Date of Council Meeting: March 22, 2005

Subject: Failure of Non-Corrode Sewer Piping

Request:

I would like to have the item "**Failure of Non-corrode Sewer Piping**" included on the Council Agenda of March 22, 2005.

Reason:

I would like to have a report to Council on the increasing number of failures of these pipes that were installed about 50 years ago. The report should include the areas where these types of sewer pipes are installed, the numbers that have been failing, the reasons for the failures and the financial impacts on the streets and sidewalks both to HRM and the homeowners, and failures of non-corrode vs other types. I am looking for staff to investigate any type of assistance that may be available to residents if the number of failures so warrants.

I would like this response as:

- Email to Mayor and/or Councillor/Municipal Clerk's Office
 Memo to Mayor and/or Councillor/Municipal Clerk's Office
 Information Report to Community Council Regional Council
 Recommendation Report to Community Council Regional Council
