

**SUBJECT: Appointments to Basinview Drive Community School Facility
Management Committee**

Request by Deputy Mayor Len Goucher that North West Community Council approve the appointment of two resident community members to the BDCS Facility Management Committee.

Don Lowther is willing to be re-appointed (having served one term of two years), and Elaine Loney is willing to be appointed as a resident member (having already completed a term as the BDCS parent rep).

As background, a joint use agreement exists between the HRM and the HRSB concerning the BDCS and it contains the terms of reference of the Facility Management Committee. Northwest Community Council appoints two resident representatives (two year terms; renewable to a maximum of two terms).
