- Stage I - Values questions\*
  - Ridership/Coverage
  - Peak Service/Base Service
  - Connections/Direct Service
  - Mixed Traffic/Transit Only Corridors
- Stage II - Detailed service planning
  - Goals/Objectives
  - Service Maintenance
  - Service Standards
  - Infrastructure Plan

# Ridership vs Coverage

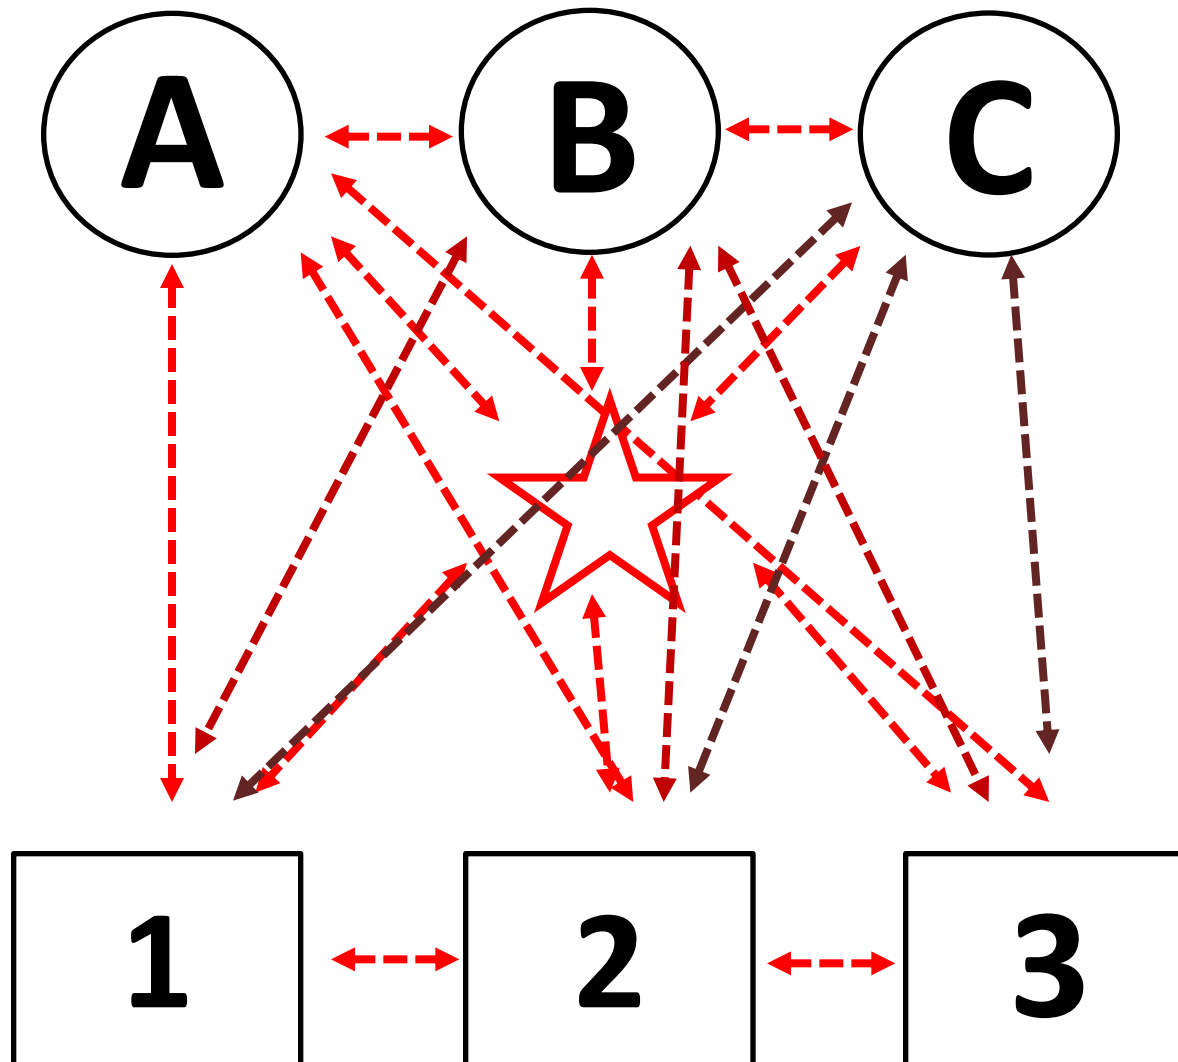

Should the priority be providing transit services with the highest ridership, or providing a basic service in as many places as possible?

# Peak Service vs Base Service

# Connections vs Direct Service

# Mixed Traffic vs Transit Only Corridors

- Stage I - Values questions\*
  - Ridership/Coverage
  - Peak Service/Base Service
  - Connections/Direct Service
  - Mixed Traffic/Transit Only Corridors
- Stage II - Detailed service planning
  - Goals/Objectives
  - Service Maintenance
  - Service Standards
