(Submitted to Municipal Clerk's Office
by Noon Monday)

Date of Council Meeting: January 15, 2008

Subject: Tender No. 07-380 - One (1) 28 Foot Fire/Rescue Boat

Request:

I would like to add "**Tender No. 07-380 - One (1) 28 Foot Fire/Rescue Boat**" to the Council Agenda on January 15, 2008 and request that the Mayor send a letter to the Nova Scotia Boat Building Industry on behalf of Council and staff to confirm our continued confidence and pride in the local boat building industry.

Further, that staff provide an information report to Council on the chronology of the procurement process and the product specifications.

Reason:

Last week's discussion in Council on the Fire Rescue Boat tender and the subsequent media reports have left the Nova Scotia Boat Building industry and others, with the impression that some staff and Members of Council do not have faith in the industry's ability to design and build quality products, or do not support the industry.

We all know with absolute certainty that this is not the case and it is indeed unfortunate that our discussion and comments were misinterpreted or misreported.

I would like this response as:
