurement Plan and the Comprehensive Review of Halifax Metro Center Operations.
- Legal Services projected a deficit of \$200k primarily due to new staff positions, compensation related costs and consulting costs as a result of implementation of recent operation review.
- Transportation & Public Works projected a surplus of \$278k primarily due to lower fuel prices and net savings in overtime and operating expenses due to the recent realignment. These savings are offset in part by increased costs for vehicle repair and maintenance.
- Metro Transit is projecting a net deficit of \$851k. The deficit is the result of a significant decrease in fare revenue of \$1.9m essentially due to decreased ridership post-strike and miscellaneous costs (\$40k). The deficit is offset by reduced fuel costs as fuel prices are well below budgeted price (\$562k). Metro Transit has also budgeted \$3.6m to fund bus expansion. Revenues are expected to be \$400k and compensation, fuel and other costs are expected to be \$4m. In 2012/13, \$1m was budgeted to fund the 2011/12 deficit. The actual 2011/12 deficit was \$800k which provides \$200k to reduce current year's Transit Deficit. The actual tax revenues for 2012/13 are \$327k above the amount budgeted. The net effect of Metro Transit's 2012/13 deficit is \$851k which must be funded by 2013/14 tax and bus fare revenues.

- Planning & Infrastructure projected a surplus of \$699k due primarily to vacant positions (\$399k); recoveries of administrative costs related to Business Parks lot sales higher than budgeted (\$200k); savings primarily in External Services due to cessation of the Water Quality Monitoring Program (\$64k); and net savings from various areas throughout business unit (\$36k).
- Community & Recreation Services projected a surplus of \$1.5m primarily due to an increase in fee revenue associated with Plumbing Permits, Signs & Encroachment, Parking Tickets, Development Permits, Animal Licenses, Summary Offense Tickets and the projected surplus for BMO Centre.
- Regional Police projected a deficit of \$701k primarily a result of anticipated increases in overtime due to higher than expected rates of major crime. This is partially offset by salary savings and revenues from record checks.
- Outside Police Services (RCMP) projected a surplus of \$233k due to actual contract amount to be paid to the Provincial Department of Justice, being lower than budget.

In Fiscal Services, the net projected surplus is the result of the following changes:

- Decrease in Property Tax revenue of \$5k due to the trend on tax appeals for commercial properties being higher than anticipated.
- Decrease in Tax Agreements of \$179k primarily due to tax agreements with various entities are anticipated to be lower than budget.
- Increase in Deed Transfer Tax of \$3m as a result of strong real estate market ending in the second quarter.
- Decrease in Payments in Lieu of Taxes (PILT) of \$161k is due to the actual approved tax rate of \$3.084 per \$100 of assessed value being lower than original proposed rate of \$3.317.
- Own Source Revenue surplus of \$2.6m includes: increased interest revenue from overdue accounts and Local Improvement Charges (\$150k); increased return on short term investments (\$800k); higher Dividend In Lieu of Tax from Halifax Water due to increase in rate base (\$271k); increased Parking Meter revenue (\$50k); higher than estimated volume of 911 calls being processed with 2.6% inflation adjustment for call answering fee revenues (\$151k); and unbudgeted revenue related to Sackville Sports Stadium being recorded in Fiscal Services (\$1.3m). This was partially offset by net decrease in other revenues (\$90k).

- Unconditional Transfers are lower than budget due to HRM's proportion of the Nova Scotia Power HST Offset being \$17k lower than anticipated.
- Debt Charges primarily related to the interest payment for 2012 Spring Issue Debenture being \$252k lower than budget.
- Increased reserve contributions of \$1.4m related to transfer of 2011/12 Operating General Rate Surplus to Multi-District Facility Expansion Reserve (\$1m) and allocation of funding from the 2011/12 Surplus for the Solid Waste Resource Management Strategy Review (\$400k).
- 2011/12 Operating General Rate Surplus is \$2.681m above budget. Budget estimated a surplus of \$4.9m and actual surplus was \$7.581m.
- Metro Transit's contribution to cover its 2011/12 deficit resulting a surplus of \$800k in Fiscal Services.
- Capital from Operating surplus of \$1m related to transfer from Operating Cost of Capital (OCC) Reserve Account Q320 to Fiscal Services as the OCC funds were no longer required.
- Other deficit of \$2m includes: increased employee future benefit liability due to rising number of employees on LTD in addition to insufficient budget for 2012/13 (\$1.4m); and unbudgeted expenses related to Sackville Sports Stadium being recorded in Fiscal Services (\$1.9m). These are partially offset by compensation savings (\$889k); and the funding set aside for additional Electricity & Diesel are not required due to stable market fuel prices (\$461k).

Other Revenue	(862,300)
