Subject: Re: Request from North West Community Council

Hi Sheila

The By-Law Rationalization Working Group has been harmonizing a number of by-laws from the former municipal units. One of the new bylaws that has evolved is a Nuisance By-Law which will include a section for "shopping cart regulations".

I spoke with Christen MacDonald yesterday and the Nuisance By-Law will be scheduled on the Council status sheet for the fall of 2005.

Please advise if you require further assistance.

Allan
