Halifax Regional Council
February 3, 2004

TO: Mayor Kelly and Members of Halifax Regional Council

SUBMITTED BY:

S. Dale MacLennan, CA, Director, Financial Services

DATE: January 27, 2004

SUBJECT: Third Quarter 2003/2004 Financial Report

INFORMATION REPORT

ORIGIN

Staff has committed to provide Council with quarterly financial reports including:

- a report detailing district capital expenditures in accordance with the Capital Fund Policy approved by Council on May 16, 2000;
- regular updates on the balance in the Capital Reserve Pool (CRESPOOL) as requested by Regional Council on October 23, 2001 and;
- a report detailing recreation area rate expenditures in accordance with the Recreation Area Report Policy approved by Council on May 14, 2002.

DISCUSSION

Operating Statement:

Current projections, including estimated net Hurricane Juan costs in the range of \$2.5 to \$5 million for 2003-2004, result in a projected surplus (deficit) in the range of \$1,570,600 to (\$929,400). Details by business unit are included in Attachments 1 and 2 to this report.

As outlined in Attachment 9, costs of Hurricane Juan are projected to be \$14,995,000 for 2003-2004 and \$9,840,000 for 2004-2005. This attachment also shows estimated recoveries from insurance claims, the Disaster Financial Assistance (DFA) program and donations for a net impact to the HRM budget of \$2,732,000 in 2003-2004 and \$3,465,000 in 2004-2005. This HRM budget impact includes costs known to be ineligible for either insurance or the DFA program. The costs and recoveries estimates will be refined as the scope of the work is further defined but the net budget impact in 2003-2004 is estimated to be in the range of \$2.5 to \$5 million and \$2.5 to \$4.1 million for 2004-2005. As these numbers are further refined, other sources of funding such as the variable operating stabilization reserve continue to be reviewed such that the fiscal year will not end in a deficit position.

Other potentially significant items that have not been included in the current projections include:

- The projection for the Snow & Ice Program has not been adjusted from the budgeted amount pending the results of the review of the program and impact of snow events in the winter season.
- The projection includes an estimated increase in the subsidy for Sackville Sports Stadium for the current year, as well as costs associated with the current governance restructuring required to transition the facility back to financial stability over a three-year period. The final SSS deficit will be confirmed in a report to Council in the final quarter.
- In September 2003, the Canadian Institute of Chartered Accountants (CICA) made revisions to their standards that will have a significant impact on financial statement presentation for Nova Scotia municipalities. Staff are working with Service Nova Scotia and the CICA to quantify what the impact will be in the current and future years. This will be reported to Council prior to year-end.

Capital Fund Statements:

A summary Capital Statement as at December 31, 2003 is included as Attachment #4 to this report. The statement shows, by business unit, the expenditures against the total budget as at December 31st and the budget not yet spent or committed. The total budget is made up of the balance forward from prior years, the 2003/04 approved capital budget, plus approved budget adjustments in the current year-to-date.

The total budget brought forward as shown on the Capital Statement is \$387 million, however, this is the gross budget carried forward from prior years. Net of expenditures and commitments as at March 31, 2003, the carry forward unspent/uncommitted budget was \$130 million which substantially consists of the Harbour Solutions Project and Computer Assisted Dispatch Project. This brought forward budget amount is reduced throughout the year as projects are completed and closed and transferred to fixed assets or through other approved budget transfers.

Relative to the 03/04 capital budget, net approved adjustment year-to-date is an addition of \$17 million. This is primarily made up of an additional \$4 million for the Otter Lake Cell #1 project which is to be funded from the Otter Lake Landfill Closure Reserve, \$972,000 in Infrastructure grants for the North Preston Recreation Facility, and \$10.3 million in Infrastructure grants for the Beaverbank Sewer projects.

The report of expenditures from Councillors' District Capital Funds is included as Attachment #5.

Recreation Area Rate Accounts:

In conjunction with the approval of the Recreation Area Rate Policy on May 14, 2002, staff committed to provide a financial report for each recreation area rate fund, on a quarterly basis, to the applicable area rate association or society and Regional Council. The reports for the third quarter to December 31 are included as attachment #6.

Reserves Statement:

The net available reserve balances at March 31, 2003 were \$50,934,207. This represents total reserve balances of \$137,374,917 net of appropriations of \$86,440,710.

The reserves budget for 2003/04 anticipated the net available reserves balances to be \$74,341,400 at March 31, 2004. Based on the current projection the net balances are now projected to be \$74,820,000 at March 31, 2004. The projected increase relates primarily to greater than anticipated interest earned on the reserve balances, as well as larger than anticipated contributions to the Business Parks Reserve, which are partially offset by additional withdrawals approved after the annual budget process and a lesser than anticipated contribution to the Special Events reserve relative to the Hotel Tax.

The current projection for the Wastewater/Stormwater portion of the Pollution Control reserves includes projected contributions and withdrawals as budgeted, however, it is known that a review of the operating costs and the rate of the applicable levy is being carried out and the projections will be updated once the outcome of that review is known and approved. The projection for the Environmental Protection portion of the Pollution Control reserves has been updated for the approved rate increase effective October 1, 2003.

Further reserve variance explanations are included in Attachment #7 to this report.

Capital Reserve Pool Balance:

The balance in the Capital Reserve Pool (CRESPOOL) as of December 31, 2003 is \$503,970. The last report to Council on CRESPOOL was in conjunction with the 2003/04 second quarter report and the reported balance at September 30, 2003 was \$49,354. Activity since September 30 has included \$477,583 transferred into the Pool and \$22,967 transferred out. The major component of the transfers in to the Pool related to the completion of various Sewer projects.

Since December 31, there has been one further withdrawal from CRESPOOL, \$115,330, which was approved by Council on January 20, 2004, leaving a balance in the account of \$388,640. This has been identified as a potential funding source for Juan costs.

Complete details of the amounts transferred in and out are included in Attachment #8 to this report.

BUDGET IMPLICATIONS

Any surplus (deficit) in this operating year, is required to be included in the budget of the next fiscal year.

FINANCIAL MANAGEMENT POLICIES/BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves as well as any relevant legislation.

ATTACHMENTS

1. Halifax Regional Municipality Operating Results for the period from April 1, 2003 to December 31, 2003 with comparative data for the prior fiscal year and projections to March 31, 2004 - Net Expenditures, Gross Revenue and Gross Expenditures
2. Explanation of Projected Surplus (Deficit)
3. Halifax Regional Municipality Operating Fund Balance Sheet as at December 31, 2003
4. Halifax Regional Municipality Capital Statement as at December 31, 2003
5. Report of Expenditures in the Councillors' District Capital Funds to December 31, 2003
6. Report of Expenditures in the Recreation Area Rate Accounts to December 31, 2003
7. Halifax Regional Municipality Reserve Funds Projection to March 31, 2004
8. Capital Reserve Pool (CRESPOOL) - Details of Amounts Transferred In and Out.
9. Hurricane Juan Financial Impact Update

Additional copies of this report, and information on its status, can be obtained by contacting the Office of the Municipal Clerk at 490-4210, or Fax 490-4208.

* Although this report is covering the period of April 1 to December 31, 2003 for purposes of third quarter reporting, Hurricane Juan did not occur until September 29, 2003. The associated costs have been accumulating from that time forward. The expected recoveries are as outlined in Attachment # 9.

Attachment #2

Explanation of Projected Surplus (Deficit)

Halifax Regional Municipality

Explanation of Projected Surplus (Deficit) For the Year ended March 31, 2004 as of December 31, 2003

	Surplus (Deficit)
BUSINESS UNIT NET SURPLUS	
Significant factors contributing to the Business Unit net operating surplus are:	
<ul style="list-style-type: none"> • Environmental Management Services - Revenues and expenditures both exceed budget due to additional recycling product in the Solid Waste Division. \$ 47,300 • Financial Services - Expenditure surplus relates to deferring space renovations to 04/05 and repayment to the Service Improvement Reserve deferred as hand-held parking ticket issuers were not purchased as early in the year as anticipated. 121,000 • Human Resources Services - expenditure surplus relates primarily to a position vacancy throughout the year plus some temporary staffing vacancies and training and travel costs that did not occur with the delay in implementation of Phase 1 of the SAP/HR Project. 148,100 • Legal Services - expenditure deficit is due to the increasing number of major pieces of litigation which must be defended and exceed the capacity of the internal resources. (140,100) • Planning and Development - the projected net surplus relates primarily to increases in plumbing and building permit revenues. 248,400 • Public Works and Transportation - Streets and Roads is projecting a deficit primarily related to costs associated with the March 31 flood, however, PWT hopes to recover the majority of this through the Disaster Relief Claims process. Estimated recoveries have not yet been projected. There have been significant gross revenue and expenditure adjustments relative to the Technical and Underground Services activities which have been curtailed significantly until Q106 reserve funding issues are resolved which fund these activities. No net impact on the operating budget projection. (129,100) • Real Property and Asset Management - projected expenditure deficit results primarily from the deficit situation at the Sackville Sports Stadium and increased operating expenses for surplus properties, extra grass cutting, and vehicle maintenance. This is partially offset by increased Business parks lot sales, increased parking lot and facility lease revenue, and miscellaneous savings in other areas. (189,500) • Recreation, Tourism, & Culture - there is a gross revenue deficit offsetting an expenditure surplus due to the Marketing Levy being less than anticipated and an offsetting reduction in the amount transferred to the Special Events reserve. The net deficit in the business unit relates primarily to lost arena revenue due to the Hurricane and these costs will be transferred to the Juan accounts. (26,800) • Regional Police - increase in: extra duty revenue as there is more extra work than anticipated, Ports Policing revenue as more actual time being spent on Port's work than anticipated, and revenue resulting from recoveries received for UN work. Corresponding increase in related expenditures results in small net surplus overall. 2,100 	

	Surplus (Deficit)
<ul style="list-style-type: none"> • Emergency 911 Communications - salary and benefit expenditures have increased as a result of taking on additional fire stations for dispatch, and negotiated MAPP increases. However, this cost is offset by recoveries from the Province for calls taken on their behalf resulting in a net surplus overall. 	1,600
<ul style="list-style-type: none"> • Shared Services - the net surplus primarily results from expenditure savings in IT due to the late roll-out of the CAD/RMS project as well as hiring delays/activity scale back for the Director's Office and Client Services to offset Hurricane Juan costs. 	257,400
<ul style="list-style-type: none"> • Library - the projected revenue surplus of \$150K relates to a bequest to be used for children's services. It is completely offset by the corresponding increase in expenditures of \$150K for books, subscriptions, and periodicals resulting in no surplus/(deficit) overall. 	0
<ul style="list-style-type: none"> • Other Business Unit Net Surplus where business unit projection for gross revenue and gross expenditures are within \$100,000 of budget. 	129,200
TOTAL BUSINESS UNIT NET SURPLUS	\$ 469,600

	Surplus (Deficit)
FISCAL SERVICES REVENUE SURPLUS	
Significant factors contributing to the Fiscal Services revenue surplus are:	
<ul style="list-style-type: none"> • Property Taxes - Adjustment based on now known actual billings. There is a portion relative to Fire Protection which is \$310,000 and this is offset by an increase in expenditures in the same amount where any excess revenue over expenditure on fire protection is used to repay a loan from the reserve. \$ 469,000 • Tax Agreements - The revenue deficit is the result of the net impact from a decrease in the payment from MTT which is based on a percentage of gross subscribers exchange service revenue from their prior year, and an increase in payment from NSLC which is based on a percentage of total cost of land/building and total inventory of plant and equipment plus average inventory stock. (232,200) • Deed Transfer Taxes - Adjustment based on a comparison of actual data for the prior year and the actual YTD data for both years. 2,850,000 • Local Improvement Charges - Revenue from LIC is based on projects completed and billed within the year; revenue now projected to be under budget primarily due to delays in projects. (595,400) • Payments-in-lieu of taxes - A number of outstanding appeals have been settled and revenue projections adjusted in line with the appeal results. 883,600 • Own Source Revenue - this is primarily greater than anticipated Investment Income due to delays in use of funds for Harbour Solutions Project (~\$850,000); Greater than anticipated spring debenture issue (~\$350,000); Higher than anticipated interest rates (~\$200,000) and miscellaneous increase in cash flow including impact of increase in reserve account balances and new reserves (~\$550,000). A significant portion of the surplus created by the increased investment income is offset by the additional expense for interest paid on reserves, since much of the increase is related to reserves balances. 1,966,500 • Total of other categories of fiscal revenues where the projection is within \$100,000 of budget (14,700) 	
TOTAL FISCAL SERVICES REVENUE SURPLUS	\$ 5,326,800

	Surplus (Deficit)
FISCAL SERVICES EXPENDITURE DEFICIT	
Significant factors contributing to the Fiscal Services expenditure deficit are:	
<ul style="list-style-type: none"> • Mandatory Education costs - provincial budget increase in mandatory formula to include insurance, special education and French language costs not known at the time of final approval of HRM budget. • Debt Charges - this is related to the allocation of the budget within fiscal services rather than to an expenditure difference within the capital budget schedule. • Interest paid on reserves - delay in spending on Harbour Solutions Project and balances within new reserves, coupled with higher than anticipated interest rates. • Transfers to Outside Agencies - Provincial Assessment System costs have been adjusted to the now known actual costs for fiscal 2003/04. • Fire Protection (Hydrants) - This expenditure deficit is completely offset by the surplus in property tax revenue related to fire protection. Any excess revenue over expenditure on fire protection is used to repay a loan from the reserve. • Other - The expenditure surplus in "other" represents a less than budgeted increase in the pension rate, various salary increases budgeted in fiscal less than budget plus less than anticipated revenues on the MetroPark parkade facility, due to fewer hourly parkers and shorter stays than budgeted, is resulting in a less than budgeted transfer to the capital fund. The shortfall in revenue is not a concern in the current year, however, is being monitored to ensure that the required minimum % of construction costs is transferred annually to capital. • Provision for Valuation Allowance - A number of outstanding appeals related to Federal Payments in lieu have been settled and the allowance has been adjusted in line with the appeal results. • Total of other categories of fiscal expenditures where the projection is within \$100,000 of budget. 	\$ (1,020,300) (744,000) (1,793,800) 330,400 (310,000) 1,169,800 551,000 91,100
TOTAL FISCAL SERVICES EXPENDITURE DEFICIT	\$ (1,725,800)

Hurricane Juan Estimated Gross Costs	\$ 14,995,000

**Halifax Regional Municipality Reserve Fund Projection
to March 31, 2004**

**HALIFAX REGIONAL MUNICIPALITY
RESERVE FUNDS BUDGET PROJECTIONS
To March 31, 2004 (As of December 31, 2003)**

Attachment #7

	<u>Actual March 31/03</u>	<u>Budget March31/04</u>	<u>3rd Quarter Projection March 31/04</u>	<u>Projected Variance</u>
Equipment Reserves	\$ 1,538,407	\$ 1,270,800	\$ 1,316,000	\$ 45,200
Operating Reserves	\$ 9,752,680	\$ 9,824,600	\$ 9,189,000	\$ (635,600)
Capital Reserves	\$ 27,906,775	\$ 44,376,800	\$ 43,227,000	\$ (1,149,800)
Pollution Control Reserves	<u>\$ 11,736,345</u>	<u>\$ 18,869,200</u>	<u>\$21,088,000</u>	<u>\$ 2,218,800</u>
TOTAL RESERVES	<u>\$ 50,934,207</u>	<u>\$ 74,341,400</u>	<u>\$ 74,820,000</u>	<u>\$ 478,600</u>

Explanation of Projected Variances:

The projected decrease in the Operating Reserves relates mainly to lower than budgeted contributions to the Special Events Reserve. Contributions to this reserve include 1/3 of the Provincial Hotel Sales Tax and actual revenue in 2003-2004 is less than budgeted.

The projected decrease in the Capital Reserves relates largely to the net of the following:

Additional withdrawals approved after the annual budget process, primarily \$4 million for the closure of Cell #1 and related works at the Otter Lake Waste Resource Management Facility.

An increase in contributions to the Business Industrial Parks Reserve in the amount of \$2.2 million, as a result of higher than anticipated sales of property.

The projected increase in the Pollution Control Reserves relates to additional interest earned, due to the delay in spending on the Harbour Solutions Project, combined with an increase in revenue, due to the rate increase of five cents per cubic metre of water effective October 1, 2003.

Overall, the reserve projection includes additional interest earned due to greater than anticipated interest rates.

HRM Total	14,994,955	9,840,000	24,834,955	2,017,346	10,245,599	2,732,010	1,000,000	5,375,000	3,465,000	

** The HRM budget impact figure includes costs that are known to not qualify for either Insurance or the DFA Program. In addition a conservative estimate has been made to reflect those future projects where the scope of work is not known as of yet and we are unable to determine if the anticipated costs will qualify for the DFA Program.

While costs and recoveries continue to be refined, the net budget impact for 2003-2004 is estimated in the range of \$2.5 to \$5 million and in the range of \$2.5 to \$4.1 million for 2004-2005.
