Dear Ms. Newson:

**Re: Brookside Entrance at Rte #333**

Thank you for your letter of July 25, 2006.

With respect to signals at the above noted intersection, our 2004 analysis indicated a count of 26 priority points. A count of 100 points is required before signals are warranted.

Based on the analysis, our Department has no plans to install signals at this time. We will however continue to monitor the intersection for warrants.

Yours truly,
