Added Item

(Submitted to Municipal Clerk's Office
by Noon Monday)

Date of Council Meeting: **February 10, 2009**

Subject: **Winter Control - Access to Non Priority Streets**

Request:

Please include this item on the agenda of the February 10, 2009 Council Meeting.

Reason:

The storm patterns of this current winter season have sometimes lengthened the time before plowing on some non-priority streets and there have been instances of genuine concern for the ability of emergency vehicles to access streets to assist residents with life threatening health issues.

I will be asking for a staff report on the implications of having the plows make one pass through all other streets once they have the P1 streets under control, thereby giving all residents at least a one lane cut through to those P1 streets and also giving access to ambulances and emergency vehicles. I will also be asking for a report on the number of instances so far this winter when emergency response teams have called in to have Works give them access to certain areas, and the turnaround time on those calls.

I would like this response as:

- Email to Mayor, Council and Municipal Clerk's Office
- Memo to Mayor, Council and Municipal Clerk's Office
- Information Report to Community Council Regional Council
- ' Recommendation Report to Community Council Regional Council
