Bikeway Partnership Pilot with Dalhousie

What a separated bikeway looks like

[Source: *Urban Bikeway Design Guide* (NACTO, 2012)]

Key Issues

- Stakeholder consultation has been undertaken
- Full public engagement will occur within six months of implementation
- Accessible parking spaces are, in most instances, relocated to adjacent side streets

Key Issues

- Project is consistent with the Active Transportation Priorities Plan
- Implementation requires approval of the Traffic Authority only
- Accepting a partnership with Dalhousie to implement the project requires approval of Council
