- Revenue – 52.29 per cent.
- Compensation overall (including overtime) – 54.62 per cent.
Overtime – 45.00 per cent.
- All other expenses – 50.72 per cent.
- Net budget over all – 54.50 per cent.

Explanation of Stats

Following is a breakdown of the method behind the stats for this Dashboard report:

Firearms Discharged: Covers all shots fired such as target shooting in the back of property, suicide or attempt suicide, at a house, at a person, murder, etc. This also covers discharged firearms incidents that are closed because the officer is unable to locate evidence of the actual occurrence but a call is made by a citizen.

Attempted Homicides: These figures include all attempts regardless of the weapon or manner of the attempt.

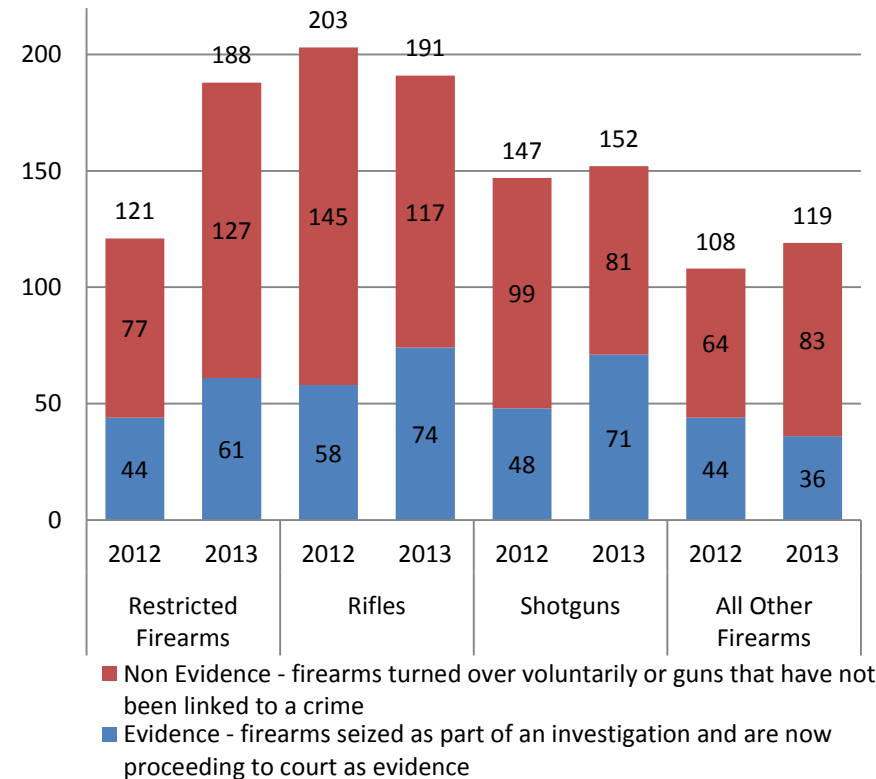

Homicides: Includes first/second degree, manslaughter, criminal negligence causing death.

Total Firearms in Property: This covers all firearms, regardless of the method of seizure, that come into police custody; i.e., voluntarily turned over, pixels for pistols, found, etc. This also includes stolen and lost firearms that may not have been recovered or in police custody.

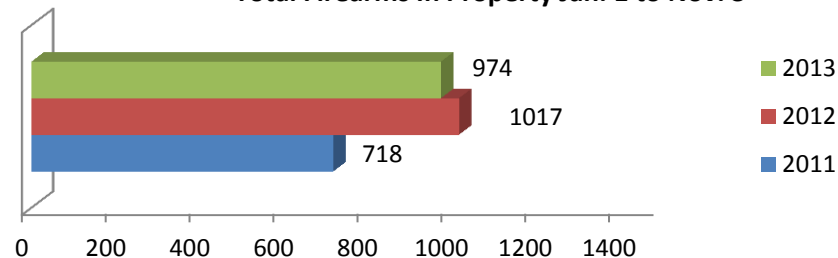

Seized Firearms: This covers firearms that are seized by police during a file/search warrant, found, turned over to police, etc.

Statistical Snapshot – HRM Wide

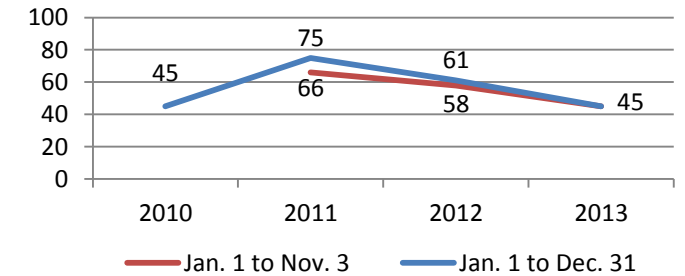

Seized Firearms Jan. 1 to Nov. 3

Firearms Discharged

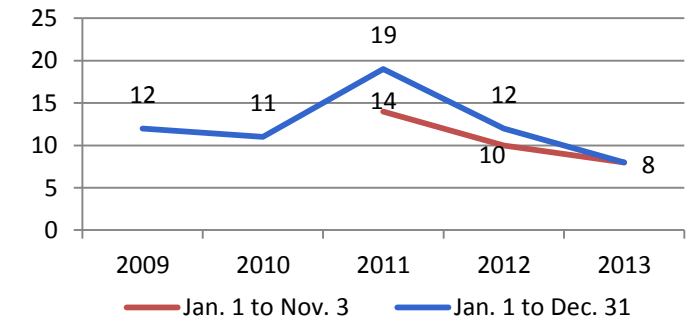

*2010 stats do not include discharges from pellet guns

Attempted Homicides

Homicides

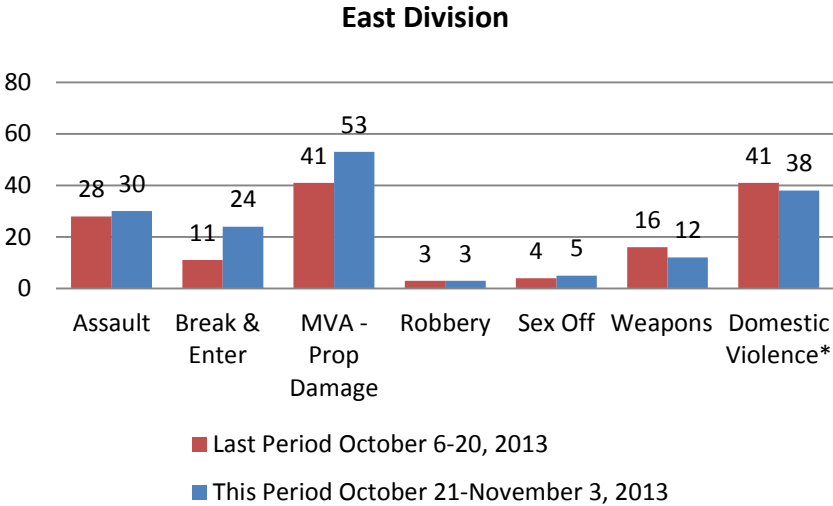

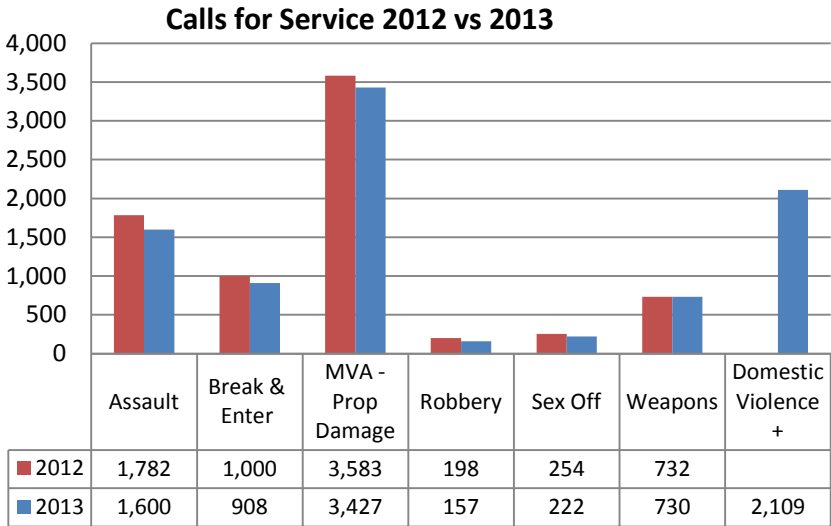

*2013 – includes two motor vehicle related deaths and one nursing home death

Calls for Service

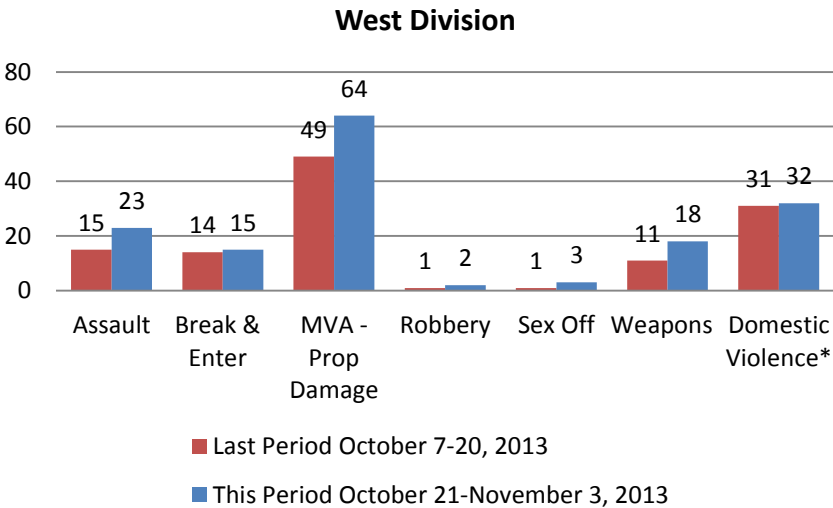

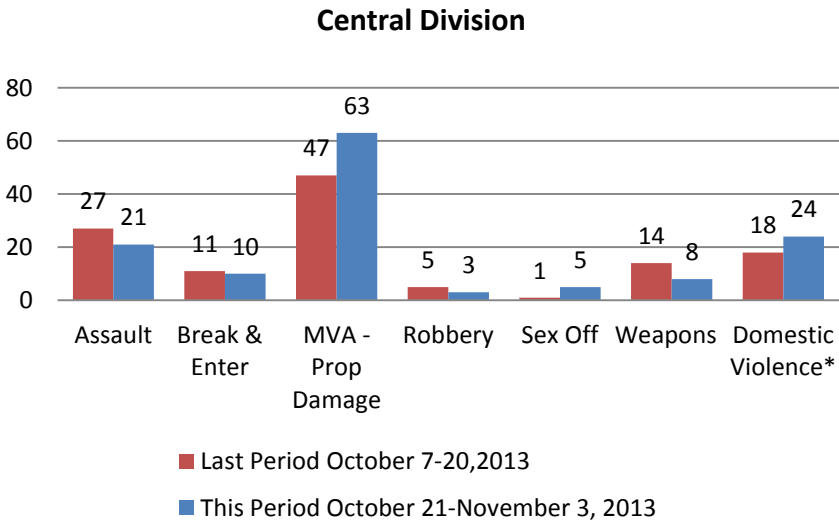

Comstat Overview

Comstat incidents comprise break and enters, mischief, property damage, thefts from vehicles, thefts of vehicles, robbery, weapon-related offences, assault causing bodily harm, assault with a weapon, aggravated assault and drug-related offences.

Central Division

Over the past two weeks, Central Division had 97 Comstat-related incidents. This is an increase from the previous period attributable to an increase in mischief-related incidents and thefts from vehicles. Two areas have been identified where vehicles are being targeted including the Downtown area and Point Pleasant Park. Uniacke Square remains an area of pro-active focus in relation to ongoing issues.

East Division

Over the past two weeks, East Division had 113 Comstat-related incidents. Significant increase in break and enters was observed, with isolated, one-night spikes of shed breaks in both the East and North ends. In addition to the breaks, several incidents of mischief related to BB gun shootings at cars and windows are the main pro-active focus in North End Dartmouth.

West Division

Over the past two weeks, West Division had 96 Comstat-related incidents. Theft from vehicle incidents saw a significant decrease over the last period. This is the result of two arrests. Property damage incidents showed a decrease as well. The focus for this period will be the Fairview area where assaults and robberies saw a slight increase.

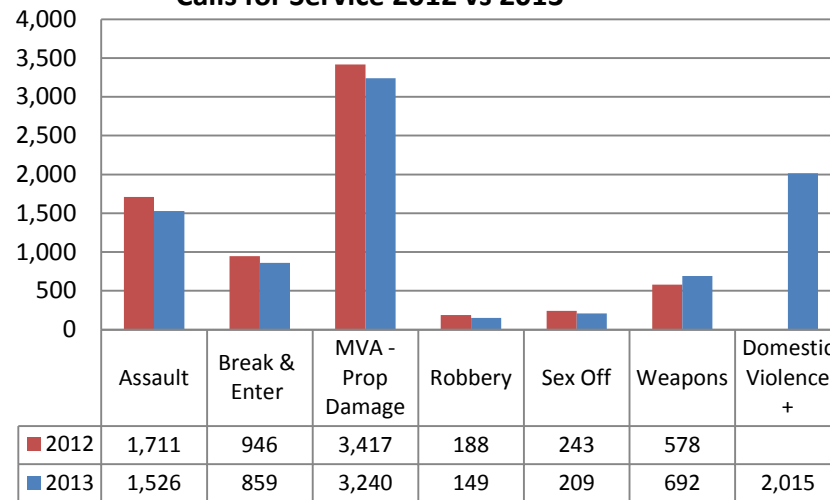

+ 2012 domestic violence year-to-date stats are not available.

*Domestic violence calls for service are not captured under one category; they may be coded under a number of different call types ranging from bail violations to sexual offences. Therefore in the calls for service charts, certain domestic violence incidents may be included in both the domestic violence category and another applicable category.

East Division

West Division

Comstat Overview

Comstat incidents comprise break and enters, mischief, property damage, thefts from vehicles, thefts of vehicles, robbery, weapon-related offences, assault causing bodily harm, assault with a weapon, aggravated assault and drug-related offences.

Central Division

Over the past two weeks, Central Division had 72 Comstat-related incidents. Although break and enters have increased by 2 over the last reporting period, the previous trend appears to have subsided. As a result of the recent violence in the Uniacke Square area, this remains as the primary focus for pro-active hotspot targeting for Central.

East Division

Over the past two weeks, East Division had 81 Comstat-related incidents. East Division continues to see a reduction in overall incident rates, with the exception of thefts of vehicles which have increased over the last period. The majority of these incidents have occurred in the Burnside area. This area has been noted for increased patrols. The other pro-active focus is in downtown Dartmouth to target ongoing issues.

West Division

Over the past two weeks, West Division had 111 Comstat-related incidents. This increase over the last period is attributable to an increase in theft from vehicles, mostly in the Bedford area. Both Patrol and QRU continue to monitor the area. Overall, West Comstat-related incidents have remained consistent with no other notable increases.
