Date of Council Meeting: January 13, 2009

**Subject: Resident Accessibility to Electronic Waste and Hazardous Waste
Recycling Programs**

Request:

I would like to add "**Resident Accessibility to Electronic Waste and Hazardous Waste Recycling Programs**" to the Regional Council Agenda on January 13, 2009. I would like to request that a program similar to Sudbury's Toxic Taxi Program be evaluated for consideration in HRM for hazardous waste and electronic waste recycling. This program offers free pick up of these materials to residents at their homes.

Reason:

Several residents have raised the issue of lack of accessibility to these programs. This particularly affects senior, students and other members of our communities who may not have access to cars. HRM needs to be promoting full compliance with the recycling programs we are initiating and supporting by ensuring that all residents are able to fully participate.

I would like this response as:

- Email to Mayor and/or Councillor/Municipal Clerk's Office
- Memo to Mayor and/or Councillor/Municipal Clerk's Office
- Information Report to Community Council Regional Council
- Recommendation Report to Community Council / Regional Council
