**8. ADDED ITEMS**

**8.1 Route 84**

The Committee would like to discuss the possibility of a missing route 84 bus with a Metro Transit representative. It seems as if the third overflow bus running around 7:15AM has been taken off the route all together. The Committee wishes to know if this is from lack of equipment or if it is lack of drivers.

**8.2 Crosswalk – Walker Connector/Old Sackville Road**

The Committee would like to discuss the crosswalk at the corner of Walker Connection and Old Sackville Rd (close to the bus terminal) and the lack of signage indicating the crosswalk. The Committee would like to have a motion brought to council to have an over head pedestrian light put in place.

**MOVED by Mr. Ian MacLaine, seconded by Mr. Michael Cormier that motion be brought to council regarding the safety concerns and lack of signage with the recommendation to have an over head pedestrians light (RA5) added to the crosswalk. MOTION PUT AND PASSED**

**8.3 Traffic Concerns - Intersection of Old Sackville Road/Walker Connector**

The Committee is asking to obtain a report from Transport and Public Works to see if there has been any solutions with regards to the traffic at the Old Sackville Rd. and Walker Connector intersection. The Committee would like to have a plat map/plot plan of the area and intersection.

**8.4 Attendance**

The Committee would like to discuss at the next meeting, if there will be no representative from Metro Transit if there should be a small report given to the committee or if the meeting should be postponed until a representative it available.
