Halifax Regional Council
January 13, 2009
January 20, 2009

TO: Mayor Kelly and Members of Halifax Regional Council

A handwritten signature in dark ink, appearing to read "Dan English", written over a horizontal line.

SUBMITTED BY: _____
Dan English, Chief Administrative Officer

DATE: December 15, 2008

SUBJECT: Animal Licensing Strategy for 2009

ORIGIN

Staff are requesting Regional Council approve a special rate for dog licenses that would result in increased compliance with the licensing component of the A-300 by-law, Respecting Animals and Responsible Pet Ownership.

RECOMMENDATION

It is recommended that Regional Council approve the amendment to Administrative Order #11 (attached as Attachment #1).

BACKGROUND

The Registration and Regulation of dogs in the Halifax Regional Municipality is governed by By-law A-300. The Financial Services Business Unit is responsible for the administration of the Licensing component of By-Law A-300 and the Halifax Regional Police Business Unit is responsible for the enforcement of By-Law A-300.

Residents of HRM have not significantly complied with the animal licensing provision over the years. Although it is difficult to accurately report the number of licenses issued before Hansen, it is believed we received approximately 6700 licenses in 2005/06 & 2006/07 years. This represented \$90,000-100,000.00 annually.

On July 31, 2007 Regional Council approved the licensing strategy for 2008. The strategy included:

- 1) a campaign that would highlight the need for licensing, the cost for the service and the fines for not licensing your animals.*
- 2) a time limited, one time only fee of \$10.00 applied to all dogs, regardless of where they fall within the fee schedule.*
- 3) making registration and payment easier so residents can walk-in to Customer Service Centres, apply for new licenses or renew their license by using Visa or MasterCard and placing a call to 490-4000 as well as through our partner Veterinarians or the SPCA.*
- 4) Internal communication to participating business units to be aware of initiative and their roles, concentrated efforts by HRM Police (including Parks Patrol and Animal Services) to stop and educate dog owners observed during patrols.*

5) Timeline

- January 1, to May 31, 2008, every dog licensed at a low fee of \$10.00. Education with minimal enforcement.*
- May 31 to June 30, 2008 , every dog charged regular fee for licensing. Education with minimal enforcement.*
- June 30 to July 31, 2008 , owner of unlicensed dog fined \$222.00, with the option to have the ticket cancelled (**fees apply) if animal licensed during August.*
- August 1, 2008 forward, Pro charge enforcement of unlicensed dog violations.*

Presently, only renewals can be taken over the phone at 490-4000 because of the requirement for dog owners to provide verification of spaying/neutering or inoculation. A By-Law amendment is required to have this requirement removed.

DISCUSSION

A review of the 2008 strategy provides the following information:

Total licenses issued in 2007 - approximately 6700

Total licenses issued 2008 year to date - 13,700

Revenues in 2007/08 first 9 months: \$87,549.00

Revenues 2008/09 year to date: \$140,500.00

This has represented a significant increase in compliance with the licensing requirements and has contributed to more animals being re-homed rather than placed in the shelter.

Due to the success of the 2008 Licensing Strategy, staff are recommending that HRM again offer dog owners a special rate of \$10.00 for the period of February 1 to April 30, 2009.

BUDGET IMPLICATIONS

During the peak enforcement and registration period there may be an increase to overtime and advertising costs, but this will be recovered through additional revenue and existing budgets.

FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

ALTERNATIVES

1. Status quo- Offer no special license program, and have all owners pay the required fee presently in place for 2008/09.
