Date of Council Meeting: Tuesday, November 23, 2004

Subject: Norsonic Sound Device

Request:

I am requesting that 'Norsonic Sound Device' be added to the Agenda of the next regular meeting of Halifax Regional Council, scheduled for Tuesday, November 23, 2004.

Reason:

I will be requesting staff of the Regional Police Service to look at the possibility of using the Norsonic Sound Device as a means of measuring noise within the Halifax Regional Municipality. As we continue to build on the Peninsula and in the urban core, noise, especially from boom boxes, car stereos, etc., have become a distinctly urban issue.

I am also requesting the By-law Rationalization Working Group look at the appropriate amendments that would be needed to make such a change to By-Law N-200, Respecting Noise, along with an increase in fines.

I would like this response as:

- Email to Mayor and/or Councillor/Municipal Clerk's Office
 Memo to Mayor and/or Councillor/Municipal Clerk's Office
 Information Report to Community Council Regional Council
 Recommendation Report to Community Council Regional Council
