Dear Mr. Newson:

Thank you for your letter of November 28, 2006, regarding the status of Terrence Bay/Sandy Cove Road paving.

The Terrence Bay Road has been submitted by the Central District as a priority for capital paving. While it is our expectation that the road will be repaved in fiscal year 2007/2008, you can appreciate we are still in the midst of our budget process and cannot provide a definitive response at this time.

Sandy Cove Road recently received extensive patching under the RIM Program and is not scheduled for repaving in 2007. Any repair that may be required on Sandy Cove or other local roads in the area will be carried out by local maintenance staff on an ongoing basis.

Sincerely,

Angus MacIsaac
Minister
